Look for *The Land of Sweet Forever*, a posthumous collection of newly discovered short stories and previously published essays and magazine pieces by Harper Lee, coming October 21, 2025. Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Este libro recibe el nombre del blog que creó Juan Pablo Dardón hace ya algunos años, donde podrás encontrar crónicas sulfurosas y sarcásticas, plenas de humor negro. Por ser uno de los blogs más visitados de Guatemala, decidimos publicar las entradas que tuvieron más aceptación y otras que hasta este momento eran inéditas. En *Fe de Rata* homónimo del blog del autor, es posible encontrar textos que tienen la espontaneidad de un diario, crónicas sulfurosas y sarcásticas, plenas de humor negro y a veces hasta de ternura, y semblanzas, pasajes de la vida, delirios plenos de poesía y de asombro. Esta selección incluye textos que son representativos de todas las intenciones o vertientes del blog *Fe de Rata*. Hay textos sobre el Centro Histórico de la Ciudad de Guatemala, sobre el divorcio, sobre la Costa Sur, sobre Quetzaltenango. Retratos hablados de gente famosa o entrañable. Testamentos que parecen salidos de un periódico delirante... Obviamente, no están todas las entradas del blog puesto que algunas fueron coyunturales, otras reiterativas o incluso algunas eran primeras versiones de poemas que luego fueron publicados en otros libros. *Fe de Rata* sigue manteniendo vivas y frescas las instantáneas urbanas que le dieron origen.

Algorithms will soon know more about us than we know ourselves Where should machine automation end? Is it acceptable to have a digital assistant arrange your calendar, but not to have a

robot spouse? Are companion robots acceptable for seniors in need of comfort, but not okay for toddlers exposed to emotional software that could influence their behavior? Is it desirable to live a life within the virtual reality of Facebook's Oculus Rift, but not if your thoughts are sold to advertisers who manipulate your purchases? We've entered an era where a myriad of personalization algorithms influence our every decision, and the lines between human assistance, automation, and extinction have blurred. We need to create ethical standards for the Artificial Intelligence usurping our lives, and allow individuals to control their identity based on their values. Otherwise, we sacrifice our humanity for productivity versus purpose and for profits versus people. Featuring pragmatic solutions drawing on economics, emerging technologies, and positive psychology, *Heartificial Intelligence* provides the first values-driven approach to algorithmic living—a definitive roadmap to help humanity embrace the present and positively define their future. Each chapter opens with a fictional vignette, helping readers imagine how they would respond to various Artificial Intelligence scenarios while demonstrating the need to codify their values, as the algorithms dominating society today are already doing. Funny, poignant, and accessible, this book paints a vivid portrait of how our lives might look in either a dystopia of robotic and corporate dominance, or a utopia where humans use technology to enhance our natural abilities to evolve into a long-lived, super-intelligent, and altruistic species.

One of America's most provocative dramatists conquers new territory with this droll comedy of errors set in a Victorian drawing room. Anna and Claire are two bantering, scheming "women of fashion" who live together on the fringes of society. Anna has just become the mistress of a wealthy man, from whom she has received an enormous emerald. Claire, meanwhile, is infatuated with a young girl and wants to enlist the jealous Anna's help for an assignation. As the two women exchange barbs and taunt their hapless maid, Claire's inamorata arrives and sets off a crisis that puts both the valuable emerald and the women's future at risk. Mamet brings his trademark tart dialogue and impeccable plotting, spiced with Wildean wit, to this wickedly funny comedy.

Propelled by the same superb instinct for storytelling that made *The Kite Runner* a beloved classic, the #1 New York Times bestseller *A Thousand Splendid Suns* is at once an incredible chronicle of thirty years of Afghan history and a deeply moving story of family, friendship, faith, and the salvation to be found in love. "Just as good, if not better, than Khaled Hosseini's best-selling first book, *The Kite Runner*."—Newsweek New York Times Readers Pick: 100 Best Books of the 21st Century Khaled Hosseini returns with a beautiful, riveting, and haunting novel that confirms his place as one of the most important literary writers today. Born a generation apart and with very different ideas about love and family, Mariam and Laila are two women brought jarringly together by war, by loss and by fate. As they endure the ever escalating dangers around them—in their home as well as in the streets of Kabul—they come to form a bond that makes them both sisters and mother-daughter to each other, and that will ultimately alter the course not just of their own lives but of the next generation. With heart-wrenching power and suspense, Hosseini shows how a woman's love for her family can move her to shocking and heroic acts of self-sacrifice, and that in the end it is love, or even the memory of love, that is often the key to survival. A stunning accomplishment, *A Thousand Splendid Suns* is a haunting, heartbreaking, compelling story of an unforgiving time, an unlikely friendship, and an indestructible love.

" Solo existe la muerte en este mundo aparte, una realidad insospechada al otro lado de las murallas que forman los monoblock. Es tu decisión adentrarte por el pasaje en tinieblas que bordea la canchita y los edificios bajos. Estás a tiempo de regalarle este libro a un amigo que no tenga problemas para dormir. Mi advertencia no es ingenua. Leí el primer manuscrito hace unos años, cuando conocía a Karina Sacerdote por su poesía y sus eventuales —inolvidables— cuentos. Pero nada me preparó para los personajes fatales que gravitan en la vida de Germán y Marianela: el Polaquito y el Bola Flores. ¿Sabés lo que le hace a un pobre gato el Polaco para descargar la bronca? Qué no le haría a su peor enemigo. Esta novela no recorre un túnel del horror con monstruos mecánicos, es una historia vívida de movilidad social descendente. Germán te lleva de la mano en su regreso obligado al barrio y es un recordatorio. En épocas de precarización quién está exento de caer en picada. El edificio 69 muestra sus tripas de hormigón en el sexto piso para siempre inconcluso. Desde ese vértigo de columnas sin paredes Germán mira abajo, hacia el vacío, los jardines que nunca llegaron a ser jardines, cercados con una verja de fierros oxidados por el meo. Familias y amores y sueños de superación marchitos. Sabe que terminar en el barrio sería como no haber vivido, por eso ni siquiera lo ilusiona un futuro mejor, se conforma con no morir en los monoblock. No por ahora, no mientras lees estas páginas" (Luis Cattenazzi).

Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

La gestión de incidentes críticos en la universidad Editorial Fundamentos

Quince relatos de académicos universitarios que tratan de retratar distintas formas de ser profesor universitario. Quince historias extraídas de la vida misma en las que se produce un incidente crítico, un conflicto que marcará un antes y un después en la identidad profesional de esos docentes. El libro está escrito por profesores experimentados que analizan esas historias desde tres miradas distintas y complementarias: desde la investigación sobre la docencia universitaria (C.Monereo), desde la literatura y el arte en educación (M.Monte), y desde la psicología y la psicoterapia

(P.Andreucci). Tres miradas que diseccionan la complejidad de una profesión en crisis y que aportan un modelo de análisis, una pauta para analizar incidentes críticos (PANIC), útil para repensar la propia identidad profesional. Una obra recomendada para profesores que empiezan, para académicos veteranos que aún piensan en mejorar, y para aquellos profesionales interesados en la formación, orientación y asesoramiento del profesorado universitario.

The screenplay *Typhus* was penned by Sartre in 1943-44 as a commission for French filmmakers Pathe, who were by that stage already planning their post-war production. The film was never made, though Yves Allegret's film *The Proud Ones* of 1953 retains some distant echoes of Sartre's original script. Lost for some 60 years, *Typhus* was rediscovered and republished in 2007, becoming one of the French publishing successes of the year. --
