CULLEN MANNING

Pink Noises Cosimo, Inc.

Dubois' oratorio was given its premiere on Good Friday (April 19), 1867 at glise de la Madeleine in Paris under the composer's direction. Although first published in 1886 by Georges Hartmann of Paris, the vocal score presented here is a digitally enhanced reprint of the one first produced in 1899 by G. Schirmer of New York, with an English translation beneath the original Latin text by Theodore Baker (1851-1934). This score has been carefully reviewed, with measure numbers and rehearsal letters added. It is now completely compatible with the widely available full score and orchestral parts issued by Edwin F. Kalmus. The large (A4) size makes it particularly easy to read for choruses both at both professional and community levels. IMSLP page All Music Guide

Workbook t/a Music in Theory and Practice, Volume I Serenissima Music, Inc.

DIDO'S LAMENT IS A STORY OF INSPIRATION AND LOVE. IT IS SET IN LONDON IN THE 1680'S WHERE HENRY PURCELL AND NAHUM TATE ARE COLLABORATING ON THE COMPOSITION OF ENGLAND'S FIRST OPERA. THEY ARE ADAPTING VIRGIL'S TRAGIC LOVE STORY DIDO AND AENEAS, A SUBJECT THAT CONNECTS WITH THEIR OWN AMBITIONS FOR LOVE.

A Mad Love Rutgers University Press

Composed in 1869 for the Vienna Men's Choral Association, Strauss' Opus 333 originally included parts for men's chorus. It has since become far more popular in the version he prepared afterward for orchestra only, which is the one presented here in a beautifully engraved new score edited by Clark McAlister. A welcome addition to the libraries of Johann Strauss aficionados, conducting students and music lovers everywhere, this convenient format study score is a reduced-sized reissue of the large score first issued in 2007 by the now-defunct publisher Edwin F. Kalmus. Fortunately, Clark McAlister was able to retrieve his outstanding catalogue of editions and arrangements after the collapse. Serenissima Music is proud to make them all available - including the matching full score and orchestral parts.

Mapping Musical Signification Cambridge University Press

Decadence and Literature explains how the concept of decadence developed since Roman times into a major cultural trope with broad explanatory power. No longer just a term of opprobrium for mannered art or immoral behaviour, decadence today describes complex cultural and social responses to modernity in all its forms. From the Roman emperor's indulgence in luxurious excess as both personal vice and political control, to the Enlightenment libertine's rational pursuit of hedonism, to the nineteenth-century dandy's simultaneous delight and distaste with modern urban life, decadence has emerged as a way of taking cultural stock of major social changes. These changes include the role of women in forms of artistic expression and social participation formerly reserved for men, as well as the increasing acceptance of LGBTQ+ relationships, a development with a direct relationship to decadence. Today, decadence seems more important than ever to an informed understanding of contemporary anxieties and uncertainties.

From Studio to Stage University of Pennsylvania Press

A lively introduction to opera, from the Renaissance to the twenty-first century There are few art forms as visceral and emotional as opera -- and few that are as daunting for newcomers. A Mad Love offers a spirited and indispensable tour of opera's eclectic past and present, beginning with Monteverdi's L'Orfeo in 1607, generally considered the first successful opera, through classics like Carmen and La Boheme, and spanning to Brokeback Mountain and The Death of Klinghoffer in recent years. Musician and critic Vivien Schweitzer acquaints readers with the genre's most important composers and some of its most influential performers, recounts its long-standing debates, and explains its essential terminology. Today, opera is everywhere, from the historic houses of major opera companies to movie theaters and public parks to offbeat performance spaces and our earbuds. A Mad Love is an essential book for anyone who wants to appreciate this living, evolving art form in all its richness.

Biomythography Bayou Cambridge University Press

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for

students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

Henry Purcell Oxford University Press

This famous "Trumpet Tune and Air" was originally written for keyboard but seems like it was meant for a more grand orchestration! The somber, minor Air is sandwiched between the celebratory Trumpet Tune. The repeats have been removed on the return to the Trumpet Tune as the work drives to a joyous conclusion.

All You Have to Do is Listen Dissertations-G

Music remains something of a mystery to many people—ephemeral sounds floating invisibly through the air—here, and then gone. This book begins with the basic question of what music actually is, scientifically, employing simple, clear explanations of wave theory and the acoustics of sound as part of God's natural creation. It presents accessible and fascinating explanations of some theories of the psychology of perception of music, how music speaks to the mind, emotions, and spirit. Some of these concepts have rarely been addressed outside the ivory tower and even more rarely been seen through the lens of Catholic theology. Moving from music and the individual to music in the culture and the Church, the author addresses numerous issues in the context of Catholic thought, including: immanence and transcendence in music the Real Presence and music Moral Theology, Natural Law and music ordered and disordered understandings of music as it relates to the emotions understanding the authentic meanings of "beauty" and "creativity" the real function of music in Catholic liturgy the role of music in evangelization This is a kind of "layman's handbook," a comprehensive theology of all things music, which anyone can understand, written by an internationally respected classical composer and music professor at a top secular university who is also a faithful Catholic. It sheds light on the mysteries of music and furthers the spiritual formation regarding music for Catholics of many ages and walks of life. It is groundbreaking in its comprehensive and holistic treatment of music from a Catholic perspective, and particularly timely in advocating for the renewal of the norms for music in liturgy found in the documents of Vatican II. It also presents one of the most penetrating critical examinations to be found of contemporary classical music, from an insider.

A Critical Old-spelling Edition of Nahum Tate's Brutus of Alba Alfred Music

This book is a unique attempt to systematize the latest research on all that music connotes. Musicological reflections on musically expressive content have been pursued for some decades now, in spite of the formalist prejudices that can still hinder musicians and music lovers. The author organizes this body of research so that both professionals and everyday listeners can benefit from it - in plain English, but without giving up the level of depth required by the subject matter. Two criteria have guided his choice among the many ways to speak about musical meaning: its relevance to performance, and its suitability to the teaching context. The legacy of the so-called art music, without an interpretive approach that links ancient traditions to our present, runs the risk of missing the link to the new generations of musicians and listeners. Complementing the theoretical, systematic content, each chapter includes a wealth of examples, including the so-called popular music.

Harmony, Counterpoint, Partimento Rowman & Littlefield

This hardbound edition of Yarker's classic opus is not merely another facsimile edition. It has been completely reformatted, yet retains a look and feel that is comparable to the original 1909 edition, right down to the blue cloth binding and gold stamped spine. From Alchemy to Zoroaster, and everything in between, The Arcane Schools continues to be one of the most comprehensive and authoritative works concerning the history and migration of the Western Mystery Tradition. Students of Freemasonry, Rosicrucianism, and Theosophy will find this to be an indispensable addition to their collection.

Dido and Aeneas Ignatius Press

Monumental epic poem tells the heroic story of Aeneas, a Trojan who escaped the burning ruins of Troy to found Lavinium, the parent city of Rome, in the west.

Purcell's Dido & Aeneas BRILL

Rob Kapilow has been helping audiences hear more in great music for almost twenty years with his What Makes It Great? series on NPR, at Lincoln Center, and in concert halls throughout the US and Canada. In this book, he gives you a set of tools you can use when listening to any piece of music in order to hear its “plot”—its story told in notes. The musical examples are available free for download to help you hear the ideas presented. Whether you are an experienced concertgoer or a newcomer to classical music, the listening principles Kapilow shares will help you "get" music in an exciting, fresh new way. "Kapilow gets audiences in tune with classical music at a deeper and more immediate level than many of them thought possible." —Los Angeles Times "Rob Kapilow is awfully good at what he does. We need him." —The Boston Globe "A wonderful guy who brings music alive!" —Katie Couric "Rob Kapilow leaps into the void dividing music analysis from appreciation and fills it with exhilarating details and sensations." —The New York Times "You could practically see the light bulbs going on above people's heads. . . . The audience could decipher the music in a new, deeper way. It was the total opposite of passive listening." —The Philadelphia Inquirer

The Arcane Schools Oxford University Press, USA

This volume provides the first full-scale commentary on the eighth book of Virgil's Aeneid, the book in which the poet presents the unforgettable tour of the site of the future Rome that the Arcadian Evander provides for his Trojan guest Aeneas, as well as the glorious apparition and bestowal of the mystical, magical shield of Vulcan on which the great events of the future Roman history are presented – culminating in the Battle of Actium and the victory of Octavian over the forces of Antony and Cleopatra. A critical text based on a fresh examination of the manuscript tradition is accompanied by a prose translation.

Martin Stadtfeld: Piano Songbook Turner Publishing Company

This work is a complete English translation of the Latin Etymologies of Isidore, Bishop of Seville (c.560–636). Isidore compiled the work between c.615 and the early 630s and it takes the form of an encyclopedia, arranged by subject matter. It contains much lore of the late classical world beginning with the Seven Liberal Arts, including Rhetoric, and touches on thousands of topics ranging from the names of God, the terminology of the Law, the technologies of fabrics, ships and agriculture to the names of cities and rivers, the theatrical arts, and cooking utensils. Isidore provides etymologies for most of the terms he explains, finding in the causes of words the underlying key to their meaning. This book offers a highly readable translation of the twenty books of the Etymologies, one of the most widely known texts for a thousand years from Isidore's time.

Henry Purcell's Dido and Aeneas McGraw-Hill Education

When your stories flow from the brackish waters of the Gulf South, where the land and water merge, your narratives cannot be contained or constrained by the Eurocentric conventions of autobiography. When your story is rooted in the histories of your West African, Creek, and Creole ancestors, as well as your Black, feminist, and queer communities, you must create a biomythography that transcends linear time and extends beyond the pages of a book. Biomythography Bayou is more than just a book of memoir; it is a ritual for conjuring queer embodied knowledges and decolonial perspectives. Blending a rich gumbo of genres—from ingredients such as praise songs, folk tales, recipes, incantations, and invocations—it also includes a multimedia component, with “bayou tableau” images and audio recording links. Inspired by such writers as Audre Lorde, Zora Neale Hurston, and Octavia Butler, Mel Michelle Lewis draws from the well of her ancestors in order to chart a course toward healing Afrofutures. Showcasing the nature, folklore, dialect, foodways, music, and art of the Gulf's coastal communities, Lewis finds poetic ways to celebrate their power and wisdom.

The Sonatas of Henry Purcell Alfred Music

A student of Clementi, the Irish composer John Field was especially known for his nocturnes and the influence of these musical mood pieces on the works of Frederic Chopin. Titles: * Nocturne in E-flat Major * Nocturne in C Minor * Nocturne in A-flat Major * Nocturne in A Major * Nocturne in B-flat Major * Nocturne in F Major * Nocturne in A Major * Nocturne in E-flat Major * Nocturne in E Minor * Nocturne in E Major * Nocturne in E-flat Major * Nocturne in E Major * Nocturne in C Major * Nocturne in G Major * Nocturne in F Major * Nocturne in C Major * Nocturne in C Major * Nocturne in F Major

The late Doscher was a singing teacher at the U. of Colorado-Boulder. This volume compiles the note cards on songs and arias that she composed in order to aid her teaching. The entries are broadly organized by type of piece, with notes on difficulty, author, keys available, ranges, tessitura, voice types, and other comments included. Five indexes allow readers to find compositions by composer, lyricist, title, range, and difficulty level. Annotation copyrighted by Book News, Inc., Portland, OR

Deux Gymnopedies, Orchestral setting Alfred Music

Purcell's Dido and Aeneas stands as the greatest operatic achievement of seventeenth-century England, and yet, despite its global renown, it remains

cloaked in mystery. The date and place of its first performance cannot be fixed with precision, and the absolute accuracy of the surviving scores, which date from almost 100 years after the work was written, cannot be assumed. In this thirtieth-anniversary new edition of her book, Ellen Harris closely examines the many theories that have been proposed for the opera's origin and chronology, considering the opera both as political allegory and as a positive exemplar for young women. Her study explores the work's historical position in the Restoration theater, revealing its roots in seventeenth-century English theatrical and musical traditions, and carefully evaluates the surviving sources for the various readings they offer-of line designations in the text (who sings what), the vocal ranges of the soloists, the use of dance and chorus, and overall layout. It goes on to provide substantive analysis of Purcell's musical declamation and use of ground bass. In tracing the performance history of Dido and Aeneas, Harris presents an in-depth examination of the adaptations made by the Academy of Ancient Music at the end of the eighteenth century based on the surviving manuscripts. She then follows the growing interest in the creation of an "authentic" version in the nineteenth and early twentieth centuries through published editions and performance reviews, and considers the opera as an important factor in the so-called English Musical Renaissance. To a significant degree, the continuing fascination with Purcell's Dido and Aeneas rests on its apparent mutability, and Harris shows this has been inherent in the opera effectively from its origin.

Dance Bacchanale Samson and Delilah Beginner Piano Sheet Music Boydell & Brewer

Pink Noises brings together twenty-four interviews with women in electronic music and sound cultures, including club and radio DJs, remixers, composers, improvisers, instrument builders, and installation and performance artists. The collection is an extension of Pinknoises.com, the critically-acclaimed website founded by musician and scholar Tara Rodgers in 2000 to promote women in electronic music and make information about music production more accessible to women and girls. That site featured interviews that Rodgers conducted with women artists, exploring their personal histories, their creative methods, and the roles of gender in their work. This book offers new and lengthier interviews, a critical introduction, and resources for further research and technological engagement. Contemporary electronic music practices are illuminated through the stories of women artists of different generations and cultural backgrounds. They include the creators of ambient soundscapes, “performance novels,” sound sculptures, and custom software, as well as the developer of the Deep Listening philosophy and the founders of the Liquid Sound Lounge radio show and the monthly Basement Bhangra parties in New York. These and many other artists open up about topics such as their conflicted relationships to formal music training and mainstream media representations of women in electronic music. They discuss using sound to work creatively with structures of time and space, and voice and language; challenge distinctions of nature and culture; question norms of technological practice; and balance their needs for productive solitude with collaboration and community. Whether designing and building modular synthesizers with analog circuits or performing with a wearable apparatus that translates muscle movements into electronic sound, these artists expand notions of who and what counts in matters of invention, production, and noisemaking. Pink Noises is a powerful testimony to the presence and vitality of women in electronic music cultures, and to the relevance of sound to feminist concerns. Interviewees: Maria Chavez, Beth Coleman (M. Singe), Antye Greie (AGF), Jeannie Hopper, Bevin Kelley (Blevin Blectum), Christina Kubisch, Le Tigre, Annea Lockwood, Giulia Loli (DJ Mutamassik), Rekha Malhotra (DJ Rekha), Riz Maslen (Neotropic), Kaffe Matthews, Susan Morabito, Ikue Mori, Pauline Oliveros, Pamela Z, Chantal Passamonte (Mira Calix), Maggi Payne, Eliane Radigue, Jessica Rylan, Carla Scaletti, Laetitia Sonami, Bev Stanton (Arthur Loves Plastic), Keiko Uenishi (o.blaat)

Golden Sonata Oxford University Press

Using a mix of broad stylistic observation and detailed analysis, Adams distinguishes between late-seventeenth-century English style in general and Purcell's style in particular, and chronicles the changes in the composer's approach to the main genres in which he worked, especially the newly emerging ode and English opera. As a result, Adams reveals that although Purcell went through a marked stylistic development, encompassing an unusually wide range of surface changes, special elements of his style remained constant.
