From gods to monsters, and everything in between, you'll walk away from this book with heftier knowledge on not only these characters

and the significance they once held for the ancient people of Greece, but also how these myths and legends influenced modern culture to this day as well. Here is a Brief Preview of What You'll Learn... The Greek Pantheon The Protogenoi Nature Daimones and the Nymphai The Olympians Monsters and Heroes And Much, Much More!

Maps and Monsters, Heroes and Gods from Twelve Mythological Worlds Scholastic Inc. Incredible gods possessing fantastic powers measurable only by the horrific monsters they battle, heroes and heroines

faced with all manner of adversity and adventure, love stories that change the course of history and tragedies befitting the apocalypse - this is the stuff of ancient mythology and legends. Today, stories of gods residing in the sky and controlling the heavens and the earth are debunked by science and modern religion, but thousands of years ago they offered an understanding in a world filled with mystery. If you were a Greek planning to take a long journey across the seas, it was a good idea to make a sacrifice to Poseidon, the god of the waters, to ask for safe passage. If you were a Norseman heading out to war, it was a good idea to pray to Tyr, the god of war, and so on and so forth. The protocol was simple and, although there was no guarantee that your prayers would be heard, it was probably better than leaving it to chance. The gods also offered a code of conduct for mankind in societies that lacked law and order, for to be godly was to be great. It was important, however, to choose your role model wisely as some were more suitable than others. Take, for example, the Greek god Zeus who, in spite of his great powers and status, was selfish, jealous and

perpetually unfaithful to his five wives. Consider his Norse counterpart, Thor, who was both fair and relatively faithful to his wife but tended to solve the vast majority of his issues with exceptional violence and an unbreakable hammer called Mjolnir. These were the best of the best yet by today's moral standards they would fall far short of the mark. But perhaps in their imperfections lies the very element that makes ancient mythology and legend appealing today and into the foreseeable future. To enter a world of giants, murderous half-men and half-beasts, dragons and serpents capable of circling the earth, one must suspend belief and embrace a world created by the imagination of the society of its time. While the adventures are framed in a mythical environment, their message speaks to the very core of human nature. Mankind's challenge to master its greed, lust and hatred and become more loving, honourable and just are persistent throughout the narrative no matter how unlikely the scenario. Contrasting modern religions, the role of the good was not always to offer a path towards salvation or a punishment of the bad, it was simply to

tell the story and let the audience make their own judgment. The gods, heroes, villains and monsters of ancient mythology and legend represented the very best and worst of their times. There is much we can learn from them and their impact on our understanding of history is significant. Above all, they make for some of the greatest stories known to man." *Gods and Heroes* Arcturus Publishing  
A beautifully illustrated and compelling collection of more than 30 ancient Norse myths for children. Exciting stories, extraordinary creatures, and compelling gods, goddesses, and heroes come together in this compendium of Norse myths--first told long ago by the Vikings. Perfect for children ages 7 to 9, this collection contains more than 30 enthralling new retellings. Read about Thor, the god of thunder and how he once disguised himself as a bride to seek revenge on a giant and retrieve his powerful hammer, Mjolnir; and how Sif, the goddess of fertility, had her long golden hair cut off by Loki, the trickster god. Each myth is told with thrilling immediacy, in language that is easy for children to understand, while retaining the awe,

majesty, and intrigue of the original tales. Stunning illustrations by multi-award-winning artist Katie Ponder breathe new life into each story. Additional feature pages delve deeper into the mythical world, providing profiles of the featured gods and goddesses and giving the context behind the myths. The reference section provides key background information, such as Norse cosmology and facts about the incredible Norse characters, and comes complete with a pronunciation e-guide. Norse Myths is the perfect gift, featuring foil on the cover and beautiful illustrations throughout. Children will love exploring the tales by themselves or as bedtime stories. This stunning ebook will be treasured forever.

He was an artist. She was his muse. To

everyone in town, Abel Adams was the devil's spawn, a boy who never should have been born. A monster. To twelve-year-old Evie Hart, he was just a boy with golden hair, soft t-shirts and a camera. A boy who loved taking her picture and sneaking her chocolates before dinner. A boy who made her feel special. Despite her family's warnings, she loved him in secret for six years. They met in empty classrooms and kissed in darkened church closets. Until they couldn't. Until the time came to choose between love and family, and Evie chose Abel. Because their love was worth the risk. Their love was the stuff of legend. But the thing about legends is that they are cautionary tales. They are made of choices and mistakes. And for Abel and Evie, the artist and the muse, those mistakes come in the form of lights, camera, sex. Forbidden Romance, Friends to lovers Romance, Angsty Romance, Coming of Age Romance, Bad Boy Romance, Good Girl Bad Boy Romance.

Children will love exploring the tales by themselves or as bedtime stories. It will be treasured forever.

*Heroes, Gods and Monsters of the Greek Myths* Purple Prose Press LLC

This first volume of Bernard Evslin's award-winning series introduces the monsters, demons, gods, and heroes of Greek mythology. Athena, wise and powerful daughter of Zeus, is the most feared of all the goddesses. Poseidon, the

"earth shaker," rules the sea with his thunderous wrath. Each wants to control Olympus absolutely. Obsessed with destroying Poseidon, Athena summons her crows by day and owls by night to spy on his vast water realm. The long-simmering feud spawns a multitude of monsters, the most terrifying of which is the brass-headed colossus Amycus. This classic work features a sprawling cast of gods and mortals waging battle on land and by sea, from Zeus to the Titan god Prometheus, from Hades, who guards the gates of hell, to Circe, immortal weaver of spells, to the great war chief Ulysses, who sails in search of his long-lost home. *Monsters of Greek Mythology* brings to life fearsome creatures like giant, flame-spitting wingless dragons, a spider named Arachne, goats and swordfish endowed with magical properties, and the Cyclopes—one-eyed male and female goliaths even more powerful than the Titans.

***Heroes, Gods and Monsters of Greek Myths*** Core Library

"Unusually accessible and useful . . . An eye-opener to readers into the universality and importance of myth in human history

and culture."—William E. Paden, Chair, Department of Religion, University of Vermont For as long as human beings have had language, they have had myths. Mythology is our earliest form of literary expression and the foundation of all history and morality. Now, in *Parallel Myths*, classical scholar J. F. Bierlein gathers the key myths from all of the world's major traditions and reveals their common themes, images, and meanings. *Parallel Myths* introduces us to the star players in the world's great myths—not only the twelve Olympians of Greek mythology, but the stern Norse Pantheon, the mysterious gods of India, the Egyptian Ennead, and the powerful deities of Native Americans, the Chinese, and the various cultures of Africa and Oceania. Juxtaposing the most potent stories and symbols from each tradition, Bierlein explores the parallels in such key topics as creation myths, flood myths, tales of love, morality myths, underworld myths, and visions of the Apocalypse. Drawing on the work of Joseph Campbell, Mircea Eliade, Carl Jung, Karl Jaspers, Claude Lévi-Strauss, and others, Bierlein also contemplates what myths mean, how to identify and interpret

the parallels in myths, and how mythology has influenced twentieth-century

psychology, philosophy, anthropology, and literary studies. "A first-class introduction to mythology . . . Written with great clarity

and sensitivity."—John G. Selby, Associate Professor, Roanoke College
