 Adrian Ludlow,
 a novelist with

a distinguished reputation and a book on the A level syllabus, is now seeking obscurity in a cottage beneath the Gatwick flight path. His university friend Sam Sharp, who has become a successful screen writer, drops in on the way to Los Angeles, fuming over a vicious profile of himself by Fanny Tarrant, one of the new breed of Rottweiler interviewers, in a Sunday newspaper. Together they	decide to take revenge on the interviewer, though Adrian is risking what he values most: his privacy. <i>Therapy</i> Random House The hero of One Fat Englishman, a literary publisher and lapsed Catholic escaped from the pages of Graham Greene to the campus of Budweiser College in provincial Pennsylvania, is philandering, drunken, bigoted, and	very very fat, not to mention in a state of continuous spluttering rage against everything, not least his own overgrown self. In America, Roger Micheldene must deal with not so obliging suburban housewives, aspiring Jewish novelists who as good as clean his clock, stray deer, bad cigars, children who beat him at Scrabble ("It was no wonder that people were

horrible when they started life as children”), and America itself, while making ever-more desperate and humiliating overtures to Helen, a Scandinavian ice queen. If only Roger would dare to show some real feeling of his own. This comic masterpiece—about the 1950s crashing drunkenly into the consumerist 1960s and a final scion of a disintegrating Old World empire

encountering its upstart New World offspring—is one of Kingsley Amis’s greatest and most caustic performances.

Random House Follows a group of British Roman Catholics as they experience the sexual revolution, marital problems, and crises of faith *The Campus Trilogy* Changing Places In this entertaining and

enlightening collection David Lodge considers the art of fiction under a wide range of headings, drawing on writers as diverse as Henry James, Martin Amis, Jane Austen and James Joyce. Looking at ideas such as the Intrusive Author, Suspense, the Epistolary Novel, Magic Realism and Symbolism, and illustrating each topic with a passage taken from a classic or modern

novel, David Lodge makes the richness and variety of British and American fiction accessible to the general reader. He provides essential reading for students, aspiring writers and anyone who wants to understand how fiction works.

McGarrigle and the lovely Angelica are the jet-propelled academics who are on the move, in the air and on the make in David Lodge's satirical Small World. Small World

Random House (UK)
After twenty years of marriage

Blanche Vernon is alone; abandoned by her husband Bertie for a childishy demanding computer expert named Mousie. While Blanche finds this turn of events baffling, she feels that Bertie must have left her because of her overly sensible demeanor. Yet many of their mutual friends disagree. In fact, Blanche has come to be regarded as undeniably eccentric--making elliptical

remarks that no one knows how to read, and chatting at great length about characters in fiction. She resolutely fills her unwanted hours with activities, maintaining her excellent appearance, drinking increasingly more wine, and, in an attempt to turn her energy to good works, becoming severely enmeshed in the life of a disordered young family. *Paradise News* New York Review of

 The subject of enthusiastic and widespread reviews, David Lodge's fourteenth work of fiction displays the humor and shrewd observations that have made him a

much-loved icon. Deaf Sentence tells the story of Desmond Bates, a recently retired linguistics professor in his mid-sixties. Vexed by his encroaching deafness and at loose ends in his personal life, Desmond inadvertently gets involved with a seemingly personable young American female student who seeks his support in matters academic and not so

academic, who finally threatens to destabilize his life completely with her unpredictable- and wayward-behavior. What emerges is a funny, moving account of one man's effort to come to terms with aging and mortality—a classic meditation on modern middle age that fans of David Lodge will love.
The Art of Fiction
 Random House
 David Lodge's first full-length play examines that curious

fixture in the writing game where the amateurs meet the professionals – on a course in creative writing. Maude, author of nine bestsellers, and Simon, with one sensational success to his name, are veterans of this particular course: Leo, a campus-based American novelist astounded by the dilettante approach of the English, is the odd man out. The idea is to put the students under	pressure, but in the converted barn that houses the tutors, professional and sexual tensions, past slights and current rivalries rapidly build to a fierce head of steam. Out of these pressures, David Lodge distils a sharply observed comedy of the problems and preoccupation s of the writer as the professionals, striving to explain to enthusiastic beginners how	to do it, are forced to confront an altogether trickier question: why on earth do they themselves write in the first place? Delicately probing, nimble parodic, uncomfortably on target, Lodge's incisive study of writers at work and at odds will bring the pleasure of recognition to all readers of fiction – and to most of those in the game. <i>A Novel/</i> Random House

When Philip Swallow and Professor Morris Zapp participate in their universities' Anglo-American exchange scheme, the Fates play a hand, and each academic finds himself enmeshed in the life of his counterpart on the opposite side of the Atlantic. Nobody is immune to the exchange: students, colleagues, even wives are swapped as events spiral out of control. And

soon both sundrenched Euphoric State university and rain-kissed university of Rumridge are a hotbed of intrigue, lawlessness and broken vows...

The Drunk Tantra

Gardners Books
In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an

interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of "non-reading"-from books that you've never heard of to books that you've read and forgotten-and offers advice on how to turn a

sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, *How to Talk About Books You Haven't Read*—which became a favorite of readers everywhere in the hardcover edition—is in the end a love letter to books, offering a whole new perspective on how we read and absorb them. Small World Random House This volume

brings together David Lodge's three brilliantly comic novels: *Changing Places*, *Small World* and *Nice Work*, which revolve around the University of Rummidge and the eventful lives of its role-swapping academics. Changing Places; Small World; Nice Work Penguin Books Language of Fiction was the first book of criticism by the renowned novelist and critic David Lodge. His

uniquely informed perspective—he was already the author of three successful novels at the time of its first publication in 1966—and lucid exposition meant that the work proved a landmark of literary criticism, not least because it succeeded Consciousness & the Novel Bloomsbury Publishing USA A riveting novel about the remarkable life—and

many loves—of author H. G. Wells H. G. Wells, author of *The Time Machine* and *War of the Worlds*, was one of the twentieth century's most prophetic and creative writers, a man who immersed himself in socialist politics and free love, whose meteoric rise to fame brought him into contact with the most important literary, intellectual, and political figures of his time, but who

in later years felt increasingly ignored and disillusioned in his own utopian visions. Novelist and critic David Lodge has taken the compelling true story of Wells's life and transformed it into a witty and deeply moving narrative about a fascinating yet flawed man. Wells had sexual relations with innumerable women in his lifetime, but in 1944, as he finds himself

dying, he returns to the memories of a select group of wives and mistresses, including the brilliant young student Amber Reeves and the gifted writer Rebecca West. As he reviews his professional, political, and romantic successes and failures, it is through his memories of these women that he comes to understand himself. Eloquent, sexy, and tender, the novel is an artfully composed

portrait of Wells's astonishing life, with vivid glimpses of its turbulent historical background, by one of England's most respected and popular writers.

Bernard Walsh, agnostic theologian, has a professional interest in heaven. But when he travels to Hawaii with his reluctant father Jack, to visit Jack's dying,

estranged sister it feels more like purgatory than paradise.
