REYNOLDS PIPER

Bill Bradley at Princeton Random House AN INSTANT #1 NEW YORK TIMES BESTSELLER Beautiful World, Where Are You is a new novel by Sally Rooney, the bestselling author of Normal People and Conversations with Friends. Alice, a novelist, meets Felix, who works in a warehouse, and asks him if he'd like to travel to Rome with her. In Dublin, her best friend, Eileen, is getting over a break-up, and slips back into flirting with Simon, a man she has known since childhood. Alice, Felix, Eileen, and Simon are still young—but life is catching up with them. They desire

each other, they delude each other, they get together, they break apart. They have sex, they worry about sex, they worry about their friendships and the world they live in. Are they standing in the last lighted room before the darkness, bearing witness to something? Will they find a way to believe in a beautiful world? Magazine Writing Holt Paperbacks Leadership. You know it when you see it. Those who make an impact - leave a mark on us. Hopefully, it is a positive one, grounded in those who bring us joy, and those who inspire us. They give us examples of how we can live our own lives, and also push us to be better. You have so much time. There are plenty of people who have

opened my eyes. Often it comes on unexpectedly. You can give back to society. You can bring your community together. You have relevance. I am not going to tell anyone in this collection of stories of servant leadership, combining unexpected surprises, and lessons learned exactly what to do. I am going to give you examples of those who do make an impact, observations of people who can help us to realize our gifts and those who assist us in consciously or unknowingly changing for the better. *Manufacturing a Television Personality* Rowman & Littlefield Invaluable. - Entertainment Weekly *Non-Western Identity One World* This is a book about Courage and Patriotism. It

tells the dramatic stories of a number of American politicians of various political and regional allegiances whose one overriding loyalty was to the United States and to the right as God gave them to see it. They range from born aristocrats to self-made men. Some are well-known, some almost forgotten. But all of them, in the face of dreadful consequences, exhibited a special kind of greatness. These stories about them remind us sharply that there is, in addition to a courage with which men die, a courage by which men must live. —Print Ed.

When Harold Ross founded *The New Yorker* in 1925, he called it a "comic weekly." And although it has become much more than that, it has remained true in its irreverent heart to the founder's description, publishing the most illustrious literary

humorists in the modern era—among them Robert Benchley, Dorothy Parker, Groucho Marx, James Thurber, S. J. Perelman, Mike Nichols, Woody Allen, Calvin Trillin, Garrison Keillor, Ian Frazier, Roy Blount, Jr., Steve Martin, and Christopher Buckley. *Fierce Pajamas* is a treasury of laughter from the magazine *W. H. Auden* called the "best comic magazine in existence."

The staggering story of an unlikely band of mothers in the 1970s who discovered Hooker Chemical's deadly secret of Love Canal—exposing one of America's most devastating toxic waste disasters and sparking the modern environmental movement as we know it today. Lois Gibbs, Luella Kenny, and other mothers loved their neighborhood on the east side of Niagara Falls. It had an elementary school, a playground, and rows of affordable homes. But in the spring of 1977, pungent odors began to seep into these little houses, and it didn't take long for worried mothers to identify the curious scent. It was the sickly sweet smell of chemicals.

In this propulsive work of narrative storytelling, NYT journalist Keith O'Brien uncovers how Gibbs and Kenny exposed the poisonous secrets buried in their neighborhood. The school and playground had been built atop an old canal—Love Canal, it was called—that Hooker Chemical, the city's largest employer, had quietly filled with twenty thousand tons of toxic waste in the 1940s and 1950s. This waste was now leaching to the surface, causing a public health crisis the likes of which America had never seen before and sparking new and specific fears. Luella Kenny believed the chemicals were making her son sick. O'Brien braids together previously unknown stories of Hooker Chemical's deeds; the local newspaperman, scientist, and congressional staffer who tried to help; the city and state officials who didn't; and the heroic women who stood up to corporate and governmental indifference to save their families and their children. They would take their fight all the way to the top, winning support from the EPA, the White House, and even President Jimmy Carter. By the time it was over,

they would capture America's imagination. Sweeping and electrifying, *Paradise Falls* brings to life a defining story from our past, laying bare the dauntless efforts of a few women who—years before Erin Brockovich took up the mantle— fought to rescue their community and their lives from the effects of corporate pollution and laid foundation for the modern environmental movement as we know it today.

Researching and Crafting Stories of Real Life, Second Edition

Chronicle Books
In 1957, America turned its back on its earlier self and jumped headlong into the nation it has become today. From Sputnik and the beginning of the space race to Little Richard and the underappreciated influence of rock n' roll in bringing blacks and whites closer together, to President Eisenhower's Interstate Highway Act,

which forever changed the landscape, 1957 represents the year when all of the energy and anxiety that had followed the end of World War II exploded. In compelling stories from politics, pop culture, business, and the media, Eric Burns captures the excitement of a headspinning year and the lingering fallout that continues to resonate seven decades later. For baby boomers seeking to relive their formative years or readers seeking a window into midcentury America, 1957 provides a highly readable tour through one of the most fascinating years in American history.

When Soupy Sales left Detroit in 1960 after seven years on WXYZ TV, he was the highest-paid local television personality and one of the most well-known and loved celebrities in town. His daytime television programs in the early morning and noontime had an enormous and devoted following. The latter, *Lunch with Soupy Sales*, was nationally syndicated on ABC on Saturday, starting in the fall of 1959. His late evening program, *Soupy's On*, featured everything from renowned jazz artists to pop singers to satirical skits. While he would achieve more celebrity status in Los Angeles and New York during the 1960s, the template for the puppet characters, comedy routines, and zany sketches had been set in Detroit. This study of the content and context of *Soupy's* time on WXYZ TV provides important insights into key threads of popular culture in the 1950s, including the role of television and its impact on the family and

children, the influence of Cold War and consumerist ideology, Jewish-inflected humor, and jazz, especially as a component of the Detroit socio-cultural history in this period. All of these seemingly disparate topics, however, lead back to identifying the manufacturing of a television personality at a particular moment in time and in a specific location. Beyond the network of Soupy fans, anyone interested in how a television personality achieves local and national prominence should consider reading this book. Also, those who want to understand the role of the media and popular culture in the 1950s will be enlightened, and even entertained, by this exploration of Soupy Salesâ (TM) Detroit experience.

Literary Profiles Open Road Media

One of art's purest challenges is to translate a human being into words. *The New Yorker* has met this challenge more successfully and more originally than any other modern American journal. It has indelibly shaped the genre known as the Profile. Starting with light-fantastic evocations of glamorous and idiosyncratic figures of the twenties and thirties, such as Henry Luce and Isadora Duncan, and continuing to the present, with complex pictures of such contemporaries as Mikhail Baryshnikov and Richard Pryor, this collection of *New Yorker Profiles* presents readers with a portrait gallery of some of the most prominent figures of the twentieth century. These Profiles are literary-journalistic investigations into character and

accomplishment, motive and madness, beauty and ugliness, and are unrivalled in their range, their variety of style, and their embrace of humanity. Including these twenty-eight profiles: "Mr. Hunter's Grave" by Joseph Mitchell "Secrets of the Magus" by Mark Singer "Isadora" by Janet Flanner "The Soloist" by Joan Acocella "Time . . .
