Grit Crown

From the Pulitzer Prize-winning author of *All the Light We Cannot See*, perhaps the most bestselling and beloved literary fiction of our time, comes a triumph of imagination and compassion, a soaring novel about children on the cusp of adulthood in a broken world, who find resilience, hope, and story. The heroes of *Cloud Cuckoo Land* are trying to figure out the world around them: Anna and Omeir, on opposite sides of the formidable city walls during the 1453 siege of Constantinople; teenage idealist Seymour in an attack on a public library in present day Idaho; and Konstance, on an interstellar ship bound for an exoplanet, decades from now. Like Marie-Laure and Werner in *All the Light We Cannot See*, Anna, Omeir, Seymour, and Konstance are dreamers and

outsiders who find resourcefulness and hope in the midst of peril. An ancient text—the story of Aethon, who longs to be turned into a bird so that he can fly to a utopian paradise in the sky—provides solace and mystery to these unforgettable characters. Doerr has created a tapestry of times and places that reflects our vast interconnectedness—with other species, with each other, with those who lived before us and those who will be here after we’re gone. Dedicated to “the librarians then, now, and in the years to come,” *Cloud Cuckoo Land* is a hauntingly beautiful and redemptive novel about stewardship—of the book, of the Earth, of the human heart.

#1 NEW YORK TIMES BESTSELLER • Discover the life-changing memoir that has inspired millions of readers through the Academy Award®-winning actor’s unflinching honesty, unconventional wisdom, and lessons learned the hard way about

living with greater satisfaction. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE GUARDIAN “McConaughey’s book invites us to grapple with the lessons of his life as he did—and to see that the point was never to win, but to understand.”—Mark Manson, author of *The Subtle Art of Not Giving a F\*ck* I’ve been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life’s challenges—how to get relative with the inevitable—you can enjoy a state of success I call “catching greenlights.” So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it’s medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot’s license, going to church without having to be born again, and laughing through the tears. It’s a

love letter. To life. It’s also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

*The Final Act of the Trump Show* Simon and Schuster

She's a romantic at heart, living in the most unromantic of worlds . . . Nicknamed Sweet Abelli for her docile nature, Elena smiles on cue and has a charming response for everything. She's the favored daughter, the perfect mafia principessa . . . or was. Now, all she can see in the mirror's reflection is blood staining her hands like crimson paint. They say first impressions are everything . . . In the murky waters of New York's underworld, Elena's sister is arranged to marry Nicolas Russo. A Made Man, a boss, a cheat-even measured against mafia standards. His reputation stretches far and wide and is darker than his black suits and ties. After his and Elena's first encounter ends with an accidental glare on her part, she realizes he's just as rude as he is handsome. She doesn't like the man or anything he stands for, though that doesn't stop her heart from pattering like rain against glass when he's near, nor the shiver that ghosts down her spine at the sound of his voice. And he's always near. Telling her what to do. Making her feel hotter than any future brother-in-law should. Elena may be the Sweet Abelli on the outside, but she's beginning to learn she has a taste for the darkness, for rough hands, cigarettes, and whiskey-colored eyes. Having already escaped one scandal, however, she can hardly afford to be swept up in another. Besides, even if he were hers, everyone knows you don't fall in love with a Made Man . . . right? This is a standalone forbidden romance.

Sonto Kalzoy is the opposite of fearless. Plastered with the title "Son of the Rebels," everyone despises him and his older sister. But slowly, he begins to notice that he is not the only person on the gloomy island of Tonkono that is mistreated for selfish reasons. And when his best friend is imprisoned because of a genius with eyes of fire, he realizes that this is his time to face his fears and make a difference. As one of the few people who still believe that light can fill the gray sky once again, Sonto embarks on a journey to save his people, and perhaps himself, too. But will he make it in time to meet the Sun?

\*\*\*THE INSTANT New York Times, Wall Street Journal, USA Today, and IndieBound BESTSELLER\*\*\* An NPR Book of the Day Picking up where the New York Times bestselling *Front Row at the Trump Show* left off, this is the explosive look at the aftermath of the election—and the events that followed Donald Trump's leaving the White House—from ABC News' chief Washington correspondent. Nobody is in a better position to tell the story of the shocking final chapter of the Trump show than Jonathan Karl. As the reporter who has known Donald Trump longer than any other White House correspondent, Karl told the story of Trump's rise in the New York Times bestseller *Front Row at the Trump Show*. Now he tells the story of Trump's downfall, complete with riveting behind-the-scenes accounts of some of the darkest days in the history of the American presidency and packed with original reporting and on-the-record interviews with central figures in this drama who are telling their stories for the first time. This is a definitive account of what was really going on during the final weeks and months of the Trump presidency and

what it means for the future of the Republican Party, by a reporter who was there for it all. He has been taunted, praised, and vilified by Donald Trump, and now Jonathan Karl finds himself in a singular position to deliver the truth.

"We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

The Book in a Box Method: The New Way to Quickly and Easily Write Your Book (Even If You're Not a Writer) Simon and Schuster  
A gripping page-turner for fans of *The Woman in the Window* and

*The Perfect Nanny*, Michelle Sacks's *You Were Made For This* provocatively explores the darkest sides of marriage, motherhood, and friendship. Doting wife, devoted husband, cherished child. Merry, Sam, and Conor are the perfect family in the perfect place. Merry adores the domestic life: baking, gardening, caring for her infant son. Sam, formerly an academic, is pursuing a new career as a filmmaker. Sometimes they can hardly believe how lucky they are. What perfect new lives they've built. When Merry's childhood friend Frank visits their Swedish paradise, she immediately becomes part of the family. She bonds with Conor. And with Sam. She befriends the neighbors, and even finds herself embracing the domesticity she's always seemed to scorn. All their lives, Frank and Merry have been more like sisters than best friends. And that's why Frank soon sees the things others might miss. Treacherous things, which are almost impossible to believe when looking at this perfect family. But Frank, of all people, knows that the truth is rarely what you want the world to see.

Cloud Cuckoo Land (Large Print Edition) Compendium Publishing & Communications

"Time is no more for the fifteen hundred souls who perished with them; but Honour and Glory, by strange ways and unlooked-for events, have come into their own. It was not Time, nor the creatures and things of Time, that received their final crown there; but things that have nothing to do with Time, qualities that, in their power of rising beyond all human limitations, we must needs call divine." "To say that all the men who died on the Titanic were heroes would be as absurd as to say that all who were saved were cowards. There were heroes among both groups

and cowards among both groups, as there must be among any large number of men." "In such moments all artificial bonds are useless. It is what men are in themselves that determines their conduct; and discipline and conduct like this are proofs, not of the superiority of one race over another, but that in the core of human nature itself there is an abiding sweetness and soundness that fear cannot embitter nor death corrupt." The story of the sinking of the Titanic based on first hand accounts collected in the days and weeks following the disaster. The story of the Titanic is now well known, but in the months following the disaster wild speculation was rife. On Thursday 22 May 1912, a mere 37 days after the sinking, respected London publisher Grant Richards, delivered Filson Young's book to booksellers around the capital. It was the first attempt to plot the demise of the unsinkable ship from a well-respected writer who had already argued in the light of the Oceana sinking, for proper use of the wireless on board ships. Both Filson and Grant knew victims of the sinking and both worked hard to gather first-hand testimony to use in the book. Much of his telling of the story still stands today and his speculations about the feeling of daily life aboard the doomed ship are used in books and films on the subject.

of tartes tatins for local restaurants, an Ohio housewife contemplates her four kids, husband, cats and chickens. Also, America's ignoble past, and her own regrets. She is surrounded by dead lakes, fake facts, Open Carry maniacs, and oodles of online advice about survivalism, veil toss duties, and how to be more like Jane Fonda. But what do you do when you keep stepping on your son's toy tractors, your life depends on stolen land and broken treaties, and nobody helps you when you get a flat tire on the interstate, not even the Abominable Snowman? When are you allowed to start swearing? With a torrent of consciousness and an intoxicating coziness, Ducks, Newburyport lays out a whole world for you to tramp around in, by turns frightening and funny. A heart-rending indictment of America's barbarity, and a lament for the way we are blundering into environmental disaster, this book is both heresy—and a revolution in the novel.

Hell of a Book Createspace Independent Publishing Platform

"One of the best books on the American presidency to appear in recent years" (The Wall Street Journal) and based on a decade of research and reporting—a delightful new window into the public and private lives America's presidents as authors. Most Americans are familiar with Abraham Lincoln's famous words in the Gettysburg Address and the Emancipation Proclamation. Yet

few can name the work that helped him win the presidency: his published collection of speeches entitled *Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas*. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. *Political Debates* sold fifty thousand copies—the rough equivalent of half a million books in today’s market—and it reveals something about Lincoln’s presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman’s “original, illuminating, and entertaining” (Jon Meacham) work of history, the story of America’s presidents and their books opens a rich new window into presidential biography. From volumes lost to history—Calvin Coolidge’s *Autobiography*, which was one of the most widely discussed titles of 1929—to ones we know and love—Barack Obama’s *Dreams from My Father*, which was very nearly never published—Fehrman unearths countless insights about the presidents through their literary works. Presidential books have made an enormous impact on American history, catapulting their authors to the national stage and even turning key elections. Beginning with Thomas Jefferson’s *Notes on the State of Virginia*, the first presidential book to influence a campaign, and John Adams’s *Autobiography*, the first score-settling presidential memoir, *Author in Chief* draws on newly uncovered information—including never-before-published letters from Andrew Jackson, John F. Kennedy, and Ronald Reagan—to cast fresh light on the private drives and self-doubts that fueled our

nation’s leaders. We see Teddy Roosevelt as a vulnerable first-time author, struggling to write the book that would become a classic of American history. We see Reagan painstakingly revising *Where’s the Rest of Me?*, and Donald Trump negotiating the deal for *The Art of the Deal*, the volume that made him synonymous with business savvy. Alongside each of these authors, we also glimpse the everyday Americans who read them. “If you’re a history buff, a presidential trivia aficionado, or just a lover of American literary history, this book will transfix you, inform you, and surprise you” (The Seattle Review of Books).

Understand where we came from. Whether you’re an avid student of the Bible or a skeptic of its relevance, *The Book That Made Your World* will transform your perception of its influence on virtually every facet of Western civilization. Indian philosopher Vishal Mangalwadi reveals the personal motivation that fueled his own study of the Bible and systematically illustrates how its precepts became the framework for societal structure throughout the last millennium. From politics and science, to academia and technology, the Bible’s sacred copy became the key that unlocked the Western mind. Through Mangalwadi’s wide-ranging and fascinating investigation, you’ll discover: What triggered the West’s passion for scientific, medical, and technological advancement How the biblical notion of human dignity informs

the West's social structure and how it intersects with other worldviews How the Bible created a fertile ground for women to find social and economic empowerment How the Bible has uniquely equipped the West to cultivate compassion, human rights, prosperity, and strong families The role of the Bible in the transformation of education How the modern literary notion of a hero has been shaped by the Bible's archetypal protagonist Journey with Mangalwadi as he examines the origins of a civilization's greatness and the misguided beliefs that threaten to unravel its progress. Learn how the Bible transformed the social, political, and religious institutions that have sustained Western culture for the past millennium, and discover how secular corruption endangers the stability and longevity of Western civilization. Endorsements: "This is an extremely significant piece of work with huge global implications. Vishal brings a timely message." (Ravi Zacharias, author, *Walking from East to West and Beyond Opinion*) "In polite society, the mere mention of the Bible often introduces a certain measure of anxiety. A serious discussion on the Bible can bring outright contempt. Therefore, it is most refreshing to encounter this engaging and informed assessment of the Bible's profound impact on the modern world. Where Bloom laments the closing of the American mind, Mangalwadi brings a refreshing optimism." (Stanley Mattson, founder and president, C. S. Lewis Foundation) "Vishal Mangalwadi recounts history in very broad strokes, always using his cross-cultural perspectives for highlighting the many benefits of biblical principles in shaping civilization." (George Marsden, professor, University of Notre Dame; author, *Fundamentalism and American Culture*)

Dad, I Wrote a Book about You Lioncrest Publishing

Now an HBO Max series starring Ray Romano and Cristin Milioti From one of our most exciting and provocative young writers, a poignant, riotously funny story of how far some will go for love—and how far some will go to escape it. Hazel has just moved into a trailer park of senior citizens, with her father and Diane—his extremely lifelike sex doll—as her roommates. Life with Hazel's father is strained at best, but her only alternative seems even bleaker. She's just run out on her marriage to Byron Gogol, CEO and founder of Gogol Industries, a monolithic corporation hell-bent on making its products and technologies indispensable in daily life. For over a decade, Hazel put up with being veritably quarantined by Byron in the family compound, her every movement and vital sign tracked. But when he demands to wirelessly connect the two of them via brain chips in a first-ever human "mind-meld," Hazel decides what was once merely irritating has become unbearable. The world she escapes into is a far cry from the dry and clinical bubble she's been living in, a world populated with a whole host of deviant oddballs. As Hazel tries to carve out a new life for herself in this uncharted territory, Byron is using the most sophisticated tools at his disposal to find her and bring her home. His threats become more and more sinister, and Hazel is forced to take drastic measures in order to find a home of her own and free herself from Byron's virtual clutches once and for all. Perceptive and compulsively readable, *Made for Love* is at once an absurd, raunchy comedy and a dazzling, profound meditation marriage, monogamy, and family. Negro Please! Sourcebooks, Inc.

\*A People Top 10 Book of 2018\* The New York Times essayist and

author of *We Learn Nothing*, Tim Kreider trains his singular power of observation on his (often befuddling) relationships with women. Psychologists have told him he's a psychologist. Philosophers have told him he's a philosopher. Religious groups have invited him to speak. He had a cult following as a cartoonist. But, above all else, Tim Kreider is an essayist—one whose deft prose, uncanny observations, dark humor, and emotional vulnerability have earned him deserved comparisons to David Sedaris, Sarah Vowell, and the late David Foster Wallace (who was himself a fan of Kreider's humor). "Beautifully written, with just enough humor to balance his spikiness" (Booklist), *I Wrote This Book Because I Love You* focuses Tim's unique perception and wit on his relationships with women—romantic, platonic, and the murky in-between. He talks about his difficulty finding lasting

love and seeks to understand his commitment issues by tracking down the John Hopkins psychologist who tested him for a groundbreaking study on attachment when he was a toddler. He talks about his valued female friendships, one of which landed him on a circus train bound for Mexico. He talks about his time teaching young women at an upstate New York college, and the profound lessons they wound up teaching him. And in a hugely popular essay that originally appeared in *The New York Times*, he talks about his nineteen-year-old cat, wondering if it's the most enduring relationship he'll ever have. "In a style reminiscent of Orwell, E.B. White and David Sedaris" (*The New York Times Book Review*), each of these pieces is "heartbreaking, brutal, and hilarious" (Judd Apatow), and collectively they cement Kreider's place among the best essayists working today.
