HarperCollins  
Praise for How Learning Works "How Learning Works is the perfect title for this excellent book. Drawing upon new research in psychology, education, and cognitive science, the authors have demystified a complex topic into clear explanations of seven powerful learning principles. Full of great ideas and practical suggestions, all based on solid research evidence, this book is essential reading for instructors at all levels who wish to improve their students' learning." —Barbara Gross Davis, assistant vice chancellor for educational

development, University of California, Berkeley, and author, Tools for Teaching "This book is a must-read for every instructor, new or experienced. Although I have been teaching for almost thirty years, as I read this book I found myself resonating with many of its ideas, and I discovered new ways of thinking about teaching." —Eugenia T. Paulus, professor of chemistry, North Hennepin Community College, and 2008 U.S. Community Colleges Professor of the Year from The Carnegie Foundation for the Advancement of Teaching and the Council for Advancement and Support of Education "Thank you Carnegie Mellon for making accessible what has previously been inaccessible to those of us

who are not learning scientists. Your focus on the essence of learning combined with concrete examples of the daily challenges of teaching and clear tactical strategies for faculty to consider is a welcome work. I will recommend this book to all my colleagues." —Catherine M. Casserly, senior partner, The Carnegie Foundation for the Advancement of Teaching "As you read about each of the seven basic learning principles in this book, you will find advice that is grounded in learning theory, based on research evidence, relevant to college teaching, and easy to understand. The authors have extensive knowledge and experience in applying the science of learning to college teaching, and they

graciously share it with you in this organized and readable book." —From the Foreword by Richard E. Mayer, professor of psychology, University of California, Santa Barbara; coauthor, *e-Learning and the Science of Instruction*; and author, *Multimedia Learning*

**Beyond the Essentials (Second Edition)**

Springer

Most people don't like the sound of their voice - but for some, their vocal and communication habits are holding back professional success. Typical problems include: voice pitches too high, nasal and gravelly, mumbling, swallowing of words, speech too soft - people constantly asking to speak up, speaking too fast, difficulty making small talk, difficulty making eye contact, stage fright and interrupting others. Other books address some of these issues but are not grounded in speech science and professional expertise. With dozens of years under her belt as a Ph.D. speech therapist and pathologist, Carol Fleming can get every reader to the right solutions quickly.

**The Interesting Narrative of the Life of Olaudah Equiano** SAP Press

An essential volume for generations of writers young and old, *Bird by Bird* is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, 'Bird by bird, buddy. Just take it bird by bird.'"

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

This book builds a research-grounded, theoretical foundation for evidence based library and information practice and illustrates how librarians can incorporate the principles to make more informed decisions in the workplace. The book takes an open and encompassing approach to exploring evidence based library and information practice (EBLIP) and the ways it can improve the practice of librarianship. Bringing together recent theory, research, and case studies, the book provides librarians with a new reference point for how they can use and create evidence within their practice, in order to better

meet the needs of their communities. Being Evidence Based in Library and Information Practice is divided into two parts; in the first part the editors explore the background to EBLIP and put forward a new model for its application in the workplace which encompasses 5 elements: Articulate, Assemble, Assess, Agree, Adapt. In the second part, contributors from academic, public, health, school and special libraries from around the world provide an overview of EBLIP developments in their sector and offer examples of successful implementation. Being Evidence Based in Library and Information Practice will be essential reading for library and information professionals from all sectors who want to make more informed decisions and better meet the needs of their users. The book will also be of interest to students of library and information studies and researchers. American Bar Association Learn Articulate Storyline 360 fast with this step-by-step, project-based workbook! Articulate Storyline is one of the hottest eLearning development tools in the world. This hands-on,

step-by-step workbook will teach you the essential Storyline skills necessary to create effective, interactive, and engaging eLearning courses. This hands-on book, which most people can finish in a few short days, contains tons of activities and supporting screenshots. Carnegie Medal for Excellence The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Introduction by Gillian Flynn • Afterword by Patton Oswalt “A brilliant genre-buster.... Propulsive, can’t-stop-now reading.” —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was

determined to find the violent psychopath she called “the Golden State Killer.” Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I’ll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman’s obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle’s dream: helping unmask the Golden State Killer. *How Good People Make Tough Choices Rev Ed* Createspace Independent Publishing Platform Offers comprehensive coverage of the issues, concepts, trends, and technologies of distance learning.

**Making Thinking Visible, Meaningful, Shareable, and Amplified** Harper Collins This book provides one-on-one tutoring to help you quickly get up to

speed with the basics while also learning how to best apply Storyline features in the context of the work you do. If you’re an e-learning developer, writer, designer, subject matter expert, or all or any one of these, this book is for you. This book is not just for novices, but also for seasoned developers, transitioning from PowerPoint and Articulate Studio '09, and for those who are already working with Storyline.

**Barack Obama, Language, and Race in the U.S.** Packt Publishing Ltd

Should you take a much-needed vacation or save money for the kids' education? Protect the endangered owl or maintain jobs for loggers? Have a heart-to-heart with a lying employee or fire him on the spot? All of us face ethical choices. Sometimes they're easy: One side is wrong and the other is right. But how do we handle the really tough "right vs. right" dilemmas, where each side has strong moral arguments and we can't do both? This book helps us build Ethical Fitness®—a values-based decision-making process so definitive that it's now a registered trade mark. Rushworth M. Kidder,

founder of the Institute for Global Ethics, teaches us how to think for ourselves in order to resolve ethical dilemmas ranging from the intimately personal to the broadly philosophical. Unique in its approach and rich with illustrative anecdotes—updated with examples of real-world conflicts from today's political realm and from Dr. Kidder's own observations—*How Good People Make Tough Choices* is an indispensable resource for spotting, understanding, and resolving our toughest decisions. *A Secret History of the War* Facet Publishing

The E-Learning Uncovered series is designed to give you the maximum amount of information in the minimum amount of time. You'll learn about virtually every check box, every menu, and every option in Articulate Storyline 360. But we don't just tell you HOW to check that box or click that menu; we also tell you WHY you might or might not want to. Brand new users will learn all the basics of how to get started: scenes, slides, graphics, layers, states, questions, and screen recordings. Intermediate users will uncover the more powerful tools to create advanced

interactions: actions, variables, and conditions—all in one book! Everyone will benefit from the special tips and insider secrets that let you do more and save time. Look for: Design Tips: instructional design, graphic design, and usability tips that give you insight on how to implement the different features of the software. Power Tips: advanced tips and secrets that can help you take your production to the next level. Time Savers: software shortcuts and ways to streamline your production efforts and save you time. Bright Ideas: special explanations and ideas for getting more out of the software. Cautions: "lessons learned the hard way" that you can use to avoid common problems. Web Resources: the free companion website includes useful resources such as reference guides and practice files. This edition features Storyline 360 version 3.0.9239. *What the e-Learning Leader Needs to Know* John Wiley & Sons

Essential Articulate Studio '09 is designed to help novice to intermediate users of Articulate Studio '09 get the most from using these tools—Presenter, Engage,

Quizmaker, and Video Encoder—to develop quality informational and instructional materials. It was written with the following goals in mind: Help new users get up to speed as quickly and painlessly as possible Assist users of previous versions of Articulate Studio (and previous versions of Presenter, Engage, and Quizmaker) in capitalizing on improvements made to these tools in the '09 versions Provide tips and tools that make information presentation and instruction faster, easier, and better Help new and previous users develop information and instruction that is more valuable for the intended audience(s) This book is unique because it can serve as both a tutorial for the Studio '09 products and as a primer on designing and building good information and instruction with these tools. The advice and insights are practical and take into account the we-need-it-yesterday environments that most people who use these tools operate in. Many books about online learning discuss how to build good instruction, but this book actually shows you how to build it, using

some of the best authoring tools in the industry.

*Ornament and Technology in Contemporary Architecture* Iconlogic, Incorporated

Many books recommend teaching and learning strategies based on current learning research and theory. However, few books offer illustrative examples of how to take these strategies and put them into action in the real world. The Online Learning Idea Book is filled with concrete examples of people who make learning more inspiring and engaging every day, in all kinds of settings, all over the world. In this second volume of The Online Learning Idea Book you will find brand new and valuable ideas that you can adopt or adapt in your

own instructional materials, to make them more dynamic and more worthwhile for learners and learning. These ideas will let you peek over the shoulders of some of the world's most creative instructors, instructional designers and developers, trainers, media developers, and others in order to help spark creative ideas of your own. This hands-on resource will help you build online instructional materials or improve existing materials including online courses, modules, activities, or supplementary materials for classroom-based courses. This book provides great tips, techniques, and tricks in the following areas: The Design and Development Process, Supporting Learning, Synchronous

and Interpersonal Activities, Asynchronous and Self-Paced Activities, and NS Better Media. Within these pages you will discover creative ways to give your online and blended instruction a boost by adopting and adapting great ideas from others.
