### **Dictionary of Language Testing**

Cambridge University Press

For more than forty years, the Haugen Norwegian-English Dictionary has been regarded as the foremost resource for both learners and professionals using English and Norwegian. With more than 60,000 entries, it is esteemed for its breadth, its copious grammatical detail, and its rich idiomatic examples. In his introduction, Einar Haugen, a revered scholar and teacher of Norwegian to English speakers, provides a concise overview of the history of the language, presents the pronunciation of contemporary Norwegian, and

introduces basic grammatical structures, including the inflection of nouns and adjectives and the declension of verbs.

### **An Intermediate Pronunciation**

**Course** Cambridge University Press  
The Routledge Handbook of Contemporary English Pronunciation provides a comprehensive survey of this field covering both theoretical and practical perspectives on pronunciation. In 35 chapters contributed by leading scholars from around the world, this Handbook examines: linguistic and historical background of sound systems and theoretical issues linked to sound changes; pronunciation acquisition and factors related to speech production; pronunciation research and applications to second language pronunciation; the link between pronunciation and other language skills including perception and other socio-cultural factors; pronunciation and its relation to World Englishes. The Routledge Handbook of Contemporary English Pronunciation will be essential reading for anyone with an interest in pronunciation.

### *Everyman's English Pronouncing*

**Dictionary** Cambridge University Press  
This book unlocks the meaning of more than 5,000 idioms used in American English today.

Open Book Publishers  
One Dictionary for all subjects For Secondary School Learners Ideal for Learners in CBSE, ICSE and International

Schools The perfect companion for learners studying other subjects through English, this dictionary includes vocabulary from all subjects. Every word is explained in clear, simple English, along with all the grammar and usage information you need.

*The Oxford Handbook of Lexicography*  
Cambridge English Pronouncing Dictionary with CD-ROM

The best dictionary available in the market at an affordable price is the Cambridge Low Price Edition Dictionary. The factors which make it attractive are its price, maximum coverage of words and most importantly it gives an 'use in sentence' for every word something you cannot find in other dictionaries. I would say this is the best dictionary suited for any one who has a flair for English.

**A Comparative Approach** Cambridge University Press

French has long been the donor language par excellence in the history of English. French has contributed to the English vocabulary in the form of new words since before the Norman Conquest. The French influence on the English lexicon represents the focus of linguistic concern in a considerable number of investigations of the language and its development. Yet French borrowings which have recently been adopted into English have as yet figured little if at all in such studies. The present study sets out to shed light on the French impact on English in the recent past. The results presented in this book are based on a corpus of 1677 twentieth-century French borrowings collected from the Oxford English Dictionary Online. On the basis of their meanings, the words under consideration have been assigned to different subject fields in order to give a tour d'horizon of the

manifold areas and spheres of life enriched by French in recent times. The first part of the present investigation concentrates on the phonological and orthographical reception of the various borrowings. The focus of this study is on the semantic development of the French borrowings in comparison to their sources in the donor language. Emphasis has been placed upon analysing whether a particular meaning a borrowing assumes after its first attested use is taken over from French, or whether it represents an independent semantic change within English.

**Investigating English Pronunciation**  
Routledge

This book will train students to recognise and produce English sounds, and includes work on stress and intonation.

**Ship or Sheep? Cassettes (3)**

Springer

The Cambridge Academic Content Dictionary defines the vocabulary students need to succeed in high school and beyond. Entries cover more than 2,000 content-area vocabulary items, as well as general academic vocabulary and full coverage of everyday words and phrases. The CD-ROM lets students search for vocabulary by subject area, includes audio of all entry words, offers word family and frequency information, and has a thesaurus and instant lookup feature. The CD-ROM is compatible with Windows XP/Vista and with Mac OSX 10.4 (32-bit only).

*Their Reception and Development*

Cambridge University Press

Often underestimated, lyric diction is a portal to powerful performance. It is through lyric diction that singers are able to communicate the wishes and desires of the poet, as well as the composer. Amanda Johnston takes a modernized approach in *English and German Diction for Singers*, making German increasingly accessible through the recognition that English and German are related languages, and thus have many things in common with regard to lyric diction. This comprehensive resource includes a thorough analysis of

the German and English languages, as well as lists, tables, charts, musical examples, and even tongue twisters. Designed for both undergraduate and graduate courses in German and English lyric diction, this book is an invaluable resource for classical singers, vocal coaches, and voice teachers alike.

### **Cambridge Idioms Dictionary**

Cambridge University Press

The best American English learner's dictionary is better than ever, with new words and new features. Based on the world's largest corpus of American English, the book and CD include up-to-date vocabulary, easy-to-understand definitions, helpful usage notes, and examples that show how English is really used. The CD-ROM features spoken pronunciations for every word, advanced search features, a thesaurus, and instant lookups of words on Web pages and other documents.

*A Practical Course* Routledge

Varied vocabulary tests with answers; new to the popular English Vocabulary in Use series. Varied vocabulary tests with answers; new to the popular English Vocabulary in Use series.

English and German Diction for Singers

Cambridge University Press

In *Singing and Communicating in English*, internationally renowned diction coach Kathryn LaBouff provides singers with an accessible guide to the principles of English diction they need to communicate the text successfully. In addition to standard American and British English, a variety of regional dialects and accents are covered in depth. A companion website features a full range of vowel/consonant drills, poems read aloud by the author and veteran theater and voiceover actor John Keating, as well as an instructor's answer key, and publishers' lists to help

the singer locate a vast array of English language works for performance.
