Jeremy Clarkson gets really riled in Round the Bend What's it like to drive a car that's actively trying to kill you? This and many other burning questions trouble Jeremy Clarkson as he sets out to explore the world from the safety of four wheels. Avoiding the legions of power-crazed traffic wombles attempting to block highway and byway, he:

- Shows how the world of performance cars may be likened to Battersea Dogs' Home
- Reveals why St Moritz may be the most bonkers

town in all of the world • Reminds us that Switzerland is so afraid of snow that any flakes falling on the road are immediately arrested • Argues that washing a car is a waste of time Funny, globe-trotting, irreverent and sometimes downright rude, Round the Bend is packed with curious and fascinating but otherwise hopelessly useless stories and facts about everything under the sun (and just occasionally cars). It's Jeremy Clarkson at his brilliant best. Round the Bend is a collection of

Jeremy's motoring journalism from his column in the Sunday Times. Praise for Jeremy Clarkson: 'Brilliant . . . laugh-out-loud' Daily Telegraph 'Outrageously funny . . . will have you in stitches' Time Out Number-one bestseller Jeremy Clarkson writes on cars, current affairs and anything else that annoys him in his sharp and funny collections. Born To Be Riled, Clarkson On Cars, Don't Stop Me Now, Driven To Distraction, Motorworld, and I Know You Got Soul are also

available as Penguin paperbacks; the Penguin App iClarkson: The Book of Cars can be downloaded on the App Store. Jeremy Clarkson because his writing career on the Rotherham Advertiser. Since then he has written for the Sun and the Sunday Times. Today he is the tallest person working in British television, and is the presenter of the hugely popular Top Gear. Extreme Motorcycle Racing Zondervan Kaden “Hawk” Cross is used to being in control of

every aspect of his life: from his short stint in the military to his VP position in the Haven MC. But when he meets a woman who threatens his control, he is reminded why he never makes rash decisions—they tend to come back and bite you. Charlie Rhoades is a woman who has always gone after what she wants. And taking a job across the country that would give her the opportunity to look for the grandfather she never met made sense. What didn’t make sense? Is

finding a man who heats her blood but seems totally aloof toward her. But being a bounty hunter, she isn’t easily deterred by his actions; she is more apt to be assertive. Good for her, not so much for the biker who would rather be the pursuer. On the outside, Haven MC is the typical motorcycle club filled with bikers—on the inside, they are men with the knowledge and abilities to keep not only their club safe but their country. Missions come and go, but what keeps the men of

Haven committed, is the unwavering Brotherhood and the acceptance from the women who cross their paths.

Whether it's a big-bore, high-end custom sportbike you're after, or a naked, bare knuckles streetfighting drag racer, this book has the goods for getting you there. In three different scenarios, the nation's top builders give blow-by-blow instructions for completely rebuilding three popular streetbikes -- from performance modifications and exhaust systems to flawless finishes and detail work. Focusing on highly

customized Hayabusa drag bikes, including a slammed and lowered Suzuki GSX1300R Hayabusa, John Dantzler of the Charlotte, North Carolina, shop Two Wheel Customs outlines the suspension and engine modifications that the serious street and quarter-mile racer can make. He takes a salvaged, late-model four-cylinder street machine and transforms it into the kind of machine that both professional stunt riders and corner-carving enthusiasts favor. Next,

author Mike Seate covers the details on constructing and installing popular modifications -- everything from engine crash guards and wheelie bars to motocross-style handlebars and bikini fairings -- while stunt riders and streetfighter builders from the United States and Europe weigh in with tips and advice. Last but not least, the builders at Wisconsin's Patrick's Performance and South Carolina's Coastal Motorcycles provide a step-by-step account of the construction of two

high-end custom sportbikes -- transforming a Yamaha YZF R-1 and a Suzuki GSX-R 1000 into the kind of machines that are eye-popping everywhere-on the streets or on the motorcycle show circuit.

Publication Consultants Gary Thomas, one of this generation's most trusted writers about the spiritual life, explores what it means to build a life of true pleasure - one that will liberate your spiritual life, marriage, family,

community, and outreach. Many Christians assume "pleasure" and "sin" are synonymous. Others define godly pleasure so narrowly that they drastically minimize the powerful and holy role that pleasure can play in their lives. Still others feel guilty even thinking about how to build a life of pleasure. For all of them, Pure Pleasure provides an entirely new paradigm. It invites Christians to embrace a life of true pleasure as a pathway to obedience, worship, and service. Building on his

bestselling books Sacred Pathways, Sacred Marriage, and the ECPA Gold Medallion-winning Authentic Faith, Gary Thomas takes readers to a new level of faith by providing a theological and inspirational framework to help them cultivate the kind of life that pleases God. Abounding with spiritual insights and practical exercises, this book invites you to shake off the shackles of misunderstanding about sin, provides the freedom to approach life in Christ

with new wonder and joy, and challenges you to experience life as God meant it to be: overflowing with pleasure. Also available: Pure Pleasure small group video study and study guide, Spanish edition, and more. *Spires* Motorbooks This magazine is a specialist motoring magazine, we have always catered to the enthusiast in you and brought an unadulterated view of the world of motoring.
