Not Using Poker Math is Not Just a Leak. I can honestly say that I have managed to play poker, and remain in profit, for the past five years even though I have never calculated a sum in my head and then used it as part of my decision-making process.. It's not just a leak. It's the type of problem that allows sharks to swim through the gaps and tear my head off.

### **Texas Holdem Poker Math - Arithmetic, Odds, and Strategy**

lot of poker questions, and most are pretty easy to answer. But I've never had a good response when someone asks me to recommend a book for understanding game theory as it relates to poker. I usually end up explaining that there are

good poker books and good game theory books, but no book addresses the relationship between the two.
