*Psychic Development for Beginners* CreateSpace

“A wonderfully lucid, accessible, and wide-ranging account of the boundary between justified and unjustified belief.” —Sam Harris, New York Times–bestselling author of *The Moral Landscape* and *The End of Faith* In this work synthesizing thirty years of research, psychologist, historian of science, and the world’s best-known skeptic Michael Shermer upends the traditional thinking about how humans form beliefs about the world. Simply put, beliefs come first and explanations for beliefs follow. The brain, Shermer argues, is a belief engine. From sensory data flowing in through the senses, the brain naturally begins to look for and find patterns, and then infuses those patterns with meaning. Our brains connect the dots of our world into meaningful patterns that explain why things happen, and these patterns become beliefs. Once beliefs are formed the brain begins to look for and find confirmatory evidence in support of those beliefs, which accelerates the process of reinforcing them, and round and round the process goes in a positive-feedback loop of belief confirmation. Shermer outlines the numerous cognitive tools our brains engage to reinforce our beliefs as truths. Interlaced with his theory of belief, Shermer provides countless real-world examples of how this process operates, from politics, economics, and religion to conspiracy theories, the supernatural, and the paranormal. Ultimately, he demonstrates why science is the best tool ever devised to determine whether or not a belief matches reality. “A must read for everyone who wonders why religious and political beliefs are so rigid and polarized—or why the other side is always wrong, but somehow doesn’t see it.” —Dr. Leonard Mlodinow, physicist and author of *The Drunkard’s Walk* and *The Grand Design* (with Stephen Hawking)

Start with meditation, affirmations and emotional healing; learn about Chi and psychic energies; practice psychic self-defense, and learn energy manipulation; master psychic readings, psychometry, psychic healing, telekinesis, remote viewing and much more! Book's author, Nathaniel, a professional psychic, have put together knowledge from different parts of the world, and simplified it, so anyone can unleash his or hers psychic potential! Below are reviews of readers: "Psychic Development Simplified is an amazing source of information. I learned a few tips and tricks even I hadn't known! Nathan has done a fantastic job compiling information and making it understandable for everyone! I highly recommend it to others!" - J.V. Krakowski, psychic teacher. "Interested a book on psychic development that's different from all of the rest? Try Nathan's new e-book, *Psychic Development Simplified* and you won't be disappointed. (...) As a professional intuitive, I found myself nodding my head along with him in the "How To" do a psychic reading section. (...) I found myself puzzling over them somewhat not only as I was learning some new things, but also as I recognized that there were a number of things I do automatically in a reading that I didn't really learn anywhere that Nathan puts a name to and teaches you how to do - invaluable. (...) Nathan uses easy to understand "everyday" analogies to explain complex topics. He is straightforward and calls it like he sees it. You can trust his judgement when he gives you advice on how to think about the process and not to overwhelm or overload yourself, but instead to take it easy and at your own pace. Some of the advice he gives in snippets thrown out here and there are simply priceless and will resonate with everyone, no matter what your intuitive style or belief system. (...) It is dense, extensively informative, and something that I would liken to a *Psychic Encyclopedia*. My take on this is that it could in itself be considered a fairly comprehensive course. The perspective is unique, and just different enough to make even a seasoned psychic or intuitive reconsider their position on some things." - Julie Barrett, professional psychic intuitive. "(...) I had the good fortune of being able to read "Psychic Development Simplified" and am so glad I did. I was a little daunted at first by the number of pages, but once I settled in to read, it was hard to put it down. It is exactly as the title states - simplified. One of the best pieces of information I learned was that not everyone has the same gifts, but you have the ability to learn others. Before I started reading, I had visions in my head about turban wearing shrunken ladies with long fingernails and a crystal ball; I was extremely happy to find out this is not a realistic thought and true psychics are every day people with every day lives. Another great point about this book are the theories that are discussed in full detail before each practical activity. I like a little knowledge and/or history before I dive into something and that is exactly what Nathan provided. The practical exercises were easy to understand and attempt throughout the entire book. I'm so thankful for my new knowledge that I can't wait to re-read and continue practicing. I would highly recommend this for all levels of learning and practicing psychics." - Jennifer, a psychic in training. Get your copy today, and unleash your psychic potential!
