Information about the biology, ecology, and management of quaking aspen on the mountains and plateaus of the interior western United States, and to a lesser extent, Canada, is summarized and discussed. The biology of aspen as a tree species, community relationships in the aspen ecosystem, environments, and factors affecting aspen forests are reviewed. The resources available within and from the aspen forest type, and their past and potential uses are examined. Silvicultural methods and other approaches to managing aspen for various resources and uses are presented.

#1 New York Times bestselling author Ilona Andrews invites you to experience the first novel in the “intriguing world” (Locus) of Kate Daniels with this special edition of Magic Bites... Kate Daniels is a down-on-her-luck mercenary who makes her living cleaning up magical problems. But when Kate’s guardian is murdered, her quest for justice draws her into a power struggle between two strong factions within Atlanta’s magic circles. Pressured by both sides to find the killer, Kate realizes she’s way out of her league—but she wouldn’t want it any other way... This special edition includes in-depth information about the world of Kate Daniels, with descriptions of its characters and factions. Explore Kate’s Atlanta like never before with answers to FAQ and a quiz to find your place there. And don’t miss the prequel story “A Questionable Client,” as well as scenes of events in Magic Bites from Curran’s point of view.

*Ptsd, Faith, and Lessons in Healing* iUniverse

This is the first book of its kind to focus solely on the female athlete triad - its origins, its recognition, and most importantly, its management. Since the symptoms themselves cover a range of medical specialties, chapters are written by experts in a number of relevant fields - sports medicine, orthopedics, endocrinology, and pediatrics - with an eye toward overall care of the young female athlete. Additionally, each chapter includes suggestions on how to educate and communicate with young athletes and their parents, as well as trainers and coaches, on how to manage the illness outside of the direct clinical setting. The female athlete triad is often seen in sports where low body weight is emphasized, such as gymnastics, figure skating, and running, though it can appear in any sport or activity. The interrelated symptoms - eating disorders, amenorrhea, and low bone mass - exist on a spectrum of severity and are serious and potentially life-threatening if not properly treated. Psychological problems, in addition to medical ones, are not uncommon. The Female Athlete Triad: A Clinical Guide discusses all of these areas for a well-rounded and in-depth approach to the phenomenon and will be a useful reference for any clinician working with female athletes across the lifespan.

*Expecting Someone Taller* Eagle Gate Publishers

Like cancer untreated, PTSD can kill—if not the body—the mind and soul. Linda King has portrayed, in real-time, what it is like to live with full-blown Post-traumatic stress disorder. She hopes to help to those who have carried the burdens of PTSD for years, and give the younger reader hope that will erase guilt and shame. A self-help book is, ideally, just that. Linda’s book is full of gems. Self-taught, she has gained the insight and wisdom not only to heal herself but others as well. She describes her long journey from barely surviving to thriving. Traumatic childhood events can shatter us in countless ways. Posttraumatic stress disorder impacts all aspects of the developing persona. For those who suffer PTSD, this book offers many “aha’s” toward wholeness and self-recovery: emotional, physical and, miraculously, spiritual. I believe you will find comfort here that helps you make the journey. Terry Lynne Dushan, LPC (Licensed Professional Counselor) Linda King has creatively fused psychology, spirituality and humor as she takes us on her healing journey in “With My Face to the Wind.” While sharing some of her personal tragedies, she weaves in just enough verifiable psychological content (without causing brain freeze) to know that she’s done her homework. Her wit and humor shine through just in the nick of time... Rhonda B. Holmes, Author, The WORD Diet

**The Manchurian Candidate** Springer Nature

Searches for the real Charlotte Bronte behind the loneliness, loss, and unrequited love--a strong woman with a fierce belief in herself, creative energy, and powerful ambition, who shaped her life and transformed it into art

*Losing Earth* BoD - Books on Demand

The Well of Loneliness, first published in 1928, is a timeless portrayal of lesbian love. The thinly disguised story of Hall's own life, it was banned outright upon publication and almost ruined her literary career as the subject was that of an obscenity trial and forbidden at the time in England. The novel tells the story of Stephen, an ideal child of aristocratic parents—a fencer, a horse rider and a keen scholar. Stephen grows to be a war hero, a bestselling writer and a loyal, protective lover. But Stephen is a woman, and is attracted to women. As her ambitions drive her, and society

incarcerates her, Stephen is forced into desperate actions. Although Gordon's attitude toward her own sexuality is anguished, the novel presents lesbianism as natural and makes a plea for greater tolerance. It became an international bestseller, and for decades was the single most famous lesbian novel.

A Bookpage Best Books of 2012 pick The enchanting story of a midwestern girl who escapes a family tragedy and is remade as a movie star during Hollywood’s golden age. In 1920, Elsa Emerson, the youngest and blondest of three sisters, is born in idyllic Door County, Wisconsin. Her family owns the Cherry County Playhouse, and more than anything, Elsa relishes appearing onstage, where she soaks up the approval of her father and the embrace of the audience. But when tragedy strikes her family, her acting becomes more than a child’s game of pretend. While still in her teens, Elsa marries and flees to Los Angeles. There she is discovered by Irving Green, one of the most powerful executives in Hollywood, who refashions her as a serious, exotic brunette and renames her Laura Lamont. Irving becomes Laura’s great love; she becomes an Academy Award-winning actress—and a genuine movie star. Laura experiences all the glamour and extravagance of the heady pinnacle of stardom in the studio-system era, but ultimately her story is a timeless one of a woman trying to balance career, family, and personal happiness, all while remaining true to herself. Ambitious and richly imagined, Laura Lamont’s Life in Pictures is as intimate—and as bigger-than-life—as the great films of the golden age of Hollywood. Written with warmth and verve, it confirms Emma Straub’s reputation as one of the most exciting new talents in fiction.

*Laura Lamont's Life in Pictures* Anchor

While languishing in the desert of depression, devout Christian Shannon Martindale assumed her complete healing would be the result of her faith. Exercising the principles offered by scripture which previously sustained her through the challenges of divorce, single-parenting, family deaths, remarriage, and infertility, she entered the valley of sorrow, searching for spiritual replenishment, yet still remaining unhealed. Guidance finally came by discovering the origin of her disorder physiologically residing in an over-sensitive nervous system. Through a psychiatrist who combined Christian therapy with an international self-help organization emphasizing the essential necessity of balance, today she maintains her mental, emotional and spiritual health by avoiding extremes. She now leads a normal life, integrating Christianity and psychology in this personal account of her successful recovery, offered for all who have walked the path of uncertainty, frequently experienced by depressed Christians.

*Way to Be!* Light Technology Publishing

"A collection of ten short stories that all take place in the same day about kids walking home from school"--

*The Freedom Factor* RosettaBooks

In July 2007, Lewis Gordon Pugh became the first person to swim at the North Pole, in temperatures that would kill a normal person, primarily to raise awareness of climate change. Nicknamed 'the human polar bear' for his ability to raise his body temperature at will, he has pioneered swims in the world's most hostile waters, redefining what it is possible to achieve in terms of endurance. A former member of the SAS, Lewis tells his fantastic story here for the first time. Chapters cover his childhood, growing up with his 'hero' Surgeon Rear Admiral father, his early life in South Africa, his gruelling training in the army's elite regiment, his inspiration and, of course, plenty of action/adventure stories, chronicling his many nail-biting endurance swims. With practical lessons taken from his own life, Lewis explains how recognising one's passions and taking calculated risks is

essential for anyone looking to fulfil their goals. The book will also cover his expedition kayaking to the North Pole in summer 2008 and preparing for his most dangerous swim yet - on Everest! - planned for May 2010. His story is inspiring, entertaining and thrilling in equal measure, and its 39-year-old author is a much-needed role model for our times.

**Jesus, the Very Thought of Thee** W. W. Norton & Company

Tells the story of a high school history class experiment that frighteningly demonstrated the power of fascism.

**A Foster Child's Search for the Love of a Family** Xlibris Corporation

This open access book describes the serious threat of invasive species to native ecosystems. Invasive species have caused and will continue to cause enormous ecological and economic damage with ever increasing world trade. This multi-disciplinary book, written by over 100 national experts, presents the latest research on a wide range of natural science and social science fields that explore the ecology, impacts, and practical tools for management of invasive species. It covers species of all taxonomic groups from insects and pathogens, to plants, vertebrates, and aquatic organisms that impact a diversity of habitats in forests, rangelands and grasslands of the United States. It is well-illustrated, provides summaries of the most important invasive species and issues impacting all regions of the country, and includes a comprehensive primary reference list for each topic. This

scientific synthesis provides the cultural, economic, scientific and social context for addressing environmental challenges posed by invasive species and will be a valuable resource for scholars, policy makers, natural resource managers and practitioners.

**A Lamp Unto My Feet [ PB Refresh]** Shadow Mountain

A collection of inspiring words of encouragement by President Gordon B. Hinckley. Features artwork from LDS artists.

**Daily Reflections on the New Testament** Simon & Schuster

From one of the world's foremost spiritual leaders, an inspiring book that provides young adults and their parents with a game plan for leading a better life. This inspiring, upbeat, life-affirming book shows teenagers and their families how to navigate through the moral minefields of contemporary life and how to truly enjoy the opportunities and blessings that the modern world has to offer. Drawing upon his faith as well as his personal experience, Gordon B. Hinckley provides his readers with a game plan for discovering and embracing the things in life that are valuable and worthwhile. He shows how our lives are shaped by the decisions we make every day about personal behavior -- and he shows how to make the right decisions with the help of nine guiding principles. With its vivid anecdotes, invaluable precepts, and timeless wisdom, Way to Be! will be a source of both inspiration and practical advice for young people everywhere who want to lead better, fuller, more satisfying lives.
