HASSAN SHAMAR

The rules of risk and reward used by generations of Swiss bankers

John Wiley & Sons

This currency trading book provides readers with real, practical information on how to trade the foreign exchange market effectively. It begins by covering introductory information on the forex market, including basic trading mechanics and the benefits of forex trading, and then goes on to describe specific currency

trading methods and skills in step-by-step detail. This includes highly practical information on technical and fundamental analysis, risk and money management, and powerful forex trading strategies. These strategies have proven extremely effective in helping traders play the forex game to win. JAMES CHEN, CTA, CMT (Montville, NJ) is Chief Technical Strategist at FX Solutions, a leading foreign exchange broker. An expert on forex trading and technical analysis, he is also a registered Commodity Trading Advisor (CTA) and a Chartered Market Technician (CMT). Mr. Chen writes daily currency

analysis, leads forex trading seminars, and has authored numerous articles on currency trading strategy and technical analysis for major financial publications. These include Forbes.com, Futures Magazine, Technical Analysis of Stocks and Commodities Magazine, and Stocks, Futures and Options (SFO) Magazine. [An Insider's Guide to the Real World of Foreign Exchange Trading](#) FT Press STUDY GUIDE FOR Come Into My Trading Room A Complete Guide to Trading You can read Come Into My Trading Room: A Complete Guide to Trading in a few days, but you cannot expect to master

every aspect of that invaluable book until you work through it. Study Guide for *Come Into My Trading Room: A Complete Guide to Trading* will help you learn the profitable methods and techniques of *Come Into My Trading Room* before risking a dollar in the markets. Study Guide for *Come Into My Trading Room: A Complete Guide to Trading* parallels the actual book, challenging you at every step with questions that make you focus on all the important areas of trading. Some tests are pencil-and-paper, others have you work with charts, but all prepare you to make crucial decisions. This Study Guide will: Quiz you on the essentials of trading—choosing the markets to trade, finding holes in the Efficient Market Theory, and overcoming common obstacles to success. Make you aware of psychological blind spots that lead to losing. Test your knowledge of charting and computerized indicators. Explore trading systems, day-trading, and advanced concepts, such as Impulse trading and SafeZone stops. Ask questions about money management, record-keeping, and managing time. Challenge you with eight case studies where you choose

entry and exit points and get graded for your performance. The best trading strategies, techniques, and tools are only as good as your understanding of them. Pick up this Study Guide for *Come Into My Trading Room: A Complete Guide to Trading* and convert Dr. Elder's methods into your own powerful and profitable tools. **Strategies for Profiting with Japanese Candlestick Charts** John Wiley & Sons. The ultimate guide to a critical tool for mastering the financial markets. A longstanding form of technical analysis, Japanese candlestick charts are a dynamic and increasingly popular technical tool for traders of all skill levels. Known for its versatility, this ancient charting can be fused with every other technical tool available, including traditional Western technical analysis. *Japanese Candlestick Charting Techniques* is the most comprehensive and trusted guide to this essential technique. Informed by years of research from a pioneer trader, this book covers everything you need to know, including hundreds of examples that show how candlestick techniques can be used in all of today's markets. This totally updated revision focuses on the needs of today's

traders and investors with: * All new charts including more intra-day markets * New candlestick charting techniques * More focus on active trading for swing, online and day traders * New Western techniques in combination with candles * A greater spotlight on capital preservation. From speculation and hedging to futures and equities, candlestick charting is the next level up for both amateur day traders and seasoned technicians, and this book provides expert guidance for putting it into action.

A Fable about Trading, Courage, and Doing the Right Thing Harriman House Limited

Pattern Cycles are not easy or automatic; they require concentration, discipline, and skilled execution. But the payoff of these classic strategies is virtually unlimited. This book explains how traders can use technical analysis, charting, and market sentiment to make trades that hold through price fluctuations and noise with wider stops.

Forex for Beginners John Wiley & Sons. Harriman Classics with a new foreword by James P. O'Shaughnessy. If you want to get rich, no matter how inexperienced you are

in investment, this book can help you. Its message is that you must not avoid risk, nor court it foolhardily, but learn how to manage it - and enjoy it too. The 12 major and 16 minor Zurich Axioms contained in this book are a set of principles providing a practical philosophy for the realistic management of risk, which can be followed successfully by anyone, not merely the 'experts'. Several of the Axioms fly right in the face of the traditional wisdom of the investment advice business - yet the enterprising Swiss speculators who devised them became rich, while many investors who follow the conventional path do not. Max Gunther, whose father was one of the original speculators who devised the Axioms, made his first capital gain on the stock market at the age of 13 and never looked back. Now the rest of us can follow in his footsteps. Startlingly straightforward, the Axioms are explained in a book that is not only extremely entertaining but will prove invaluable to any investor, whether in stocks, commodities, art, antiques or real estate, who is willing to take risk on its own terms and chance a little to gain a lot.

Indicators and Strategies To Profit from Crowd Behavior and Market Extremes John Wiley & Sons

Praise for ADVENTURES of a CURRENCY TRADER "A truly easy, unique, and enjoyable read! Rob has done it once again to teach us in the funniest way possible how not to make the most common trading mistakes. If you are tired of reading how-to books, this is perfect for you. I highly recommend this book to all traders. Everyone will learn something about themselves by reading this book." —Kathy Lien, author, Day Trading the Currency Market, and Chief Strategist, www.dailyfx.com "Adventures of a Currency Trader is a must read for anyone who has ever traded or is thinking about trading in the Forex markets. Rob Booker has a unique way of taking years of market knowledge and transforming it into an educational and entertaining experience. It has quickly become a cult classic in my trading library!" —H. Jack Bouroudjian, Principal, Brewer Investment Group "Brilliant! Rob's humor and humanity shine through in this parable about trading and life. Filled with wisdom and wit, it's an exhilarating rollercoaster

ride through the peaks and valleys of the learning curve, with many valuable lessons learned along the way." —Ed Ponsi, President, FXEducator.com "Rob's fable of everyman 'Harry Banes' is destined to become a trading classic. This is both the missing piece and the foundation that comes before the strategies and methodologies. The search for the Holy Grail begins and ends in the heart and mind. The journey is authentic and real and if you're willing to take it with Rob, you will be rewarded in the end. Seldom has psychology and wisdom been so entertaining!" —Raghee Horner, trader and author of Forex Trading for Maximum Profit and Days of Forex Trading "In a series of insightful and entertaining vignettes, Rob Booker teaches both the novice and the experienced trader some hard won truths about the currency market. It's a must read book written by a guy who survived the trenches and went on to prosper in the biggest and most competitive financial market in the world." —Boris Schlossberg, Senior Currency Strategist, Forex Capital Markets LLC, and author of Technical Analysis of the Currency Market

Forex Trading - The Basics Explained in Simple Terms Harper Collins
 Proven currency-specific trading strategies from one of today's top currency analysts "If you trade currency, then you need to have this book on your desk. It's the only book you need for technical analysis of the fastest-moving market on the planet." - Rob Booker, Currency Trader, W.R. Booker & Company "In plain English, Schlossberg lays out the basics in using technical analysis to trade foreign currencies, from the fundamentals of how the FX market works to the variety of technical strategies and trade management techniques traders can employ. Along the way, he offers entertaining examples and observations as well as simple, easy-to-read charts and diagrams. Anyone interested in getting started in the hugely popular FX market would do well to begin with this book." - Sarah Rudolph, Executive Editor, SFO Magazine "Boris Schlossberg has done a fabulous job with this book. It's packed with insightful tips and strategies that are sure to save traders a lot of time and money." - Cory Janssen, CoFounder, Investopedia.com "Schlossberg's book is a great resource for traders just starting out

in currency markets. His focus on simplicity is critical for a new trader's education on how to make money." - Andrew B. Busch, Global FX Strategist, BMO Financial Group
Stock Market Explained John Wiley & Sons

Forex Simplified John Wiley & Sons Trading is a battle between you and the market. And while you might not be a financial professional, that doesn't mean you can't win this battle. Through interviews with twelve ordinary individuals who have worked hard to transform themselves into extraordinary traders, Millionaire Traders reveals how you can beat Wall Street at its own game. Filled with in-depth insights and practical advice, this book introduces you to a dozen successful traders-some who focus on equities, others who deal in futures or foreign exchange-and examines the paths

they've taken to capture considerable profits. With this book as your guide, you'll quickly become familiar with a variety of strategies that can be used to make money in today's financial markets. Those that will help you achieve this goal include: Tyrone Ball: trades Nasdaq stocks almost exclusively, and his ability to change with the times has enabled him to prosper during some of the most treacherous market environments in recent history. AShkan Bolour: one of the earliest entrants into the retail forex market, he trades in the direction of the major trend, rather than trying to find reversals. Frank Law: a technician at heart, identifies a trading zone, commits to it, and scales down as long as the zone holds. Paul Willette: has mastered a method that allows him to harvest some profits right away, while ensuring that he can still benefit from an occasional extension run in his favor. Order your copy today and beat the Street.

Essentials of Foreign Exchange Trading John Wiley & Sons

All You'll Ever Need to Trade from Home When most people hear the term "day trader," they imagine the stock market

floor packed with people yelling 'Buy' and 'Sell' - or someone who went for broke and ended up just that. To the newcomer, day trading can be a confusing process: where do you begin, and how can you approach trading in a careful yet effective way? With *Day Trading* you'll get the basics, then:

- Learn the Truth About Trading
- Understand The Psychology of Trading
- Master Charting and Pattern-recognition
- Study Trading Options
- Establish Trading Strategies & Money Management

Day Trading will let you make the most out of the free market from the comfort of your own computer.

Winning with Value Charts and Price Action Profile John Wiley & Sons

Marilyn's book is informative without being overwhelming and certainly "simplified" without becoming simplistic. It's the book I would hand a friend or family member who is new to the forex trading world and wants to get introduced to it the right way. It's an excellent foundation from which to begin your pursuit of successful forex trading. --Raghee Horner, co-founder of

EZ2Trade Software and author of "Forex Trading for Maximum Profit"

The Basics Explained in Simple Terms John Wiley & Sons

Many individuals enter financial markets with the objective of earning a profit from capitalizing on price fluctuations. However, many of these new traders lose their money in attempting to do so. The reason for this is often because these new traders lack any fundamental understanding of financial markets, they cannot interpret any data, and they have no strategy for trading. Trading in markets is really about deploying strategies and managing risks. Indeed, successful traders are those who have strategies which they have proved to be consistent in granting them more financial gains than financial losses. The purpose of this book is to help a potentially uninformed retail trader or inquisitive reader understand more about financial markets, and assist them in gaining the technical skills required to profit from trading. It represents a beginner's guide to trading, with a core focus on stocks and currencies.

Day Trading For Dummies John Wiley & Sons

Millionaire Traders Cambridge Scholars Publishing

This set combines Lien's book, *Day Trading & Swing Trading the Currency Market* with Lien's DVD, *The Insider's Guide to Forex Trading*. One of today's most popular forex trading educators, Lien provides an in-depth explanation of the factors that drive the forex market, market psychology, and fundamental and technical analysis. The book provides a great deal of background on the underlying dynamics of the forex market, discussing historical events, short-term market drivers, seasonalities, and currency correlations. Both the book and video delve deeply into forex trading strategies. Lien shows how to combine fundamentals with technicals, entry and exit strategies, and how to limit losses and maximize profits. Combined, the book and video will give traders a solid understanding of the forex market and how to identify and profit from market trends and fluctuations.

Classic Techniques for Profiting from Market Swings and Trader Sentiment

John Wiley & Sons

An accessible guide to trading the fast-moving foreign exchange market The foreign exchange market, or forex, was once dominated by global banks, hedge funds, and multinational corporations, but that has all changed with Internet technology and the advent of online forex brokers. Now, hundreds of thousands of traders and investors around the world can participate in this profitable field. Written by forex expert Kathy Lien, *The Little Book of Currency Trading* will show you how to effectively invest and trade in today's biggest market. Page by page, she describes the multitude of opportunities possible in the forex market, from short-term price swings to long-term trends, and details practical products that can help you achieve success, such as currency-based ETFs. Explains the forces that drive currencies and provides strategies to profit from them Reveals how you can use various currencies to reduce risk and take advantage of global trends Examines financial vehicles that can help you make money without having to monitor the market every day *The Little Book of Currency Trading* opens the world of

currency trading and investing to anyone interested in entering this dynamic arena. *A Contemporary Guide to the Ancient Investment Techniques of the Far East, Second Edition* Dk Pub FXstreet.Com's 2013 Best Book Award! *The Sensible Guide to Forex: Safer, Smarter Ways to Survive and Prosper from the Start* is written for the risk averse, mainstream retail investor or trader seeking a more effective way to tap forex markets to improve returns and hedge currency risk. As the most widely held currencies are being devalued, they're taking your portfolio down with them—unless you're prepared. For traders, the book focuses on reducing the high risk, complexity, and time demands normally associated with forex trading. For long-term investors, it concentrates on how to hedge currency risk by diversifying portfolios into the strongest currencies for lower risk and higher capital gains and income. The usual forex materials don't provide practical answers for most retail traders or longer term investors. Virtually all forex trading materials focus on time-consuming, high-leverage, high-risk methods at which most traders fail.

Materials about long-term investing in foreign assets rarely take into account the prospects of the related currency. A falling currency can turn an otherwise good investment into a bad one. Throughout the book, the emphasis is on planning and executing only low risk, high potential yield trades or investments and avoiding serious losses at all costs. Packed with richly illustrated examples every step of the way and including additional appendices and references to online resources, the book is the ultimate guide to forex for retail traders and investors seeking to tap forex markets for better currency diversification and income. Provides traders with safer, smarter, less complex and time-consuming ways to trade forex with higher odds of success. These include the use of such increasingly popular new instruments like forex binary options and social trading accounts that mimic expert traders. Shows investors how to identify the currencies most likely to hold or increase their value, and provides a wealth of ideas about how to apply that knowledge to a long-term, low-maintenance portfolio for both income and capital appreciation. Helps anyone seeking

an asset class with low correlation to other markets by explaining how the very nature of forex markets means that regardless of market conditions there's always a playable trend somewhere, regardless of what other asset markets are doing, and how to find and exploit it for a short-term trade or a long-term investment in a currency pair, stock, bond, or other asset

The Sensible Guide to Forex is only book that teaches mainstream risk averse investors and traders how to build a portfolio that's diversified by currency exposure as well as by asset class and sector, via a variety of safer, simpler methods to suit different needs, risk tolerances, and levels of expertise. Written

by Cliff Wachtel, a 30+ year financial market writer, advisor, and analyst, The Sensible Guide to Forex offers practical solutions to the above dilemmas faced by every serious, prudent investor. A must own for any informed investor-but don't take out word for it - see advanced reviews at:
<http://thesensibleguidetoforex.com/review/>
