"Published to unanimous acclaim in Europe and winner of Italy's prestigious Viareggio Prize for fiction, *Procedura* introduces a writer of world-class fiction." "At the end of a none too brilliant career, a judge, sent to Sardinia from the mainland, lives alone in a small town, broken relationships and partings left behind him. When a colleague suddenly dies, he is entrusted with the investigation and soon finds himself entwined in the most intimate knowledge of judge Valerio Garau's life - from his rich, orphaned childhood with its hints of scandal to the red-and-blue capsule with its grain of cyanide that one morning caused him to fall backward among the cafe tables while joking with his mistress." "Was Garau's death suicide, mistake, or murder? His ex-wife or his mistress, his priestly uncle or his blind aunt, his colleagues or his lover's illustrious and influential husband: all of these could be suspected of wanting to free themselves of him. And who was Judge Garau? A cynic, a seducer, a liar, a naïf? The investigator must reconstruct a life from the people and effects left behind: yellowed photographs of distant carnivals, archeological finds collected for who knows what passion or pretext, stolen letters, forced locks, police chiefs, homosexuals, and schoolmistresses..."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. When ten-year-old Enaiatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiat endures the crippling physical and emotional agony of dangerous border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not everyone is as resourceful, resilient, or lucky as Enaiat, and there are many heart-wrenching casualties along the way. Based on Enaiat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award-winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, *In the Sea There Are Crocodiles* brilliantly captures Enaiat's moving and engaging voice and lends urgency to an epic story of hope and survival.

The Periodic Table is largely a memoir of the years before and after Primo Levi's transportation from his native Italy to Auschwitz as an anti-Fascist partisan and a Jew. It recounts, in clear, precise, unflinching beautiful prose, the story of the Piedmontese Jewish community from which Levi came, of his years as a student and young chemist at the inception of the Second World War, and of his investigations into the nature of the material world. As such, it provides crucial links and backgrounds, both personal and intellectual, in the tremendous project of remembrance that is Levi's gift to posterity. But far from being a prologue to his experience of the Holocaust, Levi's masterpiece represents his most impassioned response to the events that engulfed him. The Periodic Table celebrates the pleasures of love and friendship and the search for meaning, and stands as a monument to those things in us that are capable of resisting and enduring in the face of tyranny.

A Tour Through Sicily and Malta: In a Series of Letters to William Beckford, Esq., of Somerly in Suffolk, Volumes 1-2 Cambridge University Press

How does one broach with a child or young adult a subject like the Holocaust, the full magnitude and horror of which are difficult even for many adults to comprehend? This book, in conversational format, offers an ideal way to present this difficult subject to a young audience. At the book's opening, the author and her daughter Mathilde meet Berthe, a friend of the author's, on the beach, where they see the number that was tattooed on Berthe's arm at Auschwitz. The book, following Wieviorka's answers to her daughter's nearly eighty questions, provides a concise yet unsentimental and unsparing history lesson that explains Hitler's rise to power and the rise of anti-Semitism, the creation of ghettos and concentration camps (not only Auschwitz), the genocide of the Jews, the "Final Solution," Jewish and other resistance, and the guilt of the Germans.

Agenda-setting Dynamics in Canada National Aeronautics and Space Administration Headquarters

Why do public issues like the environment rise and fall in importance over time? To what extent can the trends in salience

be explained by real-world factors? To what degree are they the product of interactions between media content, public opinion, and policymaking? This book surveys the development of eight issues in Canada over a decade -- AIDS, crime, the debt/deficit, the environment, inflation, national unity, taxes, and unemployment -- to explore how the salience of issues changes over time, and to examine why these changes are important to our understanding of everyday politics. *Agenda-Setting Dynamics in Canada* offers one of the first empirical analyses of the interaction of the media, the public, and policymakers in Canada and, more generally, makes an important contribution to the study of political communications and policymaking well beyond the Canadian context.

Compact Preliminary for Schools Student's Book Without Answers with CD-ROM FrancoAngeli

The ancient Greek lyric poet Simonides of Keos was the first poet in the Western tradition to take money for poetic composition. From this starting point, Anne Carson launches an exploration, poetic in its own right, of the idea of poetic economy. She offers a reading of certain of Simonides' texts and aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he himself, writing in German, became estranged from his native language. Carson goes on to

consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean composition of the material fact of inscription on stone, Carson suggests that a need for brevity

influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's juxtaposition of the two poets illuminates their differences--Simonides' fundamental faith in the power of

the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility.
