Prophets have a reputation of changing, for the better, the relationship between people and God. Christianity has a long history of prophets who have directed the faithful towards more justice and righteousness. What can Christians learn from prophets for daily life, for contemporary theology, and for pastoral care? This book looks at prophetic action from a biblical, pastoral, and ethical perspective. The contributions - from both pastoral theologians and pastors from around the globe - make this study a unique exercise in maintaining the prophetic perspective in theological reflection and pastoral practice. (Series: International Practical Theology - Vol. 13)  
McGraw-Hill Humanities, Social Sciences & World Languages  
Recognizing the current demands of the workplace, this applications-oriented introduction offers an easy-to-understand explanation of the principles of power electronics, with complete coverage on the switching, control and conversion of electrical power using semiconductor devices. Reflecting the increasing demand for efficient conversion and control of electrical power, it considers the latest power devices, circuits, and control schemes that continue to extend power electronics technology to new applications areas. Presents material methodically - first establishing the background theory before going on to specific applications. Familiarizes readers with the analysis and operation of various power conversions circuits that have applications at high power levels, and formulates equations that govern the behavior of these circuits. Discusses the application of power electronic devices in uncontrolled and controlled single phase rectifiers, inverters, ac voltage controllers, cycloconverters, and dc choppers, and demonstrates voltage and current waveform analysis for the output, starting with a simple resistive load to more practical inductive loads. Includes many worked examples, basic formulas, and an abundance of illustrations and diagrams.

LINUX OPERATIONS AND ADMINISTRATION introduces readers to Linux operations and system administration through a unified installation, using virtual machines. This text is more effective than those that take a professional approach because it eliminates confusion from working with differing hardware configurations, while allowing users to test interoperability between Linux and Windows. Detailed, yet reader-friendly, Linux Operations and Administration makes it easy to learn Linux and practice it with helpful in-text features like learning objectives and key terms, as well as items for self assessment such as review questions, hands-on activities, and case projects. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The must-read summary of Ray Dalio's book: "Principles". Ray Dalio, one of the world's most successful investors and entrepreneurs, shares the unconventional principles that he's developed, refined, and used over the past 40 years to create unique results in both life and business - and which any person or organization can adopt to help achieve their goals. Added- value of this summary: • Save time • Understand the key lessons in personal change • Expand on your motivation To learn more, read "Principles". In Principles, Dalio shares what he's learned over the course of his remarkable career. He argues that life, management, economics, and investing can all be systemized into rules and understood like machines. The book's hundreds of practical lessons, which are built around his cornerstones of "radical truth" and "radical transparency", include Dalio laying out the most effective ways for individuals and organizations to make decisions, approach challenges, and build strong teams. He also describes the innovative tools the firm uses to bring an idea meritocracy to life, such as creating "baseball cards" for all employees that distill their strengths and weaknesses and employing computerized decision-making systems to make believability-weighted decisions. While the book brims with novel ideas for organizations and institutions, Principles also offers a clear, straightforward approach to decision making that Dalio believes anyone can apply, no matter what they're seeking to achieve. Here, from a man who has been called both "the Steve Jobs of investing" and "the philosopher king of the financial universe" (CIO magazine), is a rare opportunity to gain proven advice unlike anything you'll find in the conventional business press.

A rare glimpse into the woman behind the mystique and the definitive guide to living genuinely with glamour and grace. "Living is like tearing through a museum. Not until later do you really start absorbing what you saw, thinking about it, looking it up in a book and remembering—because you can't take it all in at once."—Audrey Hepburn On many occasions, Audrey Hepburn was approached to pen her autobiography, the definitive book of Audrey, yet she never agreed. A beloved icon who found success as an actress, a mother, and a humanitarian, Audrey Hepburn perfected the art of gracious living. More philosophy than biography, How to Be Lovely revisits the many interviews Audrey gave over the years, allowing us to hear her voice directly on universal topics of concern to women the world over: careers, love lives, motherhood and relationships. Enhanced by rarely seen photographs, behind-the-scenes stories, and insights from the friends who knew her well, How to Be Lovely uncovers the real Audrey, in her own words.

**Beyond Feelings** Simon and Schuster

Named the best personal finance book on the market by Consumers Union, Jane Bryant Quinn's bestseller Making the Most of Your Money has been completely revised and updated to provide a guide to financial recovery, independence, and success in the new economy. Getting your financial life on track and keeping it there -- nothing is more important to your family and you. This proven, comprehensive guidebook steers you around the risks and helps you make smart and profitable decisions at every stage of your life. Are you single, married, or divorced? A parent with a paycheck or a parent at home? Getting your first job or well along in your career? Helping your kids in college or your parents in their older age? Planning for retirement? Already retired and worried about how to make your money last? You'll find ideas to help you build your financial security here. Jane Bryant Quinn answers more questions more completely than any other personal-finance author on the market today. You'll reach for this book again and again as your life changes and new financial decisions arise. Here are just a few of the important subjects she examines: • Setting priorities during and after a financial setback, and bouncing back • Getting the most out of a bank

while avoiding fees • Credit card and debit card secrets that will save you money • Family matters -- talking money before marriage and mediating claims during divorce • Cutting the cost of student debt, and finding schools that will offer big "merit" scholarships to your child • The simplest ways of pulling yourself out of debt • Why it's so important to jump on the automatic-savings bandwagon • Buying a house, selling one, or trying to rent your home when buyers aren't around • Why credit scores are more important than ever, plus tips on keeping yours in the range most attractive to lenders • Investing made easy -- mutual funds that are tailor-made for your future retirement • What every investor needs to know about building wealth • How an "investment policy" helps you make wise decisions in any market • The essential tax-deferred retirement plans, from 401(k)s to Individual Retirement Accounts -- and how to manage them • How to invest in real estate at a bargain price (and how to spot something that looks like a bargain but isn't) • Eleven ways of keeping a steady income while you're retired, even after a stock market crash • Financial planning -- what it means, how you do it, and where to find good planners Page by page, Quinn leads you through the pros and cons of every decision, to help you make the choice that will suit you best. This is the single personal-finance book that no family should be without.

Argues that the Earth's deteriorating condition is man-made and outlines a way for the process to be reversed by rehabilitating the deserts using natural farming.

**Sources and Documents** Pearson College Division

In 1952, at the age of 23, Helen Frankenthaler created her legendary painting Mountains and Sea. She poured thinned-down pigment directly onto unprimed canvas to be absorbed into its fibers. This large painting, the first in which Frankenthaler used her soak-stain technique, synthesized the influences that had informed her work to that point and announces her arrival as a mature artist. Published to accompany a 1998 exhibition at the Solomon R. Guggenheim Museum, New York, this book focuses on Mountains and Sea and other groundbreaking paintings of Frankenthaler's early career. In this period, Frankenthaler drew upon Cubism, the abstractions of Arshile Gorky and, especially, those of Jackson Pollock, whose radical technique inspired her to reject easel painting. Frankenthaler herself became associated with the second generation of the New York School and her unique method and experimental use of materials influenced her contemporaries and subsequent generations of artists.

[100 Ways to Slow Down and Enjoy the Things That Really Matter](#) Simon and Schuster

IN STROKE OF LOVE... Kate Paletto runs a volunteer program in Belize for Artists for International Aid, where she deals with self-centered artists who use the program as a means to repair their marred reputations. She loves the country, the people, and what AIA stands for, but too many diva

volunteers have turned her off to press-seeking celebrities altogether and left her questioning the value of the volunteer program. When she meets incredibly handsome and charming Sage, he stirs emotions she hasn't felt for ages, even though he represents the things she despises. Laid-back artist Sage Remington escapes his wealthy lifestyle in the Big Apple for a two-week journey of self-discovery to figure out how a guy who has so much can feel so empty. When he meets ultra-organized Kate, who lives her life the way he's always dreamed of living his, the attraction is too hot to ignore, but Sage is there to figure out what's missing in his life, not to find a woman. Every look, and every late-night chat in the romantic jungle brings them closer together, but Sage can barely think past stripping away Kate's misconceptions about him. Kate fights him every step of the way—even though she finds it hard to ignore the strikingly handsome, generous-to-a-fault artist who wants to do nothing more than right the wrongs of the world—and love her to the ends of the earth. **\*\*BONUS\*\*** Includes the first chapter (sneak peek) of *Flames of Love* (The Remingtons) **STROKE OF LOVE** is part of the Love in Bloom series. While **STROKE OF LOVE** can be read as a stand-alone novel, for even more reading enjoyment you may want to read the entire Love in Bloom series in series order. **READ THE FULL LOVE IN BLOOM SERIES:** **SNOW SISTERS:** Sisters in Love, Sisters in Bloom, Sisters in White **THE BRADENS** (Weston, CO): Lovers at Heart, Destined for Love, Friendship on Fire, Sea of Love, Bursting with Love, Hearts at Play **THE BRADENS** (Trusty, CO): Taken by Love, Fated for Love, Romancing My Love, Flirting with Love, Dreaming of Love, Crashing into Love **THE BRADENS** (Peaceful Harbor, MD): Healed by Love (Nate), Surrender My Love Coming Soon - River of Love **THE REMINGTONS:** Game of Love, Stroke of Love, Flames of Love, Slope of Love, Read, Write, Love Coming Soon - Touched by Love **SEASIDE SUMMERS:** Seaside Dreams, Seaside Hearts, Seaside Sunsets, Seaside Secrets, Seaside Nights, Seaside Embrace Coming Soon - Seaside Lovers **THE RYDERS:** Seized by Love Coming Soon - Claimed by Love, Chased by Love

*Aralorn: Masques and Wolfsbane* Guggenheim Museum Publications

Many tales are told of the Syltoon Empire and its fearsome soldiers, who are known throughout

the world for their treachery and atrocities. Some say that the Syltoon eat virgins and babies-or perhaps their own mothers. Arkamondos, a bookish young scribe, suspects that the Syltoon's dire reputation may have grown in the retelling, but he's about to find out for himself. Hired to chronicle the exploits of a band of rugged Syltoon warriors, Arki finds himself both frightened and fascinated by the men's enigmatic leader, Captain Braylar Killcoin. A secretive, mercurial figure haunted by the memories of those he's killed with his deadly flail, Braylar has already disposed of at least one impertinent scribe . . . and Arki might be next. Archiving the mundane doings of millers and merchants was tedious, but at least it was safe. As Arki heads off on a mysterious mission into parts unknown, in the company of the coarse, bloody-minded Syltoon, he is promised a chance to finally record an historic adventure well worth the telling, but first he must survive the experience! A gripping military fantasy in the tradition of Glen Cook, Scourge of the Betrayer explores the brutal politics of Empire-and the searing impact of violence and dark magic on a man's soul.

**Mr. Goodchord's Almanac of Guitar Voice-leading** CHAROTARPUBLISHINGHOUSEP.LTD

This succinct, interdisciplinary introduction to critical reasoning successfully dares students to question their own assumptions and to enlarge their thinking world through the analysis of the most common problems associated with everyday reasoning. The text offers a unique and

effective organization: Part I explains the fundamental concepts; Part II describes the most common barriers to critical thinking; Part III offers strategies for overcoming those barriers; Part IV offers a selection of contemporary issues that invite students to practice their skills.

*Indecent Correspondence* Penguin

A breathtaking epic fantasy adventure from the bestselling Patricia Briggs, author of the Mercy Thompson novels. After an upbringing of proper behaviour and oppressive expectations, Aralorn fled her noble birthright for a life of adventure as a mercenary spy. But her latest mission involves more peril than she ever imagined. Agents of Sianim have asked her to gather intelligence on the increasingly popular and powerful sorcerer Geoffrey ae'Magi. Soon Aralorn comes to see past the man's striking charisma - and into a soul as corrupt and black as endless night. And few have the will to resist the sinister might of the ae'Magi and his minions. So Aralorn, aided by her enigmatic companion, Wolf, joins the rebellion against the ae'Magi. But in a war against a foe armed with the power of illusion, how do you know who the true enemy is - or where he will strike next? This omnibus edition contains the two titles **MASQUES** and **WOLFSBANE**.
