Coming of Age

in a Time of
Contested
Citizenship
Thorndike

Striving Reader
A compelling and troubling exploration of a generation raised on antidepressants, and a book that combines expansive interviews with substantive research-based reporting, *Coming of Age on Zoloft* is a vitally important and immediately engrossing study of one of America's most pressing and omnipresent issues: our growing reliance on prescription

drugs. Katherine Sharpe, the former editor of *Seed* magazine's ScienceBlogs.com, addresses the questions that millions of young men and women are struggling with. "Where does my personality end and my prescription begin?" "Do I have a disease?" "Can I get better on my own?" Combining stout scientific acumen with first-person experience gained through her

own struggle with antidepressants, Sharpe leads the reader through a complex subject, a guide towards a clearer future for all. *The Lost Art of Delaying Adulthood* ABC-CLIO Bestselling oral history of what it was like to age in the 20th century - as told by those who lived through almost all of it - published to coincide with Terkel's 95th birthday year. In many ways a sequel to

Studs' most famous book, *Working*, COMING OF AGE weaves the voices of 74 very different people - from an angry farmer to a resigned bank president; and those who were at the vanguard of their movements, be they trade unionists, gay rights activists or artists. Indispensable oral history from the undisputed king of the genre.

A Memoir
Penguin
"The true essence of a

community is its people, the ordinary folks and families who comprise a town's fabric, its heart, and its soul. The spirit of any town is reflected in the lives, the stories, and the lore of people who live or have lived there - the young and the old, the ordinary and the extraordinary, the prominent and the common. Together they become an amalgam that we call our hometown. In the voices of people who

grew up here, *Growing Up in Athens* brings you the essence of this one small town nestled in the hills of Southeastern Ohio. Through memories, they recount hijinks that will make you laugh aloud and events that will bring a few tears. Most assuredly, there are stories that will spark your own hometown memories."--

"The greatest battle we will face is figuring out if God is real and if He is necessary in our lives." - Desiray Henderson
There are many changes that take place from one's childhood to the point where they become an adult. These changes are challenging and unpredictable. Many young adults

experience stressful years as they figure out the path for their life. Some wonder what they should do, and others who have made a decision still wonder how they will do it. As we get older, we encounter issues that force us to learn lessons that we wish we had known earlier. The Coming of Age provides advice, encouragement, and guidance to help readers as they embark on a journey

through adulthood. It focuses on three key aspects that we must effectively know how to handle as we grow in our lives. These include our encounters with God, people, and the responsibility in our lives. This book also includes fourteen letters of encouragement to strengthen every heart as we grow in grace. *Growing Up in Turkey* Coming of Age in the 21st

Century Growing Up in America Today A multicultural collection of stories about growing up in today's America covers a wide range of issues, from identity and sexuality to solitude and conflict, in a volume that includes Lan Samantha Chang's "The Eve of the Spirit Festival" and Emily Rabateau's "Mrs. Turner's Lawn Jockeys." Time of Contested Citizenship "Touches and dazzles and entertains. An enchanting novel." --The New York Times In this moving, poignant novel by the bestselling author of *Birds of America* we share a grown woman's bittersweet nostalgia for the wildness of her youth. The summer Berie was fifteen, she and her best friend Sils had jobs at Storyland in upstate New York where Berie sold

tickets to see the beautiful Sils portray Cinderella in a strapless evening gown. They spent their breaks smoking, joking, and gossiping. After work they followed their own reckless rules, teasing the fun out of small town life, sleeping in the family station wagon, and drinking borrowed liquor from old mayonnaise jars. But no matter how wild, they always managed to escape any real

danger—until the adoring Berie sees that Sils really does need her help—and then everything changes. *Why Grow Up?* Random House *Coming of Age in the 21st Century* Growing Up in America Today Farrar, Straus and Giroux (BYR) “[An] enchanting journey through Ann Hood’s early fascination with reading.... Book lovers will find Morningstar

irresistible.”—Lynn Sharon Schwartz, author of *Ruined by Reading* Growing up in a mill town in Rhode Island, in a household that didn’t foster a love of reading, novelist Ann Hood discovered nonetheless the transformative power of literature. She learned to channel her imagination, ambitions, and curiosity by devouring ever-growing stacks of books. In *Morningstar*, Hood

recalls with
 warmth and
 honesty how
 The Bell Jar,
 Marjorie
 Morningstar,
 The Harrad
 Experiment,
 and The
 Outsiders
 influenced her
 teen psyche
 and
 introduced her
 to topics that
 could not be

Growing Up
With Books**

Edinburgh University Press
What was childhood like in ancient Greece? What activities and games did Greek children

embrace? How were they schooled and what religious and ceremonial rites of passage were key to their development? These fascinating questions and many more are answered in this groundbreaking book--the first English-language study to feature and discuss imagery and artifacts relating to childhood in ancient Greece. Coming of Age in Ancient Greece shows

that the Greeks were the first culture to represent children and their activities naturalistically in their art. Here we learn about depictions of children in myth as well as life, from infancy to adolescence. This beautifully illustrated book features such archaeological artifacts as toys and gaming pieces alongside images of them in use by children on ancient vases, coins,

terracotta figurines, bronze and stone sculpture, and marble grave monuments. Essays by eminent scholars in the fields of Greek social history, literature, archaeology, anthropology, and art history discuss a wide range of topics, including the burgeoning role of childhood studies in interdisciplinary studies; the status of children in Greek culture; the evolution of attitudes toward

children from the Bronze Age to the Hellenistic period as documented by literature and art; the relationships of fathers and sons and mothers and daughters; and the roles of cult practice and death in a child's existence. This delightful book illuminates what is most universal and specific about childhood in ancient Greece and examines childhood's effects on Greek life and

culture, the foundation on which Western civilization has been based.

Coming of Age in Ancient Greece

This text examines the uses and power of television in youth culture. Young people discuss their hopes for the future as well as the challenges they currently face, and reveal how television plays a role in their everyday life.

[A Midlife Coming-of-](#)

<p><u>Age Story</u> W. Norton & Company Micah Toub faced quite a few psychological challenges when he was growing up. And two of his best guides through them – as well as the biggest causes of them – were his parents. Part memoir, part introduction to famous and infamous psychological concepts past and present, <u>Growing Up Jung</u> tells the story of a boy raised by two psychologists. It's an</p>	<p>extraordinary coming-of-age story, replete with more sexual confusion and domestic dysfunction than even the average adolescent has to endure. And through the telling of that story, Toub is able to discuss such topics as why Freud's obsession with Oedipus threatens our chances today of being close to our mothers; the methods a Jungian psychologist might use to help a young man</p>	<p>overcome sexual anxiety; and why it is okay to sometimes let your inner-murderer out for the night. Referencing the written works of the thinkers discussed, books that have been written about them, and relevant contemporary pop culture, Toub discusses and explains such topics as Synchronicity, Archetypes, and the Oedipus Complex, as well as lesser-known corners of the psyche,</p>
---	--	---

such as the Ally, the Dreambody, and what Jung called Active Imagination. And he is able to weave all this information seamlessly into his own story, because if there was a psychological problem going, it went Toub's way. Call it synchronicity. And if you don't know what synchronicity is, see chapter 5. *Images of Childhood from the Classical Past* Dell "Citizenship,

along with legality and rights, holds varied meanings for Latinx youth coming of age in the United States. Through an ethnography, *Growing Up Latinx* documents how Latinx reproduce and challenge meanings of citizenship as they forge opportunities to develop and enact their sociopolitical agency within school, family and communities"- Growing Up Latinx Algora

Publishing The unforgettable memoir of a woman at the front lines of the civil rights movement—a harrowing account of black life in the rural South and a powerful affirmation of one person's ability to affect change. "Anne Moody's autobiography is an eloquent, moving testimonial to her courage."—Chicago Tribune Born to a poor couple who were tenant farmers on a plantation in

Mississippi, Anne Moody lived through some of the most dangerous days of the pre-civil rights era in the South. The week before she began high school came the news of Emmet Till's lynching. Before then, she had "known the fear of hunger, hell, and the Devil. But now there was . . . the fear of being killed just because I was black." In that moment was born the passion for

freedom and justice that would change her life. A straight-A student who realized her dream of going to college when she won a basketball scholarship, she finally dared to join the NAACP in her junior year. Through the NAACP and later through CORE and SNCC, she experienced firsthand the demonstrations and sit-ins that were the mainstay of the civil rights movement—and the arrests and jailings,

the shotguns, fire hoses, police dogs, billy clubs, and deadly force that were used to destroy it. A deeply personal story but also a portrait of a turning point in our nation's destiny, this autobiography lets us see history in the making, through the eyes of one of the footsoldiers in the civil rights movement. Praise for *Coming of Age in Mississippi* "A history of our time, seen from the bottom up,

through the eyes of someone who decided for herself that things had to be changed . . . a timely reminder that we cannot now relax.”—Senator Edward Kennedy, *The New York Times Book Review*
 “Something is new here . . . rural southern black life begins to speak. It hits the page like a natural force, crude and undeniable and, against all principles of beauty, beautiful.”—T

he Nation
 “Engrossing, sensitive, beautiful . . . so candid, so honest, and so touching, as to make it virtually impossible to put down.”—San Francisco Sun-Reporter
Coming of Age in the Other America
 Bloomsbury USA Childrens
 The best-selling author of BRINGING UP BÉBÉ investigates life in her forties, and wonders whether her mind will ever catch up with her face.
 When Pamela

Druckerman turns 40, waiters start calling her “Madame,” and she detects a disturbing new message in mens' gazes: I would sleep with her, but only if doing so required no effort whatsoever. Yet forty isn't even technically middle-aged anymore. And after a lifetime of being clueless, Druckerman can finally grasp the subtext of conversations, maintain (somewhat) healthy

relationships and spot narcissists before they ruin her life. What are the modern forties, and what do we know once we reach them? What makes someone a "grown-up" anyway? And why didn't anyone warn us that we'd get cellulite on our arms? Part frank memoir, part hilarious investigation of daily life, *There Are No Grown-Ups* diagnoses the in-between decade when... • Everyone you meet looks a

little bit familiar. • You're matter-of-fact about chin hair. • You can no longer wear anything ironically. • There's at least one sport your doctor forbids you to play. • You become impatient while scrolling down to your year of birth. • Your parents have stopped trying to change you. • You don't want to be with the cool people anymore; you want to be with your people. • You realize that

everyone is winging it, some just do it more confidently. • You know that it's ok if you don't like jazz. Internationally best-selling author and New York Times contributor Pamela Druckerman leads us on a quest for wisdom, self-knowledge and the right pair of pants. A witty dispatch from the front lines of the forties, *There Are No Grown-ups* is a (midlife) coming-of-age story, and a book for

anyone trying to find their place in the world.

The House on Mango Street

I am a fan of *Coming of Age* movies. Over the years, I've found there is a dearth of good reference books on the genre. So I've decided to write one, both to provide a readily available resource for fellow fans of this genre (who may be looking for guide to films

they'd like to view) and, secondly, to preserve the many reviews I've written over the years on my blog: theskykid.com. This is primarily a book of reviews of films in the *Coming of Age* genre. But the book also contains several interviews with some of the most notable of *Coming of Age* filmmakers of our age. Their insights into the making of films is something I wanted to share with

fans of the genre.

"*Coming of Age with the Jesuits*" chronicles a young man's formative years from 1959 to 1968 studying on the undergraduate level at Rockhurst College in Kansas City, Missouri, and for the Ph.D. at Saint Louis University in St. Louis, Missouri. Between junior and senior year Curran had his first educational

experience in Latin America studying at the National University of Mexico and traveling to Guatemala. This would lead to an increase in his love of languages and area studies and a future teaching career committed to the same at Arizona State University. The book is not an academic

treatise on the Jesuits or their method of study, the "Ratio Studiorum," but rather a chronicle of the experiences in their schools by a young man introduced to Jesuit ways and discipline followed by serious study along with college fun and travel. Students from the 1960s will surely recall, relate to and

enjoy similar moments in their own days with the Jesuits. The book chronicles as well the on-going process of growing up of a small town farm boy experiencing the big city, college, foreign travel and the next step of serious study with more precise career goals on the graduate level.
