BLAINE DEANNA

Bloodbrothers Simon and Schuster
A “vigorous, tough” novel that “dramatizes so well the awful power of family,” by the New York Times–bestselling author of *The Whites* and *Clockers* (The Atlantic Monthly). Eighteen-year-old Stony De Coco has to make a choice: either join his father in the tightly knit world of New York’s construction unions or take off and find his own path. But Stony’s family is not about to make that choice easy. As he struggles to protect his little brother, Albert, from their dangerously unbalanced mother, and to postpone the difficult adult responsibilities that await him, he finds hope in a job working with children at a hospital—a job that promises not to make anyone happy but Stony. “For all of its surface violence, blunt language and brute realism,” this story of working-class life in the Bronx “is a most subtle book. A sharp portrait of coming-of-age, in sorrow and in strength” (The Washington Post Book World). “Richard Price is the greatest writer of dialogue, living or dead, this country has ever produced.” —Dennis Lehane

Club's fifteen best books of 2020 |A Sunday Times best book of the year Selected by students across France to win the Prix Goncourt des Lycéens, David Diop's English-language, historical fiction debut *At Night All Blood is Black* is a “powerful, hypnotic, and dark novel” (Livres Hebdo) of terror and transformation in the trenches of the First World War. Alfa Ndiaye is a Senegalese man who, never before having left his village, finds himself fighting as a so-called “Chocolat” soldier with the French army during World War I. When his friend Mademba Diop, in the same regiment, is seriously injured in battle, Diop begs Alfa to kill him and spare him the pain of a long and agonizing death in No Man's Land. Unable to commit this mercy killing, madness creeps into Alfa's mind as he comes to see this refusal as a cruel moment of cowardice. Anxious to avenge the death of his friend and find forgiveness for himself, he begins a macabre ritual: every night he sneaks across enemy lines to find and murder a blue-eyed German soldier, and every night he returns to base, unharmed, with the German's severed hand. At first his comrades look at Alfa's deeds with admiration, but soon rumors begin to circulate that this super soldier isn't a hero, but a sorcerer, a soul-eater. Plans are hatched to get Alfa away from the front, and to separate him from his growing collection of hands, but how does one reason with a demon, and how far will Alfa go to make amends to his dead friend? Peppered with bullets and black magic, this remarkable novel fills in a forgotten chapter in the history of World War I. Blending oral storytelling traditions with the gritty, day-to-day, journalistic horror of life in the trenches, David Diop's

At Night All Blood is Black is a dazzling tale of a man's descent into madness. **Bloodstrike #1** Penguin In his first-ever collaboration, New York Times bestselling author James Rollins combines his skill for cutting-edge science and historical mystery with award-winning novelist Rebecca Cantrell's talent for haunting suspense and sensual atmosphere in a gothic tale about an ancient order and the hunt for a miraculous book known only as . . . The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the

approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

All the world over, people tell stories to express their deepest feelings about such things as what makes a "real" man or woman; what true love, courage, or any other virtue is; what the proper relationships are between people. Often groups of people widely separated by space or time will tell the same basic story, but with differences in the details that reveal much about a particular group's worldview. This book looks at differences in the telling of several common Hispanic folktales. James Taggart contrasts how two men—a Spaniard and an Aztec-speaking Mexican—tell such tales as "The Bear's Son." He explores how their stories present different ways of being a man in their respective cultures. Taggart's analysis contributes to a revision of Freud's theory of gender, which was heavily grounded in biological determinism. Taggart focuses instead on how fathers reproduce different forms of masculinity in their sons. In particular, he shows how fathers who care for their infant sons teach them a relational masculinity based on a connected view of human relationships. Thus, *The Bear and His Sons* will be important reading not only in anthropology and folklore, but also in the growing field of men's studies.

_____ 'Many years later, as he faced the firing squad, Colonel Aureliano Buendía was to remember that distant afternoon when his father took him to discover ice' Gabriel García Márquez's great masterpiece is the story of seven generations of the Buendía family and of Macondo, the town they built. Though little more than a settlement surrounded by mountains, Macondo has its wars and disasters, even its wonders and

its miracles. A microcosm of Columbian life, its secrets lie hidden, encoded in a book, and only Aureliano Buendía can fathom its mysteries and reveal its shrouded destiny.
