Conversations with the Creators of the  
New Comics Vintage

With engaging rhyme and stunning illustrations, this picture book sparks readers' imaginations with the big idea that God created human beings to make, model, and work like Him. The Creator in You is a book that children, graduates, and even many adults will treasure for a lifetime. This fresh perspective on the creation account from the Bible's first book, Genesis, helps readers see that "the sixth day" wasn't the end of creation—it was "just the beginning." "Before His day off, God had one more to-do. On His sixth day creating, God chose to make you." God made kids to create like he does—by filling the world with sand castles and s'mores today, and businesses and books tomorrow. Through inspiring illustrations and text, readers of all ages will feel connected to God's story of creation in a deeply personal way, inspiring them to view

their current and future work with purpose, enthusiasm, and joy.

Kingsley Amis described Paul Johnson's Intellectuals as "a valuable and entertaining Rogues' Gallery of Adventures of the Mind." Now the celebrated journalist and historian offers Creators, a companion volume of essays that examines a host of outstanding and prolific creative spirits. Here are Disney, Picasso, Bach, and Shakespeare; Austen, Twain, and T. S. Eliot; and Dürer, Hokusai, Pugin, and Viollet-le-Duc, among many others. Paul Johnson believes that creation cannot be satisfactorily analyzed, but it can be illustrated to bring out its salient characteristics. That is the purpose of this instructive and witty book.

*A Memoir by the Creator of Nike* ABDO  
"Smith's rampage was the first many Americans had heard of this small, previously obscure organization. In this comprehensive history of the Creativity Movement, one of the most radical organizations in the history of the

American far right, George Michael reminds us that some of the most dangerous radical elements in the United States are home grown."--Jacket.

In an eloquent history of landscape and land use, Vittoria Di Palma takes on the "anti-picturesque"—how landscapes that elicit fear and disgust have shaped our conceptions of beauty and the sublime.

The history of comics has centered almost exclusively on men. Comics historians largely describe the medium as one built by men telling tales about male protagonists, neglecting the many ways in which women fought for legitimacy on the page and in publishers' studios. Despite this male-dominated focus, women played vital roles in the early history of comics. The story of how comic books were born and how they evolved changes dramatically when women like June Tarpé Mills and Lily Renée are placed at the center rather than at the margins of this history, and when characters such as the Black Cat, Patsy Walker, and Señorita Rio are analyzed. *Comic Book Women* offers a feminist history of the golden age of comics, revising our understanding of how numerous genres emerged and upending narratives of how male auteurs built their careers. Considering issues of race, gender, and sexuality, the authors examine crime, horror, jungle, romance, science fiction, superhero, and Western comics to unpack the cultural and industrial consequences of how women were represented across a wide range of titles by publishers like DC, Timely, Fiction House, and others. This revisionist history reclaims the forgotten work done

by women in the comics industry and reinserts female creators and characters into the canon of comics history.

**The Mirror Makers** Dragonfly Council of Creators and Zoosh through Robert Shapiro: The 13 core members of the Council of Creators discuss their adventure in coming to awareness of themselves and their journeys on the way to the Council on this level. They discuss the advice and oversight they offer to all creators, including the creators of this local universe. These beings are wise, witty and joyous, and their stories of Love's Creation creates an expansion of our concepts as we realize that we live in an expended, multiple-level reality.

*A History of the Theatre Costume Business* is the first-ever comprehensive book on the subject, as related by award-winning actors and designers, and first hand by the drapers, tailors, and craftspeople who make the clothes that dazzle on stage. Readers will learn why stage clothes are made today, by whom, and how. They will also learn how today's shops and ateliers arose from the shops and makers who founded the business. This never-before-told story shows that there is as much drama behind the scenes as there is in the performance: famous actors relate their intimate experiences in the fitting room, the glories of gorgeous costumes, and the mortification when things go wrong, while the costume makers explain how famous shows were created with toil, tears, and sweat, and sometimes even a little blood. This is history told by the people who were present at the creation

– some of whom are no longer around to tell their own story. Based on original research and first-hand reporting, *A History of the Theatre Costume Business* is written for theatre professionals: actors, directors, producers, costume makers, and designers. It is also an excellent resource for all theatregoers who have marveled at the gorgeous dresses and fanciful costumes that create the magic on stage, as well as for the next generation of drapers and designers.

In this instant and tenacious New York Times bestseller, Nike founder and board chairman Phil Knight "offers a rare and revealing look at the notoriously media-shy man behind the swoosh" (Booklist, starred review), illuminating his company's early days as an intrepid start-up and its evolution into one of the world's most iconic, game-changing, and profitable brands. Bill Gates named *Shoe Dog* one of his five favorite books of 2016 and called it "an amazing tale, a refreshingly honest reminder of what the path to business success really looks like. It's a messy, perilous, and chaotic journey, riddled with mistakes, endless struggles, and sacrifice. Phil Knight opens up in ways few CEOs are willing to do." Fresh out of business school, Phil Knight borrowed fifty dollars from his father and launched a company with one simple mission: import high-quality, low-cost running shoes from Japan. Selling the shoes from the trunk of his car in 1963, Knight grossed eight thousand dollars that first year. Today, Nike's annual sales top \$30 billion. In this age of start-ups, Knight's Nike is the gold standard, and its swoosh is one of the few icons instantly recognized in every corner of the world. But Knight, the man behind the swoosh, has always been a

mystery. In *Shoe Dog*, he tells his story at last. At twenty-four, Knight decides that rather than work for a big corporation, he will create something all his own, new, dynamic, different. He details the many risks he encountered, the crushing setbacks, the ruthless competitors and hostile bankers—as well as his many thrilling triumphs. Above all, he recalls the relationships that formed the heart and soul of Nike, with his former track coach, the irascible and charismatic Bill Bowerman, and with his first employees, a ragtag group of misfits and savants who quickly became a band of swoosh-crazed brothers. Together, harnessing the electrifying power of a bold vision and a shared belief in the transformative power of sports, they created a brand—and a culture—that changed everything.

Live out of your imagination and not your history! This is how life was intended to be lived. Our imagination can instantly transport us around the world, to our home, in our back yard, into the past or to our desired future. Through imagination we can instantly experience the sunny beaches of California, go skiing on the Alpine Mountains in Europe, brave the tumultuous waters of Niagara Falls or explore the magnificent and vast galaxies. But why, unlike any other species have we been given the ability

to use imagination? Perhaps there is more to us than we have ever cared to stop and think about. Do we have a greater purpose and a higher calling in life, than we have ever imagined? We must be made aware of how wonderfully and magnificently God has made us. We are created in the very image and likeness of God and we are designed to create our desired reality. God never intended us to be victims of any circumstance. He designed us with an imagination that will deliver us from sickness to health, from depression to joy, from poverty to wealth, from shyness to confidence and from failure to success. Sadly, due to a lack of understanding and awareness, we've used our imagination to create a life we don't desire. However, when we understand the power of our imagination coupled with knowledge of the laws and principles in this marvelous universe, life becomes a fun and exciting adventure. Open your magnificent mind! Inside this book is vital information and wisdom. When properly applied, it will produce positive and lasting results, and bring new purpose and meaning to your life. The truth is we are all creators, but many people don't acknowledge this fact! Follow this author's guidance and claim all that is yours. You are destined to live a completely fulfilling life. Live your destiny now, you deserve it." - Peggy McColl, New York Times Best Selling Author Paperback Book
