The BIID Agreement for Interior Design Services 2010 Penguin

A masterful combination of traditional inspiration with contemporary elegance. The sensibility of interior design firm Nickey Kehoe ranges from minimal to maximal, quiet to baroque, but always seeks to express the ephemeral feeling of a space. Designers Todd Nickey and Amy Kehoe are fascinated by how a room can come together to express its own persona, as though the design "just happened." Describing themselves as object-obsessed observers, Nickey and Kehoe pay keen attention to their clients' passions, preferences, and beloved pieces, juxtaposing elements and styles in deceptively simple ways. The result is interior design that appears as if it were a personal collection randomly put together, when in fact it is the product of their very mindful curating. Nickey Kehoe's studied but unfussy design is elegant but never staid, proud but humble, full of detail but resplendent with negative space. And then they add a bit of the unexpected—a combination of layered patterns and palettes, different time periods, humorous gestures, clever lighting—any element that keeps their impeccable sense of balance from becoming predictable or formulaic. This collection of residential interiors is for the curious, for lovers of studied but unfussy design, and for those who appreciate being surrounded by beautiful things with a story to tell.

The Designer's Coach John Wiley & Sons

Practical Ethics in Architecture and Interior Design Practice presents the basics of design practice through ethical scenarios, ushering design students into real-world experiential learning. Each chapter begins with a detailed story involving a complicated set of practical and ethical dilemmas, exemplifying those encountered each day in the world of professional practice. Practice-based topics such as contracts and project delivery methods, marketing design services, cross-cultural collaboration, virtual connectivity, social justice and sustainable design, soft skills, and other related professional practice themes are anchored in realistic scenarios. While all the stories are fictional, in writing them the authors drew from over seventy-five combined years of professional experience in architecture and interior design as well as many years of academic experience in teaching professional practice and ethics to architecture and interior design students. Each story is followed by discussion questions and suggested additional resources. This book provides a unique integrated perspective into the allied fields of architecture and interior design with topics relevant to both fields as well as specific to each profession. It prepares students of both disciplines for the broad issues of professional practice and encourages them to become ethical practitioners ready to contribute effectively to design teams and to ask the right questions.

2016 - DEBBIES BOOK(R) 28th Edition Routledge

Joel Beath and Elizabeth Price explore this question drawing inspiration from a diverse collection of apartment designs, all smaller than 50m²/540ft². Through the lens of five small-footprint design principles and drawing on architectural images and detailed floor plans, the authors examine how architects and designers are reimagining small space living. Full of inspiration we can each apply to our own spaces, this is a book that offers hope and inspiration for a future of our cities and their citizens in which sustainability and style, comfort and affordability can co-exist. Never Too Small proves living better doesn't have to mean living larger.
