A child's dream takes us on a journey through space. The child looks for a place to land while exploring each planet, but some are too hot, some are too cold, and some are just made of liquid and gas. Only planet Earth is just right. Fun rhyming text introduces children to each planet and basic facts about it. The text is accompanied by stunning images of a rocket traveling through the solar system, interspersed by close up images of each planet in order. Discover Jesus is a 12 week Bible study course for non-Christians and new believers. This is the workbook for the course. The material starts out by focusing people on asking why God created us. Everyone is looking for a sense of meaning or purpose in life, but because we are created, we cannot define that purpose for ourselves. We can only discover our purpose from God Himself. And He only shows us His design through Jesus. In the course we look at the different ways that Jesus

reveals the Father and who He created us to be. We discover that we were created through Jesus and for Him. We look at how Jesus died and rose again to free us from our selfishness and sin and to restore us into His image. We look at the awesome wonder of living in the image of God, but also at the cost of following Jesus. If we are to be His disciples we must take up our cross and let Him redefine our lives so that we can live in unity and love with Jesus. Our goal is not just to help people to understand the gospel, but to entice people to enter into a romance with Jesus. We are preparing people to love Jesus with all their hearts. Those who make a decision to follow Jesus at the end of the course will be people who are willing to live fully for Jesus; people who are want to give their lives to loving God and others. The Bible study series spans 12 weeks, depending on the group dynamics. At the end of the course, if people want to continue meeting together to study the word of God then we have more studies and resources available. These can be found online at www.discoverjesus.today

Swamped with applications, admissions officers spend 10-20 minutes on each, looking for reasons to say no. It's crucial that students make it easy for colleges to say yes. In his new book, Brand U, renowned college admissions adviser David Montesano shows you exactly how to position yourself as the kind of applicant colleges are eager to admit. David's proven, easy-to-follow Montesano Method takes the fear and uncertainty out of the admissions process, maximizes your chances of success, and is a guide that addresses the goals and concerns of both students and parents, because going through college applications is a family experience. FIRE: With your spark, now we build your fire, finding and developing your abilities and experiences that make you exceptional. This process isn't just about college, but life. VISION: What kind of undergraduate experience is right for you? We avoid superficial criteria like magazine rankings and instead guide you to the best undergrad fit for you. The college game is too rough to go it alone. With Brand U, you'll have everything you need to find-and get into-the college of your dreams. Brand U Reviews "David Montesano has written a masterful book on how high school students can brand themselves in a way that will lead to winning more college acceptances. With top schools becoming more exclusive, getting the inside scoop on what excites college admission officers is invaluable. I highly recommend that parents and teenagers read this book." Lynn O'Shaughnessy, Education and Finance Writer, CBS Moneywatch "Montesano expertly translates tried and tested strategies and marketing techniques into a "how to" get-into-the-college-of- your-choice guide. His techniques work. I know, because my son got into 14 of the 15 schools he applied to, including his "reach" schools. Do not apply without reading this first!" John McLaughlin, Former CEO and Group President, Monster.com About the Author: David Montesano is founder of College Match (collegematchus.com) - a leading global educational consultancy; more than 96% of Montesano

Method students have gained admission to their "reach" colleges and graduate schools, winning merit scholarships averaging \$57,000 - the largest amount for students whose awards are being measured. Brand U is David's second book; his first was 10 Strategic College Admission Steps (College Bound News). Title: "Leila's And Kim's Pre-college Vocabulary in Context and Graded Grammar Exercises" This Workbook {is a valuable tool put forward for the benefit of aspiring Leila and ambitious Kim and their high school and pre-college peers who would use it to enrich their repertoire of vocabulary and review their English Grammar to help them cope with their post high school and college requirements and to satisfy their search and eagerness to using the language smoothly and with confidence. In fact, in order to respond to Leila's strong desire to learn and Kim's tremendous love of developing language proficiency, this Workbook contains a large number of Vocabulary Exercises totaling more than 200 which are intended to help enrich users by more than 3000 words of common use, most of which are part of the International Word List and early college textbook items, in addition to the many other items used in the multiple-choice-question distractors. Similarly, there are more than 200 Grammar Exercises of 20 items each. Both the Vocabulary and the Grammar Exercises are supplied with answers at the end of each exercise to facilitate reference instead of having tables appended at the end of the book, which are not usually referred to by many users. A user of the Workbook, however, should only look at the answers once he or she has finished the exercise to compare the answers. The context sentences used in the Workbook are simple and are meant to please Kim and thrill Leila rather than frustrate their efforts or waste their valuable time. The review exercises have not been haphazardly written, but are the result of many years of working with the likes of Leila and Kim here and abroad as well as personal involvement in program development, text and test writing, research and note-taking in order to decide the context in which an item should fit. Finally, whether the user of this Workbook is a high

school student, a pre-college or university student, or a job seeker, it is certainly an excellent tool in hand and A Road to College and Career Success' only if the exercises are given the time and the effort required!

The verbal section of the GRE is essentially a vocabulary test. With a few exceptions, if you know the word, you will probably be able to answer the question correctly. Thus, it is crucial that you improve your vocabulary. Even if you have a strong vocabulary, you will still encounter unfamiliar words on the GRE. Many students write off questions, which contain words, they don't recognize. This is a mistake. This book introduces numerous techniques that decode unfamiliar words and prod your memory of words you only half-remember. With these techniques, you will often be able to squeeze out enough meaning from an unfamiliar word to answer a question correctly. Nevertheless, don't rely on just these techniques--you must study word lists. Obviously, you cannot attempt to memorize the dictionary, and you don't need to. The GRE tests a surprisingly limited number of words, and this book has 4000 prime candidates. Granted, memorizing a list of words is rather dry, but it is probably the most effective way of improving your performance on the verbal section. All the words you need for success on the GRE! Features: * 4000 Words Defined * Word Analysis section * 200 Prefixes, Roots, and Suffixes * Concise, practical definitions
