*Philosophy Of Religion Selected Readings 2nd Edition*

2023-10-27

## NELSON AMINA

**Reason & Religious Belief** WestBow Press

Helping readers create a consistently Christian worldview, William Hasker addresses key questions of metaphysics and discusses possible answers. In the *Contours of Christian Philosophy* series.

**PHIL357** Oxford University Press, USA

This anthology is remarkable not only for the selections themselves, among which the Schelling and the Heidegger essays were translated especially for this volume, but also for the editors' general introduction and the introductory essays for each selection, which make this volume an invaluable aid to the study of the powerful, recurrent ideas concerning art, beauty, critical method, and the nature of representation. Because this collection makes clear the ways in which the philosophy of art relates to and is part of general philosophical positions, it will be an essential sourcebook to students of philosophy, art history, and literary criticism.

**The Oxford Handbook of Philosophy of Religion** Polity

The most comprehensive work of its kind, *Reason and Religious Belief*, now in its fourth edition, explores perennial questions in the philosophy of religion. Drawing from the best in both classical and contemporary discussions, the authors examine religious experience, faith and reason, the divine attributes, arguments for and against the existence of God, divine action, Reformed epistemology, religious language, religious diversity, religion and science, and much more. The fourth edition adds a critical new chapter on the ontological status of religion and the nature of religious claims. It also features revised treatments of omnipotence, miracles, and providence and updated suggestions for further reading

**The Problem of Evil** Cambridge University Press

William Placher and Derek Nelson compile significant passages written by the most important Christian thinkers, from the Reformers of the sixteenth century through the major participants in the contemporary theological conversation. Illustrating the major theologians, controversies, and schools of thought, *Readings in the History of Christian Theology* is an essential companion to the study of church history and historical theology. Excerpts are preceded by the editors' introductions, allowing the book to stand alone as a coherent history. This revised edition expands the work's scope, drawing throughout on more female voices and expanding to include the most important twenty-first-century theological contributions. This valuable resource brings together the writings of major theologians from the church's history for a new generation of students.

**The Routledge Companion to the Study of Religion** Oxford University Press, USA

An anthology that examines the historical and contemporary relationship between religion and violence This groundbreaking anthology provides the most comprehensive overview for understanding the fascinating relationship between religion and violence—historically, culturally, and in the contemporary world. Bringing together writings from scholarly and religious traditions, it is the first volume to unite primary sources—justifications for violence from religious texts, theologians, and activists—with invaluable essays by authoritative scholars. The first half of the collection includes original source materials justifying violence from various religious perspectives: Hindu, Chinese, Christian, Muslim, Jewish, and Buddhist. Showing that religious violence is found in every tradition, these sources include ancient texts and scriptures along with thoughtful essays from theologians wrestling with such issues as military protection and pacifism. The collection also includes the writings of modern-day activists involved in suicide bombings, attacks on abortion clinics, and nerve gas assaults. The book's second half features well-known thinkers reflecting on why religion and violence are so intimately related and includes excerpts from early social theorists such as Durkheim, Marx, and Freud, as well as contemporary thinkers who view the issue of religious violence from literary, anthropological, postcolonial, and feminist perspectives. The editors' brief introductions to each essay provide important historical and conceptual contexts and relate the readings to one another. The diversity of selections and their accessible length make this volume ideal for both students and general readers.

*Reading Philosophy of Religion* Penguin UK

With *All Your Mind* makes a compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view. Few people dispute that education in America is in a state of crisis. But not many have posed workable solutions to this serious problem. Michael Peterson contends that thinking philosophically about education is our only hope for meaningful progress. In this refreshing book, he invites all who are concerned about education in America to "participate" in his study, which analyzes representative theories and practical strategies that reveal the power of Christian ideas in this vital area.

*Heidegger's Confessions* Bloomsbury Publishing

This is a book about the primacy and centrality of God and his unsurpassable presence, and what this means for the Church. The presence of God is the core, the *sine qua non*, of mere Christianity. God's presence is what is needed to win the day over the present powers of darkness. This book shows what it means for a church to be presence-driven, and what leadership looks like in the presence-driven church.

*Exploring Philosophy of Religion* University of Chicago Press

*Reading Philosophy of Religion* combines a diverse selection of classical and contemporary texts in philosophy of religion with insightful commentaries. Offers a unique presentation through a combination of text and interactive commentary Provides a mix of classic and contemporary texts, including some not anthologized elsewhere Includes writings from thinkers such as Aquinas, Boethius, Hume, Plantinga and Putnam Divided into sections which examine religious language, the existence of God, reason, argument and belief, divine properties, and religious pluralism

*Selected Writings* Goodwill Trading Co., Inc.

Of all the issues in the philosophy of religion, the problem of reconciling belief in God with evil in the world arguably commands more attention than any other. For over two decades, Michael L. Peterson's *The Problem of Evil: Selected Readings* has been the most widely recognized and used anthology on the subject. Peterson's expanded and updated second edition retains the key features of the original and presents the main positions and strategies in the latest philosophical literature on the subject. It will remain the most complete introduction to the subject as well as a resource for advanced study. Peterson organizes his selection of classical and contemporary sources into four parts: important statements addressing the problem of evil from great literature and classical philosophy; debates based on the logical, evidential, and existential versions of the problem; major

attempts to square God's justice with the presence of evil, such as Augustinian, Irenaean, process, openness, and *felix culpa* theodicies; and debates on the problem of evil covering such concepts as a best possible world, natural evil and natural laws, gratuitous evil, the skeptical theist defense, and the bearing of biological evolution on the problem. The second edition includes classical excerpts from the book of Job, Voltaire, Dostoevsky, Augustine, Aquinas, Leibniz, and Hume, and twenty-five essays that have shaped the contemporary discussion, by J. L. Mackie, Alvin Plantinga, William Rowe, Marilyn Adams, John Hick, William Hasker, Paul Draper, Michael Bergmann, Eleonore Stump, Peter van Inwagen, and numerous others. Whether a professional philosopher, student, or interested layperson, the reader will be able to work through a number of issues related to how evil in the world affects belief in God.

*Reason & Religious Belief* Bloomsbury Academic

This third edition of *Philosophy of Religion* offers a wide variety of readings designed to introduce students to important issues in the philosophy of religion. The authors have coupled new readings--including essays by Robert M. Adams, Peter Van Inwagen, and William P. Alston--with readings from classical philosophers, offering students an even more comprehensive and well-focused text. Many of the essays are particularly accessible to beginning philosophy students. New essays cover religious pluralism, teleological and moral arguments for God's existence, and the problem of evil. *Philosophy of Religion, 3/e* is an excellent choice for use as a main text or as a supplement for introductory courses in philosophy and religion.

**Philosophy of Man** Wiley-Blackwell

*Introduction to World Religions: Upgrading One's Cultural Literacy* is an enlightening and engaging text that provides students with fundamental knowledge about world religions to deepen their awareness and understanding of global cultures. The book is divided into three units. Unit I explores the Vedic religions--Hinduism, Buddhism, Jainism, and Sikhism. East Asian belief systems and religions are discussed in Unit II. The final unit describes the Abrahamic religions--Judaism, Christianity, and Islam. Each unit highlights a major belief, tradition, or practice that unites the featured religions, and each individual chapter includes a list of key terms, selected readings, and comprehension questions to reinforce essential learnings. Throughout, maps build students' knowledge of world geography, and photographs and illustrations bring key beliefs, traditions, and practices to life. Developed to help students expand not only their knowledge of global religions but their knowledge of the world itself and its myriad cultures, *Introduction to World Religions* is an ideal text for foundational courses in religion and theology. Darryl E. Howard is a faculty member at North Lake College, part of the Dallas County Community College District, where he teaches courses in philosophy and religion. He holds an Ed.D. in educational administration from Nova Southeastern University and a Th.M. degree with an emphasis in educational leadership and administration from Dallas Theological Seminary in Dallas, Texas.

*An Introduction to the Philosophy of Religion* University of Notre Dame Press

What does belief in God amount to? Can we reasonably believe in God's existence without argument or evidence? Can God's existence be proved? Can we believe in miracles? Is there life after death? In this book, Brian Davies provides a critical examination of some fundamental questions posed by religious belief. Completely rewritten in order to cover the latest developments in the field, the new edition of this highly successful textbook will once again prove the ideal introduction for all students of the philosophy of religion. The book is highly accessible and covers all the key elements of a course in the philosophy of religion. It is designed to complement Brian Davies' *Philosophy of Religion: A Guide and Anthology*, although the book can also be used as a stand-alone introduction. *A Beginner's Guide to the Study of Religion* John Wiley & Sons

The first publication of Beverley Clack and Brian R. Clack's exciting and innovative introduction to the philosophy of religion has been of enormous value to students, as well as providing a bold and refreshing alternative to the standard analytic approaches to the subject. This second edition retains the accessibility which made it popular for both teachers and students, while furthering its distinctive argument that emphasises the human dimension of religion. The text has been fully revised and updated. The traditional emphasis on the arguments for the existence of God is reflected in a newly extended and reworked investigation into natural theology. Recent developments in the subject are also reflected in updated chapters, and, in a move that highlights the originality of the authors' approach, they offer a critical engagement with current world events. An entirely new concluding chapter interrogates the connection between religion and terror, and demonstrates how philosophy of religion might be conducted under the terrible shadow of 9/11. This new edition of *The Philosophy of Religion* will continue to be essential reading for all students and practitioners of the subject.

**Roman Civilization** McGraw-Hill Humanities, Social Sciences & World Languages

Comprised of readings from ancient to modern times, this volume offers a comprehensive introduction to the central questions of the philosophy of religion. Provides a history of the philosophy of religion, from antiquity up to the twentieth century Each section is preceded by extensive commentary written by the editors, followed by readings that are arranged chronologically Designed to be accessible to both undergraduate and graduate students

*Philosophies of Art and Beauty* Routledge

Heidegger's Paul -- The cogito out-of-reach -- The remains of Christian theology -- Testimony and the irretrievable in being and time -- Temporality and transformation, or Augustine through the turn -- On retraction -- Conclusion : difference and de-theologization.

**C. S. Lewis and the Christian Worldview** Routledge

William Rowe is one of the leading thinkers in contemporary philosophy of religion. Although he is best known for his contributions to the problem of evil, he has produced innovative and influential work across a wide array of subjects at the interface between philosophy and religion. He has, for example, written extensively on the existentialist theologian, Paul Tillich, on the challenging problem of divine freedom, and on the traditional arguments in support of the existence of God. His work in these areas is distinguished by its clarity, rigour, originality, and sensitivity towards the claims of his theistic opponents. Indeed, Rowe's work has played a pivotal role in the remarkable revival of analytic philosophy of religion since the 1970s. The present collection brings together for the first time Rowe's most significant contributions to the philosophy of religion. This diverse but representative selection of Rowe's writings will provide students, professional scholars as well as general readers with stimulating and accessible discussions on such topics as the philosophical theology of Paul Tillich, the problem of evil, divine freedom, arguments for the existence of God, religious experience, life after death, and religious pluralism.

*An Introduction to the Philosophy of Religion* Oxford University Press, USA

*Critical Approaches to Religion: Race, Class, Sexuality, and Gender* provides students with carefully selected readings that examine diverse cultural religious traditions, as well as the intersection of academic religious studies and the practice of religion throughout the world. The anthology explores both mainstream religious traditions and those that are marginalized, applying theories of feminism, sexuality, race, class, and gender across the board to offer readers a broad and comprehensive understanding of global religion. Through selections authored by prolific writers in the field, coupled with insights from the editors for additional context, students learn about critical approaches to religion, the various methods of studying religion, the concept of belief, the connection of myth to ritual, the idea of mysticism, how gender and sexuality factor into religious experiences, and more. Cross-disciplinary in nature, *Critical Approaches to Religion* is designed to serve as a supplementary text for foundational courses in religion, world religion, anthropology, sociology, and history. Nicole Goulet received her Ph.D. from the University of Manitoba, focusing her work on feminist and postcolonial approaches to colonial Hinduism. She is an assistant professor at Indiana University of Pennsylvania in the Department of Religious Studies. Nixon Cleophaat earned his B.A. in English and educational studies from Salem State University, his M.Div. in biblical studies and political theology from Harvard Divinity School, and his Ph.D. from Union Theological Seminary. He is an assistant professor at Indiana University of Pennsylvania.

**Leading the Presence-Driven Church** Cambridge University Press

The work of three present-day Sankritist-philosophers, *God and the World's Arrangement* allows readers to engage directly with writings of the classical Indian philosophers Śaṅkara and Vācaspati, as well as some of their most acute critics, on the question of whether the existence of a creator

God can be known by reason alone. Carefully selected and annotated with the needs of students foremost in mind, these new translations will be of interest to anyone wishing to see up close a newly set gem of our philosophical inheritance from global antiquity.

**Philosophy of Religion** Oxford University Press, USA

This anthology of readings in the philosophy of religion examines the basic classical and a host of contemporary issues in thirteen thematic sections. Each section begins with an introductory essay giving background on the topic; in addition, each essay is preceded by a brief epitome, and study questions and a bibliography of suggested readings follows each section. The book is designed to parallel the thematic structure of the authors' 1990 book, *Reason and Religious Belief*; the two are to be marketed as a set.

**The Philosophy of Death Reader** InterVarsity Press

What are the inherent claims that lie at the core of religion? Which of them are defensible by reason, and which are not? Potential answers to these questions and more, from influential philosophers past and present, may be found in this short book edited by Steven M. Cahn. Featuring fifty-two classic and contemporary readings, *Exploring Philosophy of Religion: Text and Readings* is a topically-organized anthology that presents broad coverage of seven major areas in the philosophy of religion - the concept of God, the existence of God, religious language, miracles and mysticism, belief in God, resurrection and immortality, and religious pluralism - in a clear and accessible format. With guiding introductory material from Professor Cahn, each of the readings has been carefully selected and edited for maximum clarity and comprehensiveness; only the most essential material is included. To further foster understanding, the text also features an appendix consisting of Professor Cahn's monograph, *God, Reason, and Religion*, which provides a synthesis and interpretation of the crucial issues raised throughout the readings.
