Letras y pasión en el fútbol peruano. Las patadas de una ilusión El fútbol es el amor más largo y descabellado de nuestra vida. Es la pasión desesperada por los opuestos: pertenencia y privación, multitud y soledad, devoción y rencor. Alejarse del fútbol es mutilar parte de nuestro corazón. El sufrido y sin embargo ferviente hincha peruano no está solo. El fútbol es pasión de multitudes... de multitudes de ingenieros, médicos, psicólogos, taxistas, vendedores, albañiles, hombres, mujeres, ancianos, jóvenes, universitarios, escolares, hasta preescolares, y sí, también escritores. Bien jugado. Las patadas de una ilusión es, más que un conjunto de textos, un torrente de anécdotas, de toques lujosos, de reflexiones, detestimonios inflamados, de goles, de historias desconsoladas, de confidencias... todo en torno al deporte rey; una selección peruanasólida y cimbreante que complace al aficionado y que ayuda al no iniciado a comprender ese inexplicable amor.

Julius was born in a mansion on Salaverry Avenue, directly across from the old San Felipe Hippodrome. Life-size Disney characters and cowboy movie heroes romp across the walls of his nursery. Out in the carriage house, his great-grandfather's ornate, moldering carriage takes him on imaginary adventures. But Julius's father is dead, and his beautiful young mother passes through her children's lives like an ephemeral shooting star. Despite the soft shelter of family and money, hard realities overshadow Julius's expanding world, just as the rugged Andes loom over his home in Lima. This lyrical, richly textured novel, first published in 1970 as *Un mundo para Julius*, opens new territory in Latin American literature with its focus on the social elite of Peru. In this postmodern novel Bryce Echenique incisively charts the decline of an influential, centuries-old aristocratic family faced with the invasion of foreign capital in the 1950s. Winner of the Outstanding Translation Award of the American Literary Translators Association and the Columbia University Translation Center Award.

"No tengo dudas de que la poesía que escribimos cuando somos adolescentes es algo así como la garrocha con la cual brincamos ese muro invisible e iniciamos el viaje rumbo a nuestra propia conciencia." Renato Cisneros *Me gustas tú*. Adolescentes en la poesía peruana es una antología que reúne las voces de poetas peruanos de distintas generaciones que han dado vida a una eterna voz poética juvenil. Una voz adolescente que a través de sus versos nos da a conocer parte de su inocencia y sus ganas de retratar aquellos mundos personales donde aparecen los padres, la soledad, los amores y desamores, además de un extenuado gusto por la poesía.

This definitive edition of Columbus's account of the voyage presents the most accurate printed version of his journal available to date. Unfortunately both Columbus's original manuscript, presented to Ferdinand and Isabella along with other evidence of his discoveries, and a single complete copy have been lost for centuries. The primary surviving record of the voyage-part quotation, part summary of the complete copy-is a transcription made by Bartolome de las Casas in the 1530s. This new edition of the Las Casas manuscript presents its entire contents-including notes, insertions, and canceled text-more accurately, completely,

and graphically than any other Spanish text published so far. In addition, the new translation, which strives for readability and accuracy, appears on pages facing the Spanish, encouraging on-the-spot comparisons of the translation with the original. Study of the work is further facilitated by extensive notes, documenting differences between the editors' transcription and translation and those of other transcribers and translators and summarizing current research and debates on unanswered current research and debates on unanswered questions concerning the voyage. In addition to being the only edition in which Spanish and English are presented side by side, this edition includes the only concordance ever prepared for the *Diario*. Awaited by scholars, this new edition will help reduce the guesswork that has long plagued the study of Columbus's voyage. It may shed light on a number of issues related to Columbus's navigational methods and the identity of his landing places, issues whose resolution depend, at least in part, on an accurate transcription of the *Diario*. Containing day-by-day accounts of the voyage and the first sighting of land, of the first encounters with the native populations and the first appraisals of his islands explored, and of a suspenseful return voyage to Spain, the *Diario* provides a fascinating and useful account to historians, geographers, anthropologists, sailors, students, and anyone else interested in the discovery-or in a very good sea story. Oliver Dunn received the Ph.D. degree from Cornell University. He is Professor Emeritus in Purdue University and a longtime student of Spanish and early history of Spanish America. James E. Kelley, Jr., received the M.A. degree from American University. A mathematician and computer and management consultant by vocation, for the past twenty years he has studied the history of European cartography and navigation in late-medieval times. Both are members of the Society for the History of Discoveries and have written extensively on the history of navigation and on Columbus's first voyage. Although they remain unconvinced of its conclusions, both were consultants to the National Geographic Society's 1986 effort to establish Samana Cay as the site of Columbus's first landing.

Horary is the branch of astrology that provides clear, specific answers to specific questions. Quick, simple, and accurate, horary was for centuries the most valuable tool in any astrologer's work-box. Whether the question be on love, career, illness - or predicting the weather for a barbecue, this clear and comprehensive guide by a modern master of horary shows you how to answer it. The first edition of this book quickly established itself as a classic of astrological teaching. Now this master of the craft shares his deepening understanding, bringing what he has learned in the intervening years of teaching and practice to clarify, expand upon, and correct the original text. With the wit and lucidity that characterize his writing, the author guides all from beginners to seasoned practitioners to the very heart of horary astrology. "Frawley's prowess as a horary astrologer is awesome." - The Mountain Astrologer.

The author has gathered Nahua and Maya codexes, Spanish chronicles of conquest, and native oral tradition to recount the life of Quetzalcoatl: his temptation and fall; his initiation with sacred mushrooms; his long journey in search of spiritual enlightenment; his triumphant return to the Toltec land; and his subsequent

teaching, self-immolation, ascension, and promise of return.

What was it that flew over with such a terrifying roar? Was it, as many said, the devil, or was it that thing a few had heard of, a flying machine? And those electric lights at Jacob Gallo's farm, were they witchcraft or were they science? The theme of this harshly powerful novel is the impact of modern technology and ideas on a few isolated, tradition-bound hamlets in the aftermath of the Mexican Revolution of 1910. The old ways are represented by Epifanio Trujillo, the cacique of the region, now ailing and losing his grip on things; by ancient Madre Matiana, the region's midwife, healer, counselor, and oracle; by penniless Rómulo and his wife Mercedes. "Progress" is represented by Don Epifanio's bastard son Jacob, who acquired money and influence elsewhere during the Revolution and who now, against his father's will, brings electricity, irrigation, fertilizers, and other modernities to the lean lands—together with armed henchmen. The conflict between the old and the new builds slowly and inexorably to a violent climax that will long remain in the reader's memory. The author has given psychological and historical depth to his story by alternating the passages of narrative and dialogue with others in which several of the major characters brood on the past, the present, and the future. For instance, Matiana, now in her eighties, touchingly remembers how she was married and widowed before she had reached her seventeenth birthday. This dual technique is superbly handled, so that people and events have both a vivid actuality and an inner richness of meaning. The impact of the narrative is intensified by the twenty-one striking illustrations by Alberto Beltrán.

The first epic poem written in Italian is the *Teseida delle nozze di Emilia* (*Theseid of the Nuptials of Emilia*) by Giovanni Boccaccio, the well-known author of the *Decameron*. Conceived and composed during the Florentine author's stay in Naples, it combines masterfully both epic and lyric themes in a genre that may be defined as an epic of love. Besides its intrinsic literary value, the poem reflects the author's youthful emotions and nostalgia for the happiest times of his life.

Derek Walcott's eighth collection of poems, *The Arkansas Testament*, is divided into two parts—"Here," verse evoking the poet's native Caribbean, and "Elsewhere." It opens with six poems in quatrains whose memorable, compact lines further Walcott's continuous effort to crystallize images of the Caribbean landscape and people. For several years, Derek Walcott has lived mainly in the United States. "The Arkansas Testament," one of the book's long poems, is a powerful confrontation of changing allegiances. The poem's crisis is the taking on of an extra history, one that challenges unquestioning devotion.

Global competition now shapes economies and societies in ways unimaginable only a few years ago, and competition (or 'antitrust') law is a key component of the legal framework for global competition. These laws are intended to protect competition from distortion and restraint, and on the national level they reflect the relationships between markets, their participants, and those affected by them. The current legal framework for the global economy is provided, however, by national laws and institutions. This means that those few governments that have sufficient 'power' to apply their laws to conduct outside their own territory provide the norms of global competition. This has long meant that the US (and, more recently, the EU) structure global competition, but China and other countries are increasingly using their economic and political leverage to apply their own competition laws to global markets. The result is increasing uncertainty, costs, and conflicts that burden global economic development. This book examines competition law on the global level and reveals its often complex and little-understood dynamics. It focuses on the interactions

between national and international legal regimes that are central to these dynamics and a key to understanding them. Part I examines the evolution of the current global system, the factors that have shaped it, how it operates today, and recent efforts to alter that system-e.g., by including competition law in the WTO. Part II focuses on national competition law systems, revealing how national laws and experiences shape global competition law dynamics and how global factors, in turn, shape national laws and experiences. It examines the central roles of US and European law and experience, and it also pays close attention to countries such as China that are playing increasingly important roles in the global competition law arena. Part III analyzes current strategies for improving the legal framework for global competition and identifies the factors that may contribute to a system that more effectively supports global economic and political development. This analysis also suggests a pathway for moving toward that goal.

An homage to American science fiction films and novels, *The Bottom of the Sky* is the story of two boys, a disturbingly beautiful girl, and their joint love for other planets. Their friendship is formed during the heyday of sci-fi writing, a time defined by almost cult-like literary groups and pulp covers awash in gaudy alien landscapes. But time has passed, and the three members of *The Faraways* have drifted apart. The future they once dreamed of is now happening, but interstellar travel to Urkh 24 has been replaced with 9/11, the Gulf War, and a mysterious 'incident' at the centre of it all.

A World for Julius

Two friends were kidnapped on the road to Sintra by three masked men and taken to a mysterious house. In the house there is a corpse. The usual questions arise: who was he? How did he die? Was it a natural death or a murder? Who was the perpetrator or the instigator of the crime? The two friends are the two narrators - Eca de Queiroz and Ramalho Ortigao - whose story was published in the form of letters to the editor recounting what happened to them."
