This powerful study makes a compelling case about the key U.S. role in state terrorism in Latin America during the Cold War. Long hidden from public view, Operation Condor was a military network created in the 1970s to eliminate political opponents of Latin American regimes. Its key members were the anticommunist dictatorships of Chile, Argentina, Uruguay, Bolivia, Paraguay, and Brazil, later joined by Peru and Ecuador, with covert support from the U.S. government. Drawing on a wealth of testimonies, declassified files, and Latin American primary sources, J. Patrice McSherry examines Operation Condor from numerous vantage points: its secret structures, intelligence networks, covert operations against dissidents, political assassinations worldwide, commanders and operatives, links to the Pentagon and the CIA, and extension to Central America in the 1980s. The author convincingly shows how, using extralegal and terrorist methods, Operation Condor hunted down, seized, and executed political opponents across borders. McSherry argues that Condor functioned within, or parallel to, the structures of the larger inter-American military system led by the United States, and that declassified U.S. documents make clear that U.S. security officers saw Condor as a legitimate and useful 'counterterror' organization. Revealing new details of Condor operations and fresh evidence of links to the U.S. security establishment, this controversial work offers an original analysis of the use of secret, parallel armies in Western counterinsurgency strategies. It will be a clarion call to all readers to consider the long-term consequences of clandestine operations in the name of 'democracy.'

A rare and brilliant story from Zadie Smith, taking us deep into the life of a young woman, Fatou, domestic servant to the Derawals and escapee from one set of hardships to another. Beginning and ending outside the Embassy of Cambodia, which happens to be located in Willesden, NW London, Zadie Smith's absorbing, moving and wryly observed story suggests how the apparently small things in an ordinary life always raise larger, more extraordinary questions. 'It's scale is superficially small,

but its range is lightly immense; in the first couple of pages, the world from Ghana to London to Cambodia enters. It is a fiction of consequences both global and heartrenchingly intimate. This voice is global, plural and local, with a delicate grip on historic consequences..... Works on an awesomely global scale, and the relations of slavery and mastership are traced in both personal and international scale.' Philip Hensher, *The Guardian* 'Reading it is a bit like having a starter in a restaurant that is so good you wish you had ordered a big portion as a main course, only to realise, as you finish it, that it was exactly the right amount.' 'A perfect stocking-filler of a book that shows that short-form fiction can be as vibrant and as healthy as any densely realised full-length novel.' Louise Doughty, *The Observer* 'Smith serves up a smasher.' Leyla Sanai, *The Independent* On Sunday

"When the army comes out, it is to kill."—Augusto Pinochet Following his bloody September 1973 coup d'état that overthrew President Salvador Allende, Augusto Pinochet, commander-in-chief of the Chilean Armed Forces and National Police, became head of a military junta that would rule Chile for the next seventeen years. The violent repression used by the Pinochet regime to maintain power and transform the country's political profile and economic system has received less attention than the Argentine military dictatorship, even though the Pinochet regime endured twice as long. In this primary study of Chile Under Pinochet, Mark Ensalaco maintains that Pinochet was complicit in the "enforced disappearance" of thousands of Chileans and an unknown number of foreign nationals. Ensalaco spent five years in Chile investigating the impact of Pinochet's rule and interviewing members of the truth commission created to investigate the human rights violations under Pinochet. The political objective of human rights organizations, Ensalaco contends, is to bring sufficient pressure to bear on violent regimes to induce them to end policies of repression. However, these

efforts are severely limited by the disparities of power between human rights organizations and regimes intent on ruthlessly eliminating dissent.

A new series of global proportions -- from master of intrigue, NEW YORK TIMES bestselling author Ally Carter. This exciting new series -- from NEW YORK TIMES bestselling author Ally Carter focuses on Grace, who can best be described as a daredevil, an Army brat, and a rebel. She is also the only granddaughter of perhaps the most powerful ambassador in the world, and Grace has spent every summer of her childhood running across the roofs of Embassy Row. Now, at age sixteen, she's come back to stay -- in order to solve the mystery of her mother's death. In the process, she uncovers an international conspiracy of unsettling proportions, and must choose her friends and watch her foes carefully if she and the world are to be saved.

An illuminating examination of the emergence of deuteronomistic theology in pre-exilic Judah. Judaean deuteronomism grew as a response to the social unrest of the Assyrian period, channelling popular discontent away from the Davidic monarchy and towards foreign imperialism. The author brings together different strands of current scholarship, studying the economy of monarchical Judah and Israel, and examining the commanding social role of the Davidic monarchy. Lowery also discusses Ahaz and the economic and religious impact of Assyrian imperialism, and concludes with a discussion of the Manasseh narrative in Kings as a systematic rejection of the pre-deuteronomistic First Temple status quo.>

**The United States of America** John Wiley & Sons

This lively and informative guide offers tourists, residents, and architecture aficionados alike insights into more than 400 of Washington, D.C.'s most important landmarks. Organized into 19 discrete tours, this thoroughly redesigned and updated edition includes 45 new entries, encompassing the House of Sweden, the U.S. Institute of Peace, classic buildings that epitomize the city--the White House, the Capitol, Union Station--and a number of private buildings off the beaten path. G. Martin Moeller, Jr., blends informed, concise descriptions with engaging commentary on each landmark, revealing often-surprising details of the buildings' history and design. Every entry is accompanied by a photograph and includes the structure's location, its architects and designers, and the corresponding dates of completion. Each entry is keyed to an easy-to-read map at the beginning of the tour. From the imposing monuments of Capitol Hill and the Mall to the pastoral suburban enclaves of Foxhall and Cleveland Park, from small memorials to vast commercial and institutional complexes, this guide shows us a Washington that is at once excitingly fresh and comfortably familiar.

Digging up lost secrets is always dangerous. For the past three years, Grace Blakely has been desperate to find out the truth about her mother's murder. She thought it would bring her peace. She thought it would lead her to answers. She thought she could put the past to rest. But the truth has only made her a target. And the past? The only way to put the past to rest is for Grace to kill it once and for all. On Embassy Row, power can make you a victor or a victim; love can turn you into a fool or a fugitive; and family can lead you forward or bury you deep. Trust is a luxury. Death is a very real threat. And a girl like Grace must be very careful about which secrets she brings to light.

Bestselling author Ally Carter returns with an exciting stand-alone novel, about a girl stranded in the middle of the Alaskan wilderness with the boy who wronged her... as an assassin moves in. Maddie thought she and Logan would be friends forever. But when your dad is a Secret Service agent and your best friend is the president's son, sometimes life has other plans. Before she knows it, Maddie's dad is dragging her to a cabin in the middle of the Alaskan wilderness. No phone. No internet. And not a single word from Logan. Maddie tells herself it's okay. After all, she's the most popular girl for twenty miles in any direction. She has wood to cut and weapons to bedazzle. Her life is full. Until Logan shows up six years later . . . And Maddie wants to kill him. But before that can happen, an assailant appears out of nowhere, knocking Maddie off a cliff and dragging Logan to some unknown fate. Maddie knows she could turn back- and get help. But the weather is turning and the terrain will only get more treacherous, the animals more deadly. Maddie still really wants to kill Logan. But she has to save him first.

Since the late 1990s, the United States has funneled billions of dollars in aid to Colombia, ostensibly to combat the illicit drug trade and State Department-designated terrorist groups. The result has been a spiral of violence that continues to take lives and destabilize Colombian society. This book asks an obvious question: are the official reasons given for the wars on drugs and terror in Colombia plausible, or are there other, deeper factors at work? Scholars Villar and Cottle suggest that the answers lie in a close examination of the cocaine trade, particularly its class dimensions. Their analysis reveals that this trade has fueled extensive economic growth and led to the development of a "narco-state" under the control of a "narco-bourgeoisie" which is not interested in eradicating cocaine but in gaining a monopoly over its production. The principal target of this effort is the Revolutionary Armed Forces of Colombia (FARC), who challenge that monopoly as well as the very existence of the Colombian state. Meanwhile, U.S. business interests likewise gain from the cocaine trade and seek to maintain a dominant, imperialist relationship with their most important client state in Latin America. Suffering the brutal consequences, as always, are the peasants and workers of Colombia. This revelatory book punctures the official propaganda and shows the class war underpinning the politics of the Colombian cocaine trade.
