No one is born with good writing skills. It takes time to learn proper writing techniques and a great deal of practice to improve your skills. Our exercises allow you to improve writing and grammar skills while rewriting real world English passages. The English passages included in this book are mostly workplace oriented. Therefore they are more suitable for working adults. Rewrite the passages as directed. One suggested answer is provided for each passage. As there is no 'best' way to write and rewrite (to be honest, there's simply no particular way), it is recommended that you try your best and rephrase or restructure the sentences as needed. You may write several different versions and then decide which one operates best for your purposes. We assume that your

basic grammar is accurate and that you have a minimal level of skills writing and going into detail. You should be able to read and write basic information, and use individual words and phrases in familiar situations.
