In 1974, when John Dominelli was twenty years old, he left his home in Port Coquitlam, British Columbia, on what he originally thought would be a six-month "working holiday" in New Zealand.

However, not long into his journey, feeling the seductive pull of the vast and mysterious world, what started as a planned sojourn eventually turned into an epic three-year spiritual odyssey, taking him from New Zealand to Australia, Asia, India, Europe, and many points between. John's journey was interrupted and enriched by a psycho-emotional "meltdown," two serious illnesses, a powerful psychedelic interlude with psilocybin mushrooms, and a mystical encounter with Nisargadatta Maharaj, the now well-known sage from Bombay. An epic coming-of-age memoir that is part love letter to a bygone age and part inspirational text, stirring a desire in readers to seek out a life less ordinary.

Sergeant Major Scratch Keyes of the King's Guard is having a bad day. On what should be the biggest night of her life, everything suddenly goes horribly wrong. First, her king denies her the promotion she rightfully earned, as well as the knighthood that goes along with it. And then, when Scratch is wallowing somewhere near the fetid rock bottom, she and her best friend, the flamboyant and carefree Sergeant James Ursus, are arrested for orchestrating the abduction of Princess Frances and sentenced to death. On the whole, things could be better. Luckily, help comes in the form of the mysterious Shae siblings—Vel and Umbrella—who inform the doomed pair that the issue of the missing Princess is far more complicated than it appears. After a daring escape, the four embark on an ill-advised rescue mission through a forest filled with beasts, bandits, and mysterious fair folk, bringing nothing with them but a kitchen knife and the vague outline of a

plan. Their destination is the Between, a sacred and shadowy fae-guarded place that promises to deliver Scratch and James to the princess—if they manage to survive. But Scratch didn't rise above her humble childhood in the Royal City slums by accepting things at face value. It's clear that the enigmatic Shaes are hiding something, but what do they know? Who are they working with? And why, in the name of all the divine constellations in the scrambled sky, can't Scratch stop staring at Brella? Samara Breger's debut novel, *Walk Between Worlds* is a romantic queer fantasy adventure that will make you laugh even as it keeps you on the edge of your seat.

A decade before Dan Millman wrote his spiritual classic *Way of the Peaceful Warrior*, a motorcycle crash ended his Olympic dreams. Some years later, two thugs, one armed with a metal pipe, closed in to attack a young writer named Doug Childers. These two young men had no notion that they would one day meet, become friends, and draw upon their experiences to create a collection of inspiring stories about people whose lives were changed by extraordinary events. Each story in this newly revised volume (formerly titled *Divine Interventions*) describes a unique journey across a metaphorical bridge to a higher reality. These stirring accounts of the lives of ordinary people as well as iconic figures, past and present, will awaken in readers a renewed faith in the mysterious possibilities hidden in daily life.

From the National Book Award-winning author of *Just Kids* and *M Train*, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, "Anything is possible: after all, it's the Year of the Monkey." For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, *Year of the Monkey* is a moving and original work, a touchstone for our turbulent times.

What happens when you return to the real world after being in a fantastical one like Narnia? This YA debut by Laura E. Weymouth is perfect for fans of Melissa Albert's *The Hazel Wood* and Lev Grossman's *The Magicians*. Six years ago, sisters Evelyn and Philippa Hapwell were swept away to a strange and beautiful kingdom called the Woodlands, where they lived for years. But ever since they returned to their lives in post-WWII England, they have struggled to adjust. Ev desperately wants to return to the Woodlands, and Philippa just wants to move on. When Ev goes missing, Philippa

must confront the depth of her sister's despair and the painful truths they've been running from. As the weeks unfold, Philippa wonders if Ev truly did find a way home, or if the weight of their worlds pulled her under. Walking the line between where fantasy and reality meet, this lyrical and magical novel is, above all else, an exploration of loss and healing, and what it means to find where you belong.

Fully revised with Reader's Guide, Self-Exploration Questions, chapter reviews and expanded Moita material. Reading *Mind Leap* was one of the most delightful experiences of my summer. First, I found it an absolutely intriguing story of personal challenge and human relationships. But second, and most important, I found it highly inspiring. There are many times in my own spiritual journey that I wonder whether it is all worth the effort whether there really is a greater reality. This book is a powerful incentive to keep going, an inspiration and a source of hope! Joyce E. Ansell, literary editor How can we learn to live wholly, with deep intuition, in this world? Where can it lead, for each of us, in this transformative era? We hear follow a path with heart ... listen to your dreams ... open to spirit ... But rare is the book that actually takes us far into that experience. *Mind Leap* does so by telling a challenging, liberating, true story from the consciousness revolution, and inviting readers to participate by reviewing their own life events and perceptions. A novelist couldn't create spiritual explorers more opposite than Kelly and David: growing up the psychic daughter of an abusive alcoholic and mystic son of an activist minister. But as young adults with other partners, dreams and intuitions pointed each other out, hinting of the natural bridge they would form together. As they were then tested in a crucible of intersecting lives, Moita began to speak through Kelly, initiating an experiment in communication between worlds. Her over 200 interactive sessions, shared with hundreds of participants, have been compared to the Seth material. *Mind Leap* reveals the hidden workings of spirit that connect us to people and situations we need to grow in strength, freedom and love. The narrative unfolds on many levels, giving a unique inside view of the channeling phenomenon even as the prophetic messages turn from individuals to the crisis/transformation of our Earth.

We see you all the time, are near you, yet very rarely can touch, for you do not see us. For you, we are merely a whisper in the trees... We have watched for a great many years, and now there is a drawing together of worlds, a time when the two worlds may touch and not be destroyed by each other, when they may integrate and understand. The coming together of our worlds will not change just yours, but mine. Life will never be the same again.

Meet the unsung heroes of the supernatural. Demon hunters, evil angels, and one very angry Queen of Hell. Can Paul learn the ways of the Walker in time to save humanity, or will all the worlds burn in hellfire? 700+ pages of supernatural battle, prophecies come true, and a match made in Hell. BOOK I: DEMONS & ANGELS Dark thoughts feed our demons... A week ago Paul didn't even believe in demons. Now he sees them everywhere. They ride around on heavy human shoulders, whispering hateful silence to their hosts. In the wake of a tragic accident, Paul finds it hard to take the demons seriously. He is too caught up in mourning the loss of his best friend Kris. Whatever responsibility that comes with seeing demons is of no interest to him. Paul just wants his life back. Except Kris is haunting Paul. The demons are starting to notice him watching them. Also, he seems to have developed some pretty incredible abilities beyond seeing demons. A new life needs to take shape if Paul wishes to survive, but the cost may be his old life falling apart. BOOK II: RISE OF THE WALKER KING The *Walking Between Worlds* story continues... The way of the demon hunter is finally beginning to make sense to Paul, as is the art of walking between worlds. He is forced to shoulder the heavy burden of leading this mighty army of immortals if they are to continue their vital secret work. Just when he needs her most, his love has been torn from his grasp. Rather than turn to his trusted Guide and best friend in his time of need, Paul turns away from him. Kris is left to wonder if the fire burning inside the new king will drive him to victory or madness War takes the army to Hell, and pits their forces against a sea of displaced demons. Lines are crossed, lives are lost, and the

battles take heavy tolls on both sides. As light looms at the end of the treacherous tunnel leading to victory, the army emerges to a shaking realization: the light is dragon fire, and the war has only just begun. **BOOK III: FALL OF THE WALKER KING** The explosive end to the *Walking Between Worlds* trilogy. Heaven is in turmoil over the war being waged below. Hell is a ravaged wasteland, its beauty lost to all but ancient memory. Earth is trapped between, unaware of the army of supernaturals battling for their souls. A champion emerges to lead them, and to search for their lost king. His new student sees the timeless art of dealing with demons in an astonishingly unique way; it makes William question everything he is supposed to be teaching the warrior apprentice, while battling day and night to save the way of the Walker. Ruling from their lofty perches, the angels have long since lost their way. They want control of everything, and will stop at nothing to get it. Barely an army, the remaining demon hunters dodge plots from above and fire from below in their hopes to secretly save the worlds they walk between once more. The dragons that reign in Hell have grown more brutal over long centuries; when one queen fell, a more fearsome dragon took her place. It will take more than one miracle to stop her from setting all the worlds aflame forever.

Enter Cara, whose parallel selves happen to be exceptionally good at dying—from disease, turf wars, or vendettas they couldn't outrun. Cara's life has been cut short on 372 worlds in total. On this dystopian Earth, however, Cara has survived. Identified as an outlier and therefore a perfect candidate for multiverse travel, Cara is plucked from the dirt of the wastelands. Now what once made her marginalized has finally become an unexpected source of power. She has a

She works—and shamelessly flirts—with her enticing yet aloof handler, Dell, as the two women collect off-world data for the Eldridge Institute. She even occasionally leaves the city to visit her family in the wastes, though she struggles to feel at home in either place. So long as she can keep her head down and avoid trouble, Cara is on a sure path to citizenship and security. But trouble finds Cara when one of her eight remaining doppelgängers dies under mysterious circumstances, plunging her into a new world with an old secret. What she discovers will connect her past and her future in ways she could have never imagined—and reveal her own role in a plot that endangers not just her world but the entire multiverse. A paradigm-shifting book in the vein of *Sapiens* that brings a crucial Indigenous perspective to historical and cultural issues of history, education, money, power, and sustainability—and offers a new template for living. As an indigenous person, Tyson Yunkaporta looks at global systems from a unique perspective, one tied to the natural and spiritual world. In considering how contemporary life diverges from the pattern of creation, he raises important questions. How does this affect us? How can we do things differently? In this thoughtful, culturally rich, mind-expanding book, he provides answers. Yunkaporta's writing process

begins with images. Honoring indigenous traditions, he makes carvings of what he wants to say, channeling his thoughts through symbols and diagrams rather than words. He yarns with people, looking for ways to connect images and stories with place and relationship to create a coherent world view, and he uses sand talk, the Aboriginal custom of drawing images on the ground to convey knowledge. In Sand Talk, he provides a new model for our everyday lives. Rich in ideas and inspiration, it explains how lines and symbols and shapes can help us make sense of the world. It's about how we learn and how we remember. It's about talking to everyone and listening carefully. It's about finding different ways to look at things. Most of all it's about a very special

way of thinking, of learning to see from a native perspective, one that is spiritually and physically tied to the earth around us, and how it can save our world. Sand Talk include 22 black-and-white illustrations that add depth to the text.

Strange Histories presents a serious account of some of the most extraordinary occurrences of European and North American history and explains how they made sense to people living at the time. Using case studies from the Middle Ages and the early modern period, this book provides fascinating insights into the world-view of a vanished age and shows how such occurrences fitted in quite naturally with the "common sense" of the

time. Explanations of these phenomena, riveting and ultimately rational, encourage further reflection on what shapes our beliefs today. What made reasonable, educated men and women behave in ways that seem utterly nonsensical to us today? This question and many more are answered in this fascinating book.
