The book "COMMERCE SET-NET-JRF-A COMPREHENSIVE LOOK" is a comprehensive book for aspirants in the domain of Commerce and Management. All the subjects are very well incorporated in this book. NTA has revised the new pattern of examination and we have designed the book to meet those specific requirements. Practically speaking since last eight years I have given SET-NET Exams, I have faced a big challenge of books for exams. There are very few books in the domain of Commerce and Management. These

books are like guide format which consists question and answers without proper justification of answers. Exams are tough nowadays and relying on limited source of information is waste of time. By realizing this need we have designed this book "COMMERCE SET-NET-JRF-A COMPREHENSIVE LOOK" This book has taken into consideration every single aspect which aspirant think he should have in his hand while preparing for the exam. My expertise in this domain is since last eight years and I have qualified exams for record 17 times in the domain of Commerce and Management. We have carefully gone through all the state level exam papers, their level of difficulty and provided valuable justification at the end of the each question. Subject like Economics

can be very well understood through diagrams. We have incorporated diagrams in the book wherever necessary. Most of the information provided in this book is taken from authentic and original source with due acknowledgement to them. All the subjects are very well incorporated in this book and it will be a must-read book for all the aspirants.
