HARRISON ESTRADA

A Kidnapped Mind Taylor & Francis

In the second edition of the book, Child Protective Services Whistleblower, Carlos Morales, exposes the dangerous tactics and overt corruption that he witnessed as a CPS investigator. Through keen insight, analysis, war stories, and interviews with attorneys & judges, Carlos Morales speaks truth to power in this shocking book. Unlike anything ever published, he breaks down exactly what families should do to protect themselves from this monolithic agency that has destroyed the lives of children & parents. Parents across the country have already used his legal recommendations and saved not only thousands of dollars on lawyer fees, but also protected the future of their family. It is imperative that people understand Child Protective Services in order to save their families, and this book accomplishes that in a gripping and thought provoking manner

By Hands Now Known: Jim Crow's Legal Executioners Routledge

This "superbly researched and engaging" (The Wall Street Journal) true story about five boys who were kidnapped in the North and smuggled into slavery in the Deep South—and their daring attempt to escape and bring their captors to justice belongs "alongside the work of Harriet Beecher Stowe, Edward P. Jones, and Toni Morrison" (Jane Kamensky, professor of American history at Harvard University). Philadelphia, 1825: five young, free black boys fall into the clutches of the most fearsome gang of kidnapers and slavers in the United States. Lured onto a small ship with the promise of food and pay, they are instead met with blindfolds, ropes, and knives. Over four long months, their kidnapers drive them overland into the Cotton Kingdom to be sold as slaves.

Determined to resist, the boys form a tight brotherhood as they struggle to free themselves and find their way home. Their ordeal—an odyssey that takes them from the Philadelphia waterfront to the marshes of Mississippi and then onward still—shines a glaring spotlight on the Reverse Underground Railroad, a black market network of human traffickers and slave traders who stole away thousands of legally free African Americans from their families in order to fuel slavery's rapid expansion in the decades before the Civil War. "Rigorously researched, heartfelt, and dramatically concise, Bell's investigation illuminates the role slavery played in the systemic inequalities that still confront Black Americans" (Booklist).

Denied! Failing Cordelia: Parental Love and Parental-State Theft in Los Angeles Juvenile Dependency Court Stanford University Press

Discusses parental abduction, child stealing, and serious custodial interference, which involves one parent's taking, detaining, or concealing the child from the parent who has custody or visitation rights.

Omar Khadr, Oh Canada Chicago Review Press

Handling Hague abduction cases is challenging and fulfilling. Although Hague cases are tried very quickly, they still require an intimate knowledge of the Convention and of the voluminous case law that has developed around it. Hague cases also require a complete understanding of international child custody law in general and in particular, for U.S. practitioners, of the relationship between The Hague Convention and the Uniform Child Custody Jurisdiction & Enforcement Act. The Convention operates in the U.S. in ways that differ from those in other Hague countries. This is because of the federal legislation that implements the treaty, the concurrence of federal and state jurisdiction, the lack of a specialized group of judges who handle cases under the Convention, the uniform state legislation on child custody jurisdiction, and a host of other factors. When children are the subject of international family law disputes, the challenges are often great and emotions generally run high. Simply put, money can be divided but children cannot. This book is a must-have resource of any family law practitioner that wants to represent the best interests of his client and their heirs involved in a Hague case.

Stolen Sovereignty Education and Defense Ministry (SEDM)

"Keith Harmon Snow's meticulously documented investigation into sex-trafficking of children by American judges is not to be missed. This scandal is one of the most important censored stories in our country today. I might not believe what Mr. Snow has written if I had not independently investigated two dozen cases not discussed in his article, and found ample evidence of the precise dynamics he lays out for us here. Anyone who says they care about child welfare needs to learn what is happening in family courts and take action until it is stopped. Once you start reading this expose, you won't be able to put it down." -Lundy Bancroft Author of Why Does He Do That? History's largest-selling book on domestic violence"

Government Identity Theft, Form #05.046 Oxford University Press

Updated and revised with seven new chapters, a new introduction, and a new resources section, this landmark book is invaluable for women facing a custody battle. It was the first to break the myth that mothers receive preferential treatment over fathers in custody disputes. Although mothers generally retain custody when fathers choose not to fight for it, fathers who seek custody often win—not because the mother is unfit or the father has been the primary caregiver but because, as Phyllis Chesler argues, women are held to a much higher standard of parenting. Incorporating findings from years of research, hundreds of interviews, and international surveys about child-custody arrangements, Chesler argues for new guidelines to resolve custody disputes and to prevent the continued oppression of mothers in custody situations. This book provides a philosophical and psychological perspective as well as practical advice from one of the country's leading matrimonial lawyers. Both an indictment of a discriminatory system and a call to action over motherhood under siege, *Mothers on Trial* is essential reading for anyone concerned either personally or professionally with custody rights and the well-being of the children involved.

Fighting CPS Cambridge University Press

This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history, coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered

in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To compliment these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficulty accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

Defending the Innocent from Child Protective Services Shining Brightly Press

Bioethics: Legal and Clinical Case Studies is a case-based introduction to ethical issues in health care. Through seventy-eight compelling scenarios, the authors demonstrate the practical importance of ethics, showing how the concerns at issue bear on the lives of patients, health-care providers, and others. Many central topics are covered, including informed consent, medical futility, reproductive ethics, privacy, cultural competence, and clinical trials. Each chapter includes a selection of important legal cases as well as clinical case studies for critical analysis. The case studies are often presented as moral dilemmas and are conducive to rich discussion. A companion website offers a curated collection of relevant legal precedents along with additional case studies and other resources.

Legally Kidnapped Xlibris Corporation

An in-depth study of processes of judicial transformation that enabled the success of human rights trials in Latin America.

Henry Ford's War on Jews and the Legal Battle Against Hate Speech Policy Press

Adopting a broadly compatibilist approach, this volume's authors argue that the behavioral and mind sciences do not threaten the moral foundations of legal responsibility. Rather, these sciences provide fresh insight into human agency and updated criteria as well as powerful diagnostic and intervention tools for assessing and altering minds.

Cases and materials on family law Stranger Journalism

In *The Regulations of Robbers*, Christina Accomando examines legal, political, and literary discourses of slavery and resistance through the works of judges, lawmakers, and former slaves. She builds on the words of Harriet Jacobs - I regarded such laws as the regulations of robbers, who had no rights that I was bound to respect - and advocates a methodology of multiple perspectives, exposing the false neutrality of legal discourse and turning attention to stories that have been suppressed.

Accomando analyzes Sojourner Truth (who initiated lawsuits and petitioned Congress) and Harriet Jacobs (who shaped her autobiography into legal critique) as legal actors who challenged nineteenth-century legal constructions of African Americans. She argues that laws governing slave behavior, racial identity, miscegenation, rape, reproduction, literacy, and property defined African Americans as nonhumans, with dangerous sexuality and nonexistent subjectivity. She traces how nineteenth-century constructions of race and gender continue to inform modern policy discussions. Accomando's analysis of slavery and resistance reveals the entrenched racism in U.S. law and also points to concrete opportunt

The Worst Interests of the Child Sovereignty Education and Defense Ministry (SEDM)

Containing cases decided by the Privy Council, federal, provincial, shariat courts, and high courts of various Pakistani jurisdictions.

The Legal Response to Violence Against Women 37 Ink

This text chronicles 13 months of agony and frustration suffered by the innocent Bonilla and Frontiera families as a result of Children's Protective Services removal of young James Bonilla from his parents. The author issues a call to action from the public to charge all levels of government to make necessary changes in these agencies.

Law Versus Power Ohio State University Press

In the US, Black children are twice as likely as white children to be removed from their parents and adopted out to strangers. The Ethics of Protection responds to this dire reality with a liberationist approach to child welfare ethics. This book reframes child welfare by centering the stories, challenges, failures, and victories of Black families.

Bioethics: Legal and Clinical Case Studies McGill-Queen's Press - MQUP

Henry Ford is remembered in American lore as the ultimate entrepreneur—the man who invented assembly-line manufacturing and made automobiles affordable. Largely forgotten is his side career as a publisher of antisemitic propaganda. This is the story of Ford's ownership of the *Dearborn Independent*, his involvement in the defamatory articles it ran, and the two Jewish lawyers, Aaron Sapiro and Louis Marshall, who each tried to stop Ford's war. In 1927, the case of *Sapiro v. Ford* transfixed the nation. In order to end the embarrassing litigation, Ford apologized for the one thing he would never have lost on in court: the offense of hate speech. Using never-before-discovered evidence from archives and private family collections, this study reveals the depth of Ford's involvement in every aspect of this case and explains why Jewish civil rights lawyers and religious leaders were deeply divided over how to handle Ford.

The Case Against Israel's Enemies Oxford University Press

Soon to be a major motion picture from Steven Spielberg. A National Book Award Finalist The extraordinary story of how the vatican's imprisonment of a six-year-old Jewish boy in 1858 helped to bring about the collapse of the popes' worldly power in Italy. Bologna: nightfall, June 1858. A knock sounds at the door of the Jewish merchant Momolo Mortara. Two officers of the Inquisition bust inside and seize Mortara's six-year-old son, Edgardo. As the boy is wrenched from his father's arms, his mother collapses. The reason for his abduction: the boy had been secretly "baptized" by a family servant. According to papal law, the child is therefore a Catholic who can be taken from his family and delivered to a special monastery where his conversion will be completed. With this terrifying scene, prize-winning historian David I. Kertzer begins the true story of how one boy's kidnapping became a pivotal event in the collapse of the Vatican as a secular power. The book evokes the anguish of a modest merchant's family, the rhythms of daily life in a Jewish ghetto, and also explores, through the revolutionary campaigns of Mazzini and Garibaldi and such personages as Napoleon III, the emergence of Italy as a modern national state. Moving and informative, the *Kidnapping of Edgardo Mortara* reads as both a historical thriller and an authoritative analysis of how a single human tragedy changed the course of history.

Kidnapped Universal Law Publishing

A look at the history of child kidnappings and abductions in the United States, the motives of the perpetrators, the activities of the media, and the results in the law and in public opinions.

The Hague Abduction Convention Vintage

How do we begin to describe our love for our children? Pamela Richardson shows us with her

passionate memoir of life with and without her estranged son, Dash. From age five Dash suffered Parental Alienation Syndrome at the hands of his father. Indoctrinated to believe his mother had abandoned him, after years of monitored phone calls and impeded access eight-year-old Dash decided he didn't want to be "forced" to visit her at all; later he told her he would never see her again if she took the case to court. But he didn't count on his indefatigable mother's fierce love. For eight more years Pamela battled Dash's father, the legal system, their psychologist, the school system, and Dash himself to try and protect her son - first from his father, then from himself. A Kidnapped Mind is a heartrending and mesmerizing story of a Canadian mother's exile from and

reunion with her child, through grief and beyond, to peace.

Family Abductors iUniverse

Every year thousands of children are removed from their homes by social workers. While many of the removals are justified because the children are in danger, many are not justified. If a teacher, doctor or neighbor suspects you may have abused your child and reports you, the social worker will show up at your home or your child's school and take your child. You will go through untold misery, fear and expense to get your child back. In short, you will be guilty until proven innocent. This handbook will help you understand what you must do to get your child back.
